CHANGED HANDS
Peterboro Pump and Windmill Factory,
Formerly Carried on by Geo. McWilliams)
DICKSON'S RACE.

I take great pleasure in announcing to the people of Peterborough and surrounding country that I have bought out the entire Plant, Patterns, machinery and Agencies of the above well-known Factory on Dickson's Race.

I have also made arrangements to continue the lease and to carry on the manufacture of Iron and Wooden Force and Lift Pumps, Cisterns, Steel Windmills, Tanks, Fanning Mills, Hand Seeders, Churns, Washing Machines and every other line formerly manufactured in the above premises.

I have also removed the temporary Pump Shop which I opened on Charlott street a short time ago—and will now be found at my Factory on Dickson's Race.

With the long, practical experience I have had in this business, and with the splendid facilities which I now have for turning out good work, I am confident that I will be able to guarantee perfect satisfaction to all who may favor me with their orders.

My Millbrook Pump and Windmill business will still be continued in the Old Stand, on Tupper Street, Millbrook.

Canada's Quack Doctor.

Sir,—There was wunst a young lady and her name was Miss Canaday, and she had fer her family doctor an old feller she had knowed for a long time, and she was purty well pleased with him too. But they wus another doctor in the town, a nice, smooth-spoken chap, that could parleyvous and allus keep on good terms with the ladies. And he was fishin' for Miss Canaday's trade.

Every time he met her he'd draw on a long face and tell her how bad she was lookin', and how she was commencin' to lose her hair, and she was gettin' thin, and so on, and he'd allus wind up, "This is all on 'count of that National-Policy medicine you're usin'. It's enough to kill anyone. Your naturally healthy, and if you'd just change off and take some of my free-trade tonic you'd be the most bloomin' gal in these parts. It's great stuff, guaranteed to build up the system, cleanse the teeth, purify the breath, and make the hair curl."

But Miss Canady, she only laffed and shook her curls, and says, "No, thank you, Dr., I'm feelin' pretty well, thank you, and I guess I'll stick to the old chap; he's a pretty good feller, and I can allus depend on him."

But the new Dr. was a perseverin' chap, and kept right on her trail, till finally one day he caught her in a bad humour. She had a slight school complaint, and the old Dr. had given her some medicine for it that was too strong for her stomach.

This time she said, "Blamed if I don't give the old fellow a lesson and the new feller a show." And she fired her old friend and gave the smooth chap the office.

Well the new feller he settled down quite comfortable, drawed on Miss Canady for his salary and the office expenses, and enjoyed himself fustrate. But he never said a word about the new medicine. Well, Miss Canaday waited and waited, and finally one day she dropped in to see him.

"Mornin', Dr.," she said, quite nice; "don't you think it's about time I was tryin' some of your free-trade tonic?"

And the Dr. hummed and hawed a while, and at last blundered out, "Well the fact is, madam, I don't know exactly how to mix it. I'll have to have more time to look into it."

"Don't know how to mix it? After blowin' about it to me for all these years? What do you mean, sir?"

"What do I mean!" exclaimed the Dr. gettin' hot. "I mean I have got to have more time to study your symptoms. You don't mean to think it was your health that was botherin' me all the time I have been fishin' for this job?"—Mail and Empire.
