Golden Wedding.

An event of much interest and unusual occurrence took place in the village of Mt. Pleasant on Monday afternoon last it being the celebration of the golden wedding of Mr. and Mrs. James McLean. That a couple looking so happy and sprightly as they did when the whole family except one daughter, who is in Dakota, were gathered together with many friends to do them honor should have been treating the pathway of married life for fifty years would have been doubted by anyone unacquainted with the facts.

Mr. McLean, who was born in Ireland in the year 1826, came to Canada when very young settling in Peterborough, where he remained until marriage and learned the tailoring trade. He was the son of Jas. McLean of His Majesties, George III Infanterie in the battle of Waterloo, whose ministry has proved a source of inspiration and blessing, not only to this church but to the large congregations that have listened to his clear and convincing presentations of the word of truth. We pray that God will overrule this unwelcome change so that the benefit to himself and his future may more than counterbalance our severe loss. And be it further resolved, that, had Bro. Spence permitted the slightest hope of re-consideration of his decision, we would gladly embrace the opportunity of retaining to his church and community one who has grown in our affection and the public esteem."

Farewell to Rev. J. M. A. Spence.

The Pastor of McDougall Methodist Church, Winnipeg, leaving for Green Bay, Wisconsin, the following resolution was passed at the Quarterly Official Card:

"Whereas our beloved pastor, Rev. J. M. A. Spence, has seen fit to tender his resignation, and intends removing from this city and province, therefore be it resolved that this quarterly official board of McDougall Church, Winnipeg, accept this resignation with reluctance and sorrow, and take this opportunity of expressing the deep regret we feel in parting with a man of such earnest Christian spirit, extraordinary ability, force of character, and faithfulness to duty. We wish to place on record our high appreciation of the services of Rev. J. M. A. Spence.

He was the son of Jas. McLean of His Majesties, George III Infanterie in the battle of Waterloo, whose ministry has proved a source of inspiration and blessing, not only to this church but to the large congregations that have listened to his clear and convincing presentations of the word of truth. We pray that God will overrule this unwelcome change so that the benefit to himself and his future may more than counterbalance our severe loss. And be it further resolved, that, had Bro. Spence permitted the slightest hope of re-consideration of his decision, we would gladly embrace the opportunity of retaining to his church and community one who has grown in our affection and the public esteem."

Mr. Spence will occupy the pulpit of McDougall church next Sunday evening, and intends leaving with his family for Green Bay, Wis., the following Wednesday—Free Press, Winnipeg, Nov. 17.

MARINETT, WIS., NOV. 21.—As a result of a practical joke, William McLean, a cedar worker, shot his wife and fatally wounded himself. Fellow-workmen for a joke made him believe that his wife, from whom he had been separated, was about to wed another man. He secured a revolver, broke into her home and fired two shots at her as she was seated sewing. Only one bullet took effect, inflicting a flesh wound. Thinking he had killed her he turned the revolver on himself, fired and died a few hours afterward.—Toronto world.

DEAR FATHER AND MOTHER—Words fail to express our feelings of joy and our gratitude to a kind and loving Providence, who has so mercifully spared you (dear parents) and us to meet again in our dear old home, on this joyful occasion of the fiftieth anniversary of your wedding. We know that half a century of married life is a boon not granted to all who enter the realm of matrimony and we feel that you appear with us the high honor which has been conferred on you, and which we have met to celebrate. We very cordially extend to you our warmest congratulations and we hope that this day may be treasured in your memory as one of the brightest of your lives. We are overwhelmed with a sense of our great indebtedness to you when we recall our oft-repeated christia counsel and example, your untiring devotion, your ready sympathy, your zealous training and your ceaseless love to us, nor have your noble qualities been confined to your immediate family only, your broad charity has, freely and willingly, extended to the needful. Who can tell how far-reaching and long-lasting your commendatory efforts have been or shall be, God alone knows and He will reward you. We can not—must not—allow this occasion to pass without recognizing some more tangible form than words, our great esteem and sincere love to you, therefore we ask your acceptance of this pair of easy chairs, which we hope you will long be spared to enjoy. May the God of all grace continue his mercies to you, is our earnest wish and when our meetings on earth are over, may we all meet in Heaven.

Signed on behalf of your children,
John Pest.
After reading the address Rev. J. U. Ammer on behalf of the grandchildren presented them each with a pair of gold rimmed spectacles with the names of Mr. and Mrs. McLean engraved on the handsome cases. Mr. McLean although too much overjoyed to collect his thoughts, replied very feelingly thanking children for their loving kindness. He was thankful to his God for children, who were worthy and respectable members of the community and he recognized his many failings parent, he had tried to set before a good example. But the credit would chiefly go to Mrs. McLean, who did most towards the education of one of the best boys in the country.

What happened those three following weeks that they turned around on the road so often while going home from our village. Could it be possible that they too saw the ghost referred to in Bethel's correspondence of last week. If so we would advise all young fellows hereafter when they go out driving in the evening to bring with them some general spiritual piece of femininity to drive away those morbid feelings which invite the presence of spooks.

We are pleased to note that Mr. T. H. McPhee, who has been ill for the past week, is recovering.

The Monday evening's entertainment was "A Lecture to Church Pews," and with a great deal of refinement. Did the sinners get their dues? And then there was the musical.

To make their hearts feel glad, and then there was the collection.

To make the mean ones sad.

The first thing was the devotional. And the filling of the chair, and the next was the emotional. By listening to the choir.

And so the meeting started. And it went at such a rate.

That the people never parted.

Till it was getting very late.

The next thing was a reading.

While Miss Spence played on the organ.

And she helped to sing it fine.

The next it was the lecture.

By Mr. Roberts it was given; and who don't digest the mixture.

Then will never go heaven,

For the speaker was a good one,

With his smiling face you know,

That it was received just like a bonbon.

From the very first word, go.
