"Why, of Blotches and all eruptions of the skin. course, my dear."

CURE FOR SEA-SICKNESS.

Herr O. Schlick, a well-known German naval engineer, has invented an apparatus for preventing sea-sickness by diminishing the amplitude and increasing the period of the "rolls" or oscillations of the vessel. It is done by means of a horizontal fly-wheel in Young Mistress (severely, to new the middle of the hull, kept revolving diameter is expected to serve for a ship of 6,000 tons.
