ANOTHER CRASH IN PRICES.

As our Great Realization Sale advances, in order that every department may take a share in making this the Greatest Sale of the kind ever held by us, we have decided to make another Deep Cut in prices: The first we draw your attention to is the

Dress Making Department

For the next Thirty Days we have decided to make up dresses at Greatly reduced prices, so that every one who is tempted to purchase the cheap Dress Goods offered at our sale may have them made up in First-Class Style for the price paid for cheap work. Remember this is only for 30 days, so act promptly and leave orders. All work Guaranteed First-Class.

Dress Goods

20 pieces more of our choicest goods put out on the Bargain Table with a Deep Cut in the prices. We prefer to give our customers bargain lots out of our stock rather than buy any lines of last winters' goods we might get even at reduced prices.

25 pieces of Ruching Velvet Trimming, this season's importations, at Bargain prices; still a few pieces left of the \$1.00, \$1.25, Tweed Dress Goods at 75c.

NOTE—Buy nothing in Dress Goods until you have first seen our goods and heard our prices. No trouble to show them, even if you do not buy.

Jackets and Mantles

We have never had such success in this Department. Our stock is fast diminishing. In fact it has got so low that we have decided to clear the balance of the stock of Jackets, Capes and Mantles at clearing out prices.

Do not delay if you want these bargains. The original prices were hard time quotations, as a result we sold already this season 700 ready-made Jackets. If you don't believe this we can show you the plain figures for it.

Carpets and House Furnishings

Mosquito Carpets are going. We have repeated our order for 20 pieces more.

Although some interested party would like to make you believe that these goods won't wear, we are not afraid to give you our word for it that they wear just as well as when we sold them at \$1.75 per yard and more, that the mill is now turning out 400 pieces every day. If you want cheap Carpets call on us whether it is Hemp, Tapestry, Brussels or Moquettes, and we will give you rock bottom prices for the most reliable goods.

Blankets and Comforters are having their turn; while they last the prices will be the same as last week.

Tailoring Department

The Cutter Does It. We mean he makes the clothes fit. Nine tenths of the looks of a suit of clothes is in cutting.

We have a good one. One who knows how to cut. He makes the clothes fit, and we cut the prices. Order your Overcoat or Suit now while we are in such good humor over the success of our Great Realization Sale.

to-do class of farming here is... local newspaper in the Province... give better results to its advertisers. We have already made a great many contracts for our advertising columns and our space is very limited, we therefore purpose enlarging the MIRROR to an eight-page, six-column newspaper as soon as circumstances will permit of the same, thus giving more space to the already great demand on our columns. With this change in view, we do not hesitate in saying that we will turn out one of the best and most attractive sheets in the Dominion.

We have fitted up our job rooms with the latest styles of job type and as all of the material in our office is new, we feel confident in pleasing the public with whatever work they give us the pleasure of doing. We also purpose to add to our job rooms several new series, of script, and other fonts of type which our job work demands.

We are sorry on account of the little delay which our paper has met with this week, but owing to the rush of job work and when it is known that we only made our purchase a week ago, and moved the plant in our new and commodious quarters, we feel that you will bear with us in the delay and without further commentation, we will now get to work and carry out the statements we have made in this address to the public.

THE P. P. A.

This week, we received a sample copy of the British Canadian, edited by Margaret L. Shepherd, of Toronto. It is published in the interests of the Protestant Protective Association, which has received such great prominence of late amongst a large number of the city papers. Organizations are being completed all over the province, and different counties are selecting candidates to contest the different ridings for the next Provincial election, and are already meeting with great success. In the bye-election at East Lambton last Saturday the P. P. A. nominee, Mr. P. D. McCallum, was elected by over 500 majority, and in several other counties they are confident of success where elections are to be held. The P. P. A. oath is as follows:

"I do most solemnly promise and swear that I will not allow anyone a member of the Roman (atholic church to become a member of this order, I knowing him to be such; that I will, use my influence to promote the interests of all Protestants every where in the world; that I will not employ a Roman Catholic in any capacity if I can procure the services of a Protestant; that I will not aid in building or maintaining by my resources any Roman Catholic Church or institution of their sect or creed whatsoever, but will do all in my power to retard and break down the power of the Pope; that I will not enter into any controversy with a Roman Catholic upon the subject of this order nor will I enter into any agreement with a Roman Catholic to strike or create a disturbance whereby the Roman Catholic employees may undermine and replace Protestants; that in all grievances I will seek only Protestants and counsel with them, to the exclusion of all Roman Catholics, and will not make known to them anything of any nature matured at such conferences; that I will not countenance the nomination in any caucus or convention of a Roman Catholic for any office, in the gift of the Canadian people, and that I will not vote for nor... vote for any Roman Catholic."

LANE & RICHARDS,
PUBLISHERS.

THE OMEMEE MIRROR.

OMEMEE, FRIDAY, DECEMBER 8, 1893.

SALUTATORY.

We are greatly pleased to place before the public the first issue of THE OMEMEE MIRROR, a local paper published in the interests of the Village of Omeme and surrounding district.

It was our intention a few weeks since, to start a job printing office in one of our most flourishing towns, but being solicited by a large number of the citizens of Omeme to publish a newspaper in their town, and being somewhat encouraged by the business element, we purchased the plant owned by Mr. J. R. Hand, formerly the publisher of the Omeme Recorder, the demise of which paper took place on August 3rd, of this year.

It will be remembered by the older inhabitants of our town, that the first paper published in this locality some 37 years ago, was the Omeme Warder, Messrs. Cooper and Twiel, Proprietors. A few months after, however, the latter gentleman severed his connection with that journal, and Mr. Cooper continued its publication until its removal to Lindsay some years later, and which is now being printed by Major Sam Hughes, M. P., of that place. After the Warder was removed to Lindsay, Mr. J. H. Delamere, now editor of the Minden Echo, started a paper called the Omeme Advocate, but discontinued its publication a few months after. Mr. E. D. Passmore secured the plant of the Advocate, and started the Herald, which he edited for a number of years, when John A. Calder succeeded him, who published it up to August, 1891, when the office was destroyed by fire. Six months after the conflagration, Mr. John R. Hand was the next adventurer, who went to Toronto and ordered a new outfit from one of the large firms in that city and the first issue of the Recorder appeared on February 11th, 1892. Mr. Hand continued its publication up to August 3rd, 1893, at which time he announced its suspension in the following dictory:

This week the Recorder is placed in the hands of its readers for the last time, the number having come to the conclusion there is little or nothing to be gained in its continuance by the publication of a paper. During its stay in this town, it has been a pleasure to many of its readers to see it, and we are glad to see it go.
