Seen On King St. During Week

We were asked what became of our "Seen on King Street, was it too cold to go out and see". This party should be a mind reader in a circus side show, she hit the old spike square on the head, we didn't stay out any longer than it takes a fly to smell a sugar barrel, hence saw nothing to report.

Mrs. Russell Northey with a small dish in her hand last Thursday afternoon. We thought at first she was taking up a collection for the poor, but when we received nothing from her later on we knew this wasn't the case.

A moving van back up to The Toronto-Dominion Bank door on Wednesday. We wondered if they were going to transfer our money to a safer place, or if they were bringing Ron Palmer's in, but instead of either they only unloaded a new desk.

A United Counties of N. and D. sand truck with gear attached to hub of back wheel to give power to the sand spreader at the back. How about this you Union Leaders? Why not force them to do away with this contraption and put a crank on each side, this would give two men employment running alongside the truck turning the cranks. It would also be good training for Marathon prospects. This is just a suggestion!

Snow shovels in the hands of capable business men. Some tried hard to "kid" others to keep on shovelling to the corner of Tupper and King, but no one was in the mood for kidding so the ruse failed to work and each had to shovel their own, including yours truly.

Miss Smillie teaching her young brother or sister, (hard to tell which, they all dress alike these days) to skate on the sidewalk. That's a good place to learn, we learned the art there and never won any prizes for our performance in later years.

Cars on Saturday and Sunday morning about as helpless as a pig on ice, due to the ice. The small grade west of the post office looked like Mt. McKinley to most cars the way they struggled to get to the top, but even at that most of them made it.

Santa Claus and a Christmas tree still loitering in the windows of one of our business places. They say if you keep a thing long enough it will come in useful. Well we know this would for sure in 10 months time.

GEORGE HARKNESS LOSES TIPS OF FINGERS

While operating a snow-blower on Wednesday morning of last week at his home here, George Harkness, son of Mrs. Thos. Harkness, Union St., had the misfortune to get his right hand fingers caught in the machinery with the result three of the members were so badly mangled that the tips had to be removed. He was taken to Peterborough Civic Hospital where the operation took place.

We hope George will not be too badly handicapped by the loss of the tips of his fingers.

SOCIAL - PERSONAL

Mr. and Mrs. Merv. Trick of Toronto, were weekend visitors with the former's parents Mr. and Mrs. Herbert Trick.

Mr. and Mrs. Kenneth Footitt accompanied by Miss Alice Hawkins motored to Elliott Lake over the weekend. While there Mr. Footitt visited the mines, which proved very interesting.

Obituary

George Seney

George Seney a well known local resident, who had been confined to Civic Hospital for the past two years, passed away on Sunday, January 25th. His funeral took place from the J. W. Haw Funeral Home, Millbrook, on Tuesday afternoon at 2 o'clock with the Rev. J. Edgar M. Palfrey of the Parish of Cavan officiating.

Interment was in the fourth line cemetery, Cavan. The pallbearers were Geo. F. Harrington, Harry Elgar, Albert Jones, T. W. Belch, Geo. Ellsworth and Fred Challice.

IN MEMORIAM

In loving memory of our Mother and Father Mr. and Mrs. William Bristow who passed away February 18, 1940, and January 30th, 1956.

Days of sorrow still come o'er us.

Tears of sorrow often flow, Memory keeps our loved ones near us.

Whom God claimer three years ago.

Sad and sudden was the call, Of ones so dearly loved by all. The blow was hard the shock severe,

We little thought their death so near.

We think of them in silence, Their names we oft recall, But there's nothing left to answer,

But their photo on the wall. —Lovingly remembered by the family.

AT TUPPER STREET RAILWAY CROSSING

A 1953 motor car driven by Mr. C. Donkers who was accompanied by his brother-in-law A. Brockstra a boy of 17 years, both of Millbrook, was wrecked at the Tupper Street crossing on Saturday afternoon. No one was seriously hurt although Brockstra received a cut head which was treated by Dr. Hobbs, but the car was badly smashed up. The two men were returning home from Peterborough when the mishap occurred.

The slippery condition of the road caused the car, when the brakes were applied, to slide into the freight train on its way back to Peterborough after bringing in a car-load of coal.

This crossing is of a treacherous nature as it is hard to see down the track toward the Millbrook station, and the fact that trains seldom use it.

LOCAL ASSOCIATION MET

The meeting of the Local Association for Millbrook was held at the home of Mrs. Kenneth Footitt on January 20th, with Mrs. Neave the president in charge. There was a report given for the bake sale which was very satisfactory. There was also a committee formed for the Tea and Bake Sale planned for March 21st.

A report from the Treasurer was given by Mrs. Florence White.

There is to be a Commissioners meeting at Port Hope concerning camping, on February 3rd.

The next meeting will be held at the home of Mrs. Neave on Thursday, February 19th. The meeting closed with the hostess serving lunch.

THE WEATHER

Millbrook got its share of the cold dip on Monday. According to local reports we had it all the way from '18 to '32 below the cipher.

Wednesday was a bright clear, sunshine day, but cold, in fact an ideal winters day.

The Prairie Crocus is the emblem of Manitoba.
