

A Racking Cough

Cured by Ayer's Cherry Pectoral. Mrs. P. D. HALL, 217 Genesee St., Lockport, N. Y., says:

"Over thirty years ago, I remember hearing my father describe the wonderful curative effects of Ayer's Cherry Pectoral. During a recent attack of La Grippe, which assumed the form of a catarrh, soreness of the lungs, accompanied by an aggravating cough, I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was

Nearly in Despair,

and had about decided to sit up all night in my easy chair, and procure what sleep I could in that way. It then occurred to me that I had a bottle of Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a teaspoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."

—The Rev. Mr. McCann of Omeemee preached in St Thomas' church on Sunday evening. He is an exceedingly earnest, effective and pleasing speaker.

The Rev. Dr. Douglas of Montreal, the great Methodist Divine, is dead. He had perhaps no equal in Canada for profundity of thoughts, splendor of diction, and matchless power of eloquence.

His Honor Junior Judge Ketchum held decision court here on Thursday last and straightened out knots in the district chain of legal dispute. We had often heard that a lawyer's scroll was difficult to decipher but for a witness to state that he couldn't make out a banker's was tough.

—Let no scruples as to season or propriety keep you from helping on the object the minstrels have in view, in their concert on Friday night. Purchase a ticket even should you be unable to attend, so that we may have a piano at all times in the hall ready for use and not be at the expense and inconvenience of hawking an instrument up-stairs a dozen or two times a year. The entertainment will be good.

Captain Sweedy U. S. A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50 cents. Sold by A. LEACH.

—Mr. Harry Campbell's blacksmith shop was destroyed by fire at an early hour yesterday morning, from, it is supposed, a coal from the stove or a lurking piece of hot iron. No. 2. hand engine was on deck and prevented the fire from spreading, but what the citizens would like to know is, why No. 1 Co's did not turn out? Why the fire bell was not in such shape that the accident of the bell overturning and thus becoming unmanageable afterwards, were impossible? Why the nightwatchman was not on hand before the fire was so far gone that the contents of the building could not be removed.

—The large bills and programmes are out for the minstrel entertainment and although they may give you some idea of the good treat in store, they are only as the china on the table, the excellent dish of digestible food will really be enjoyed by those who come to the town hall on Friday evening. We have heard the rehearsal and can assure even the most fastidious that they will be pleased with every part. The purpose to which the proceeds are to be devoted viz, the purchase of a piano for the town hall, is something every church and society is interested in and their aid should be forthcoming, as it is the intention of the committee to grant free use of the piano for all local entertainments.

—We suggest to the Patrons this new plank for their platform. The Cobourg Post says, speaking of the Counties Council, the representation is altogether too large, and the expense a good deal more than it should be. One representative from each township is sufficient for all purposes. To equalize the voting, give the representatives from large townships two or three votes, according to population. By such a course a sufficient large council would be sent to the county seat to transact the business of the municipalities. If such a course was adopted, an immense saving would be accomplished. At present the county councillors are paid \$3 a day. Salary commences Monday and runs through the entire week, with mileage extra. When carefully considered, it is no wonder that the Reeves and deputy Reeves seek re-election year after year.—Bowmanville Statesman.
