We would be forever grateful to our town council if they would have our sidewalks cleared of snow. TONB.
Malaria is one of the most insidious of health destroyers. Hood's Sarsaparilla counteracts its deadly poison and builds up the system.

DEVELL.—In Millbrook, on Sunday, March 11th, 1893, Isabella, Wife of Robert Develt, aged 43 years.

"March to search" is the old adage. It searches out any weakness of the system, resulting from impure blood. Those who use Ayer's Sarsaparilla find March no more searching or even disagreeable than any other month. This medicine is a wonderful invigorator.
