—Mr. Ira Nattress returned from Port Perry last week with a very pretty up in his wagon. They make a noble little team and no doubt Ira will make some one's heart glad by becoming the happy purchaser.

—Councillor Clark and John Jr. are in the country these days building a house for Jno. McKnight and we know our senior city father will put up a good job. No need to keep an eye on him friend McKnight for he'll do faithful work.

—The members of Millbrook Lodge No. 308, L.O.F.E. expect to commemorate the seventy-sixth anniversary of the order, and the first anniversary of their own lodge by attending Divine service at the Methodist church on Sunday evening, April 28th, when the Rev. Bro. Rae of Peterborough, will preach the thanksgiving sermon.

—The Dominion House of Commons opens to-day and the session being now late it will not be devoted to much new legislation, the Manitoba School question, the Newfoundland question and the passing of the accounts, being perhaps the chief business, then a clearing of the decks for the general election.

—Mr. D. Chambers went up to Toronto, last week to meet his son, Tom, who has been at the Grand with the Francis Wilson Co. of New York. This, if not the best, at least one of the best companies on the continent and that Tom has a position with them speaks well for his singing abilities. Mr. Chambers returned on Monday.

—We beg to congratulate Mr. B. Van Hornigh on his complete recovery from his illness, as his absence under cover for a fortnight was not only noticeable but regretted by many in town. We kept all the rare and choice stamps laid aside ready for your call Van, showing that though absent you were not forgotten.

—A special song service was given in the Methodist church Sunday evening consisting of a number of short ad dresses by the pastor, which were illustrated by solos and anthems. The pulpit was beautifully decorated with Easter lilies and evergreens, and the harmony with the occasion. A large number were present. Collections of the day in aid of the choir.

—The local house concluded the active business of the session on Thursday last, although the formal ceremony of closing was not reached until Tuesday. Mr. W. A. Fallis, our active rep. came home for Easter but went back for the final scene again this week.

—We are indeed pleased to see W. A. Fallis making such an interest in the doings of the house and being to congratulate him upon his ready and rapid adaptation to the ways of the popular member.

—The concert given by the Cosgrove Company under the patronage of the Citizen's band on Wednesday last was very poorly attended, but those who turned out were well pleased with the evenings entertainment. Mr. Fay in his humorous and character songs being very amusing and entertaining. It is unfortunate that our people did not make greater effort to countenance the entertainment.

—Mr. Harry Bray at the East end of village has been very ill for some days with an attack of pleurisy and although his condition is somewhat more favorable than last week, there is yet only a very slender thread upon which to hang the hope of his recovery. We join with many of our readers in offering sincere sympathy to the family and express also the anxious desire of all that a complete recovery may be assured.

—Miss Machie Cochrane and Miss Lottie have both been suffering from very severe illness for some days and although Lottie, whose trouble was Quinsy, is very much recovered, we are sorry to report very little improvement in Machie's condition, the disease being Inflammatory Rheumatism. Miss Machie has been attending Port Hope High school and studying very hard so that her constitution was not so proof against the encroachments of that incursion and lingering disease, but we hope she will soon be able to resume her study.

—The glad home coming for the Easter holidays and the glad faces to welcome them was again fully entertained by the absent ones this season. Miss Wood and Miss O'Brien are home from college at Toronto, Miss Eyles and Nugent from Withby Ladies' College, Miss Kate Carveth and Charles Hetherington from Peterborough Collegiate, Mr. Geo. Dean, teacher, from Agincourt, Walter Wood from Bank of Toronto, St. Catharines, Mr. Fenning from Trinity, Toronto, Miss Laura Vance, teacher, Eldon.

—The services in St. Thomas' church on Sunday last were of a character suitable to Easter day and calculated both from their impressiveness and the peculiarly attractive decorations of the church to be remembered with satisfaction by every one who attended. In the morning the Ven. Archdeacon Allen preached a most excellent sermon, which was listened to with the deepest interest. In the evening the Rev. W. C. Allen also gave an appropriate and thoughtful discourse, Mr. Fenning assisting in both services. The most enjoyable part of the service in the evening however, to at least the musically inclined, was the special service of praise, in which the organ solo by Mrs. W. C. Allen were most highly appreciated as well as the rendition by the choir with faultless reality and beauty, extracts from Mozart's Twelfth Mass. The anthems both morning and evening were also new and bringing.

—E. D. C. brings prompt relief to sufferers from indigestion.

—Charles Richardson, son of Mr. James Richardson, made a flying visit to see his parents on Thursday last. Mrs. Stantchore of Newtonville, and Mrs. J. A. Richardson of Toronto, who have also been visiting at Mr. James Richardson's, returned to their respective homes last week.

—Sam. Crocker, wine clerk and omnibus conductor for the Dominion hotel, says that if the City Engineer don't attend to the pitch-holes in the new street there will likely be an action for damages. He says that Charles Richardson can testify to the great danger that exists.

—Mr. Harry Dunsford who for over a year has been associated with the butcher business of H. Nattress has withdrawn from the firm. It has been understood that Harry's intention was to build and carry on a carriage shop in town, a trade in which he is acknowledged to be second to none both as to workmanship and beauty of get up. We wish him every success.

—An Old Gun Recovered. That some people are very dilatory about calling for repairs is amply illustrated by the following—Nearly thirty-five years ago, Mr. Wm. Newby, now of Queen street, kept a repair shop on the Market Square. While one moon, a young man brought a gun barrel to be repaired. It is safe to say the repair was made in a few days, and rays rolled into weeks and weeks into months and months into years, and nobody called for the work. A couple of weeks ago, some thirty-five years after the article was left, an old man walked in his repair shop and asked for his property.—Guelph Mercury.

—The last enemy seems to have taken a special delight lately in drawing his sword upon this sphere of existence. Last week we were called upon to announce the death of Mr. Jno. Hunter of Hope, aged ninety-three years, Mr. Jno. Kinsman of Cavan, aged seventy-nine years and Mr. Edward Kerr of South Monaghan, aged seventy-two. This week we sorrow to be called upon again to record the death of Mr. Abraham Webster, who died on Tuesday, aged seventy-five. Mr. Webster although somewhat feeble was going around as usual until Saturday last, when he was taken ill and in three days all was over. He was one of the old residents of the district and an upright and kind man. To-day the remains will be laid to rest in Gardiner's burying ground.

—An unusual kind of church. The Presbyterians of Windsor are just now considering the rebuilding of their church. It is likely a much larger church than the old one will be erected and the frontier city expects to be able to boast of having the finest church in Western Ontario. The idea is to have a gymnasium, billiard and pool room, drill hall and several other things which are not usually found in connection with a Presbyterian church. The idea is Rev. Mr. Tolmie's. He does not believe in giving all the good things to the devil. He thinks a man can be a Christian, even if he does dance and play billiards occasionally, and that if the church took these matters up, and made them subservient to religion, they could be made a blessing instead of a curse.

THE ORIGIN OF EASTER.

Ostara, the goddess of Easter and of spring, is one of our most attractive personages in German mythology. She is also the mythology of what we are in the habit of calling the Anglo-Saxon race.

This heathen goddess has her name to one of the greatest events of the year. The name is a form of the modern German "Ostern" and of the English "Easter." The church has endeavored to connect the Christian purposes many institutions and customs of a pagan nature which had been brought in by the Romans in the time, but under the skillful treatment of Dr. C. H. Breton he is progressing favorably.

A very pleasant evening was spent at the home of Mr. John Cairnes, where all kinds of amusements were indulged in and the light fantastic toe was tripped till daylight.

Mr. Foster and son went to Millbrook last Sunday, to attend the funeral of the former uncle, Mr. Dean.

A very sad and painful accident happened to Mr. E. West on Monday. While felling trees in the woods one of the trees felled and fell on the tree, axe in hand, to cut some of the branches when the tree fell senseless on to the ground, landing him down on a sharp knot that had cut with the axe, sustaining severe injuries to the chest and spine.

Mr. Marshall has moved into the residence lately occupied by Mr. Deary of the Wood bees are about all over now.

Mr. McMahon of Port Hope, is visiting at Mr. M. Henry's.

Miss Lizzie and Alberta Breck, who have been visiting their sister, Mrs. E. Jones, have returned home.

Mr. Hunter, who has been of those parts has passed away at the age of 95 years.

We would like to see prayer meeting started again and a good attendance.

We wish the choir success with their new master.

We were well pleased with sermon on Sunday. Our pastor is the right man in the right place.

REV. GEO. M. ADAMS, D. D.

Abundant, Mass., writes: "I recommend Rev. G. M. Adams, D. D., in my case. He has proved singularly efficient; when I could find nothing else to give relief it was a prompt remedy. I should be unwilling to see any other church gathering unless Jim was present to sing, his speech at the legal hall required no preparation, in my case he was ready to sing a song, make an address, move an amendment, and a journey and last but not least to move westward while his creditors slept."

A very pleasant time was spent at Robert Beuson's, Bailieboro, the occasion being a presentation to his daughter as organist in that church but for further comment we will leave to the Bailieboro scribbler.

Rumor has it that Mr. Thomas Maguire, one of our enterprising farmers, will be brought out by the reformers of East Durham in opposition to the Major and Mr. Craig. A better choice from a great point of view, could not be made as Thomas is a man of high character and well understood the political state of the country.

Our school is progressing most favorably under the management of Mr. David Sumner, of Centreville. Mr. Sumner is a man of high character and well understood the political state of the country.
