

CANADIAN MANUFACTURERS HAVE NO FRIENDS AT COURT

Toronto—Canadian manufacturers face the undoubted fact that they have no real friends amongst powers that be, either in Ottawa or in Queen's Park, Stuart Armour, economic adviser to the Steel Company of Canada, charged Saturday.

How else can you account for the fact we are constantly being burdened by new taxes or tolls, and that we are not given the sort of tariff treatment essential in the face of the peculiarly difficult conditions under which Canadian manufacturers must operate? he asked members of the Engineering Institute of Canada at a meeting in Toronto.

Mr. Armour prefaced these remarks with the contention that unless government at all levels takes cognizance of manufacturing for the national well being, the Seaway may bring to Canada not progress and prosperity, but retrogression and stagnation.

"How vulnerable Canadian manufacturing is to outside competition has been dramatically illustrated by the fate of our textile industry. Since I came to Hamilton 12 years ago,

Mercury Mills, Chipman Holton, Moodies, Eaton Knitting, Cosmos Imperial and Zimmer-knit have all ceased to function here."

The Seaway will hit manufacturers in the heart of Industrial Ontario in at least two ways, Mr. Armour stated.

"In the first place it is certain to increase greatly the pressure of outside competition upon us. In the second, we in the steel and some other industries, including Ontario Hydro, will now have to pay tolls upon the bulk of our raw materials. Since steel and hydro energy are basic to all the production in Ontario, anything which raises their costs must ultimately hit consumers in all parts of Canada."

Mr. Armour told the engineers they should understand from his reasoning why the Government of Ontario came out strongly, if belatedly, in opposition to Welland Canal tolls.

"Premier Frost is also on record as favouring an all-Canadian Seaway, which might be made toll free in accordance with long standing national policy."

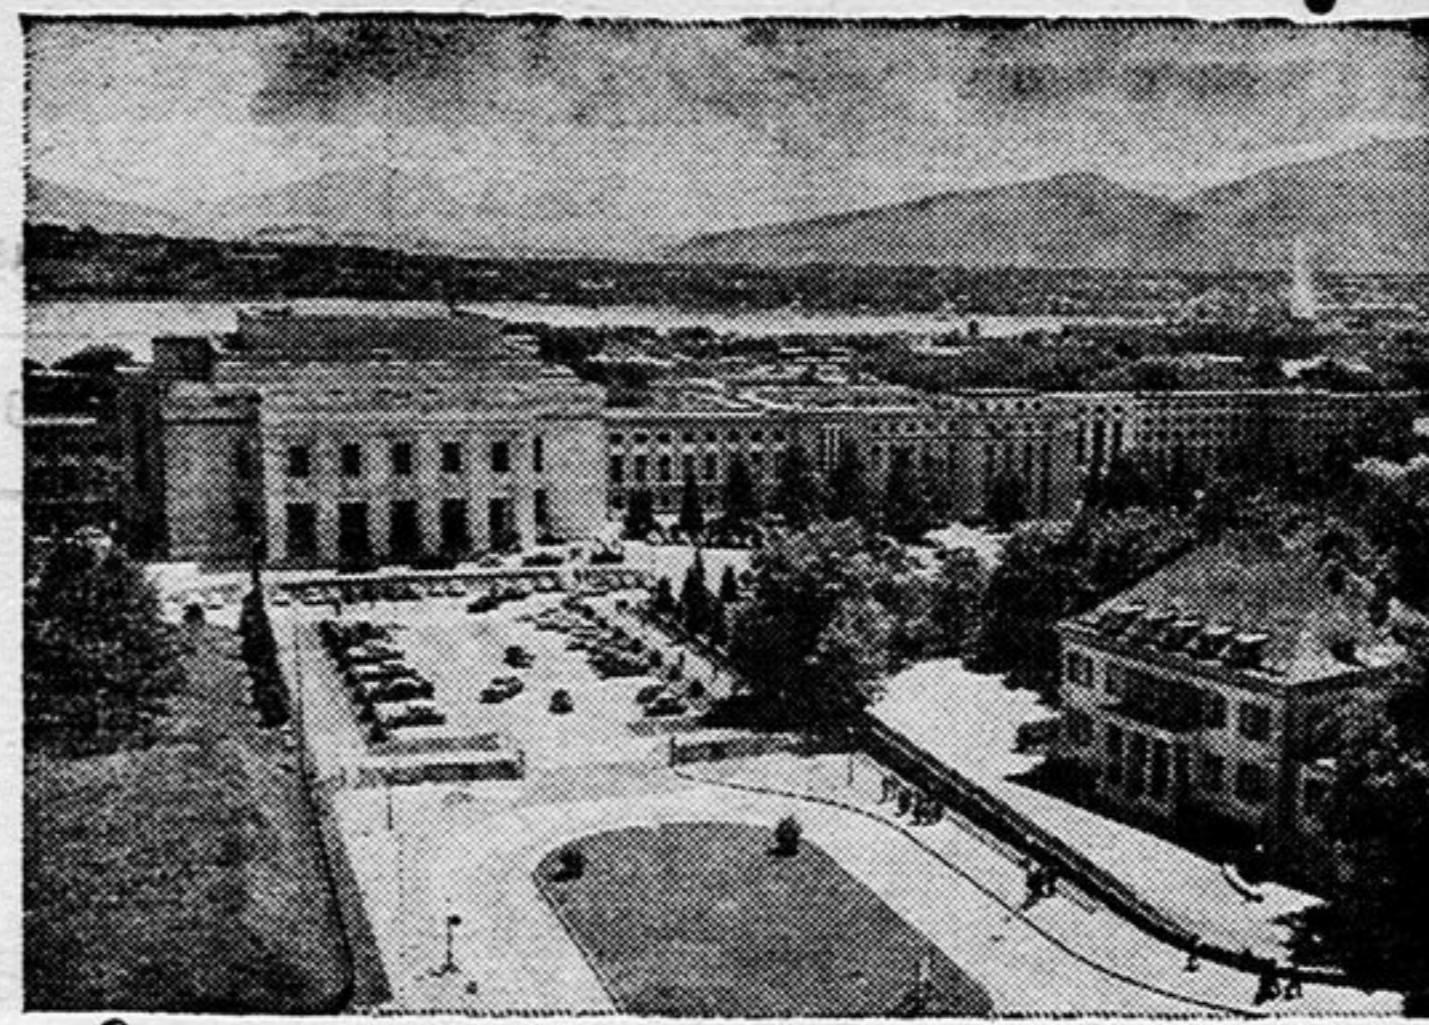

Recommending a larger domestic market, a tariff structure adequate to the peculiar needs of Canada and a lighter tax burden, Mr. Armour said: "Some Canadians find it socially degrading to buy Canadian, even when the goods produced in Canada are available to fill their needs."

These people seem to feel that unless they buy goods from overseas they will be regarded as out of class socially.

He warned that without tariff protection adequate to the needs of Canada's particular situation in relation to the U.S., we must eventually adjust our wage scales to those of the European nations.

"Should that day come most of us will have to ride to work on bicycles or scooters."

"We shall not then be able to sniff at the vulgarity of chrome and all those gadgets. Then we shall be thankful for busses, or even for good old shanks' mare."

Durham Co'y Liberal Association

A meeting of the Executive of the Durham County Liberal Association was held in Newcastle Hall, Newcastle, last week, laid preliminary plans for the forthcoming Provincial election campaign.

The Executive received a report from the Committee, under the chairmanship of E. R. Lovekin of Newcastle, which previously had been set up to deal with the sale of membership tickets and advertising programme for the Liberal Party in this County. The Committee reported plans for the membership drive and also for a series of advertising setting out the basic principles of Liberalism.

The Executive also received a report from a Committee, under the chairmanship of Glen Fry, President of the Bowmanville Liberal Association, with reference to programmes and meetings to be sponsored by the Association in the forthcoming months. The first of such meetings will be held in Bowmanville within the next thirty days and will take the form of a dinner meeting at which time the Bowmanville Liberal Association will be the hosts to the members of the Durham County Liberal Association.

The meeting was under the chairmanship of Elmore Scott, President of the County Association.

SUGGESTIONS SOUGHT AT TEACHERS MEETING

The Cavan and Millbrook teachers met at Whitfield's School for their March meeting on Thursday afternoon. Mr. Lewis, the president, acted as host.

After a social cup of tea Mr. Holmes spoke concerning the coming change in the various text books.

Mr. Hamilton asked for suggestions in art, crafts, and collections for the prize list of the Spring Fair.

Other subjects were discussed and after making arrangements for the next meeting the teachers left to enjoy their Easter vacation.

MORAL RESPONSIBILITY FOR TRAFFIC SAFETY

During April, religious leaders of all faiths throughout Ontario will stress the moral aspects of the traffic accident problem. They will be asking you, as a motorist or pedestrian, to accept individual responsibility for obeying the traffic laws and the rules of the road.

This personal appeal to the users of our streets and highways is the basis of the Moral Responsibility Campaign sponsored by the Ontario Department of Transport. It is receiving enthusiastic endorsement and active support from the Ontario Federation of Agriculture and from local safety councils, police departments, service clubs, women's groups and other community organizations.

You can help the Moral Responsibility Campaign achieve success by practising the Golden Rule of traffic safety—drive and walk as you would have others drive and walk.

Sunday Morning At St. Andrew's

Easter Sunday morning at St. Andrew's, March 29, 1959. Beautiful flowers and special Easter music plus wonderful Good Friday Cantata by the choir and fine congregations, all helped to provide a good spirit of worship.

Dr. J. Arthur Steed was in charge and took for his theme: "Hope Becomes Certainty". Scripture lesson John 20:1-17. "The first day of the week cometh Mary Magdalene early when it was yet dark, unto the sepulchre, and seeth the stone taken away from the sepulchre. Then she runneth, and cometh to Simon Peter, and to the other disciple, whom Jesus loved, with the news. So they ran both together and saw and believed."

"Many are the afflictions of the righteous; but the Lord delivereth them out of them all. He keepeth all his bones, not one of them is broken". Psalm 34:19 and 20. John 20:33. Six things we learn from the Resurrection—1st. New Day. Jewish Sabbath on the 7th day of the week. Christian Sabbath on the 1st day of the week, because on that day the Risen Saviour met with the apostles in the Upper Room in Jerusalem John 20:19 and 20.

2nd. A new Faith—The disciples believed in the Risen Jesus, John 20:26-29-31.
3rd. New Power—John 20:21-23, Acts chapters 1 and 2.

The Price of Good Living

CANADIANS are still enjoying the world's second highest standard of living.

They can do this because of the contribution of manufacturing to our national progress and prosperity.

Perhaps Canadians can buy some things cheaper elsewhere than in Canada. But if they are not willing to pay Canadian prices for Canadian products, our own workers will not for long be able to receive Canadian wages. Nor will Canadian governments receive the tax revenues they require to sustain Canada's welfare programmes.

There is a price to pay for everything, including the Canadian standard of living.
