

A Boston Boy's Eyesight Saved—Perhaps His Life

By Hood's Sarsaparilla—Blood Poisoned by Canker.

Read the following from a grateful mother: "My little boy had Scarlet Fever when 4 years old, and it left him very weak and with blood poisoned with canker. His eyes became so inflamed that his sufferings were intense, and for seven weeks he

Could Not Open His Eyes. I took him twice during that time to the Eye and Ear Infirmary on Charles street, but their remedies failed to do him the faintest shadow of good. I commenced giving him Hood's Sarsaparilla and it soon cured him. I have never doubted that it saved his sight, even if not his very life. You may use this testimonial in any way you choose. I am always ready to sound the praise of

Hood's Sarsaparilla
Because of the wonderful good it did my son,"
ABBIE F. BLACKMAN, 2888 Washington St.,
Boston, Mass. Get HOOD'S.

HOOD'S PILLS are hand made, and are perfect in composition, proportion and appearance.

The Millbrook Reporter.

THURSDAY, JUNE 8, 1893.

It seems as if Canada has the best of the Yanks in the Bering Sea case.

SIR JOHN MACDONALD'S grave was decorated with flowers on Tuesday, the second anniversary of his death. His is a memory that will long remain green in the country for which he did so much.

Now let us get this agricultural ground business wound up satisfactorily. Let everybody turn in and yield a point. Work should be started on the grounds at once if we are to have a good track. Wind it up.

THE knighting of Hon. John Carling is a well-deserved reward for his long public services. He has labored for the public for about thirty years, and has a clean and honorable career to look back upon. Sir John Carling sounds well.

So the annexation party is in jail, eh! Poor Macdonald! It seems Ernest Albert annexed another man's cows, and when he appeared before the judge on a suit for payment, his answers to his honor were not satisfactory—indeed, hardly civil—and the ex-alderman of Toronto was committed for contempt of court. But just wait till he gets out again, won't he make the welkin ring with speeches in favor of union with the American eagle's screeches.

THIS business of soliciting funds with which to buy a wedding present for the Princess May of Teck savors of a good deal of flunkeyism and it ought to be sat upon by the Canadian people. We wish the young man and his bride well in their prospective marriage; that is, we don't know of any reason why they shouldn't get married if they want to, and we hope for the peace of the community that they may agree in their home, but just why we should be asked to give Miss May a present in order to prove our loyalty to the grandmother of her future husband, we must confess we don't understand.

"Is this hot enough for you?" is a silly question; but if you meet a man who complains of suffering from heat, ten to one you will find, on inquiry, that he does not use Ayer's Sarsaparilla to tone up his system and free his blood from irritating humors.

A blacksmith shop belonging to Mr. Eastman was burned at Minden last Friday morning.

Mrs. Harriet A. Marble, of Poughkeepsie, N. Y., was for years a martyr to headache, and never found anything to give her more than temporary relief until she began to take Ayer's Pills, since which she has been in the enjoyment of perfect health.

THE NEW GROUNDS.

Joint Meeting of Committees to Arrange Details.

A joint meeting of committees of the Millbrook and Cavan councils and Cavan agricultural society was held in the town hall on Monday afternoon to arrange the terms of the purchase of the new ground for the agricultural exhibition. Mr. Alex. Ferguson was appointed chairman and Mr. Jos. Thorndyke secretary. On motion of Mr. Elliot seconded by Mr. W. H. Lough, it was decided that the land shall be deeded to the municipalities of Cavan and Millbrook, each to have an interest proportionate to the amount invested. It was also decided, on motion of Mr. Elliot, seconded by Mr. S. E. Ferguson, that the land be leased to the Cavan agricultural society for a period of ten years at a rental of \$1 per annum, that the society shall not have the right to sub-let it to other parties for a longer period than two consecutive days, that all moneys derived from the hire of the agricultural grounds shall be expended in making improvements upon the same, and that should the said society cease to exist before the expiration of the lease all improvements that may have been made upon the grounds, of whatever kind, shall revert to the township of Cavan and the village of Millbrook proportionately. On motion of Mr. Lough, seconded by Mr. Robt. Walsh, it was agreed that the cost of insuring the building should be borne by the municipalities. It was moved by Mr. R. J. Doak, seconded by Mr. Wm. O'Brien, that the firemen of Millbrook shall have the free use of the agricultural ground for sports, etc., upon every 24th of May, when it shall not be required by the society for its own purposes. Mr. S. E. Ferguson moved in amendment, seconded by Mr. Robt. Walsh, that no restrictions be placed upon the directors of the society as to the control of the grounds on any day of the year. Quite a lengthy and animated discussion followed these motions. Messrs. R. J. Doak, Alex. Ferguson, R. R. Elliot contended for the privilege asked for by the original motion, and Messrs. Walsh, Robert Vance, S. E. Ferguson and Donaldson opposed it, claiming that if the matter were left to the directors each year, the firemen would have no reason to complain. The amendment was defeated and the original motion carried. Other details were then arranged and matters were adjusted satisfactorily, so that all that now remains is for the society to raise a balance of some \$300, when the deed and lease will be executed and the directors will be placed in possession of the land.

CALLED AWAY SUDDENLY.

James Drake Overturns a Canoe and is Drowned Near Lakefield.

Peterboro Review.
A sad accident occurred Friday night at Strickland's point, near Lakefield, the unfortunate victim in which was Mr. James Drake, brother of the late Harry Drake, hackman, and the last remaining of the children of that family.

It appears that Messrs. Charles Guy, Jas. Drake and a man by the name of Freeborn had gone from town on a frog catching expedition. Mr. Guy shipped the croakers to Toronto. Last night Drake and Freeborn were out in a canoe while Guy was engaged on the shore. It is said that the unfortunate man Drake was seized with a fit and in falling overturned the canoe. The doctors say he was dead before he went into the water so sudden and fatal was the shock that seized him. However that may be he sank beneath the water and rose no more. Freeborn, the man who was in the boat with him was in the water for hours before his cries were heard and assistance came to him and rescued him from the stump to which he was clinging. Search was commenced for the body of the unfortunate man and it was found Saturday morning.

Dr. Bell, the coronor, was notified but an inquest was not considered necessary. The remains were brought to Peterboro Saturday. His mother, who so recently was called upon to mourn the awfully sudden death of another son was overwhelmed with grief when the news reached her. The deceased was a comparatively young man and was well known around town and among river men.

A BOY DROWNED.

A Young Lad Loses his Life in the Ontario River.

Peterboro Review.
At about noon Saturday while some boys were playing at the river near the station of the Light and Power Company, below Dickson's dam, one of them, Jerry Cadigan, Chamberlain street, lost his life in the water. The unfortunate lad, who was about ten years old, was playing on a pier and the top being wet he slipped off into the water. The river at this point is very boisterous, and the current swift and of tremendous power. The boy was swept away at once by the angry waters, and seen no more. Search was at once begun for the body. The parents will receive much sympathy in their bereavement.

Rheumatism Cured in a Day. South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Warranted by A. LEACH, Druggist.

ONE ENJOYS
