W. A. FALLIS SPEAKS TO THE ELECTORS OF EAST DURHAM.

To the Electors of the East Riding of Durham:

IN announcing my candidature for the Legislative Assembly of this Province in the interests of your riding and the electorate as a whole, I beg to offer my most earnest expressions of gratitude to the Liberal Conservative Association which has so unambiguously selected me as their standard-bearer, and also those of the Reform party and many independent electors who have urged me to enter the contest and have promised me the support of their influence and vote.

Although my private inclinations have never been towards the honorable goal of Parliamentary office, I feel that the call to enter the contest made with such unqualified force by the farmers, business and professional men of East Durham should not go unheeded and I therefore take up the nomination with all earnestness.

In placing myself before my friends and soliciting their suffrages, I will keep before me the fact, that promises are easily made and very often are quickly broken, but to those with whom I have the honor of a personal acquaintance I comment my past record, and if it has been such as to leave no doubt as to the stability of my character and sincerity of my pledges, I hope you will give me the benefit of your influence and support and pass the word along to those to whom I am a stranger.

While I believe that the policy of W. R. Meredith, the leader of the opposition in Toronto, as presented during the last and former sessions of the house, is the best for the whole of this Province, and while I feel, as one of his supporters, that I believe in a leading member of the Oldfield's fraternity, an officer in the 103rd regiment of militia, and a rising merchant.

"How comes it that you are so fat and ruddy after such a term of hustling railroad life and varied diet, Mr. Lear?" questioned the reporter.

"Well," was the answer, "it is a long story, but one well worth telling. I weigh 190 pounds today, and am in better health than I ever before enjoyed in my life. Two years ago I got down to 135 pounds. Constant travelling, roughing it on trains and in country hotels broke me all up and left me with a nasty case of kidney complaint and indigestion. My head was all wrong, my stomach was all wrong, my nerves were all wrong, and I was suffering continual pains and distress, and my urine was so tainted that I was obliged to be carried. I consulted several physicians in Montreal, Winnipeg and other cities, but their treatment did not give me a particle of relief. One day I bought a box of Dr. Williams' Pink Pills, and I made up my mind to give them a good trial. They seemed to help me, and I bought a second, third and fourth box, and they cured me. My stomach was all right, the dizziness left my head; my more lassitude, and all traces of my kidney disease disappeared. I was a new man, and gained flesh immediately, and have never been troubled since. I consider my case astonishing, because kidney complaints, especially gall stones, are hereditary in our family. I happened to marry my father to an early grade, and an uncle on my mother's side, Dr. Whittle, of Sidney, Australia, had been a chronic sufferer from gall stones from boyhood. I was so impressed with the virtues of Dr. Williams' Pink Pills that I took the trouble to send Dr. Whittle two boxes all the way to Australia. Since my discovery of the benefits of these wonderful little pink coated exterminators of disease, I have recommended the remedy far and wide, and I could enumerate dozens of cases where they have been efficacious."

An analysis shows that Dr. Williams' Pink Pills contain in a condensed form all the elements necessary to give new life to the blood and restore shattered nerves. They are an untiring specific for all diseases arising from an impoverished condition of the blood, or from an impairment of the nervous system, such as loss of appetite, depression of spirits, anaemia, chlorosis or green sickness, general muscular weakness, dizziness, loss of memory, locomotor ataxia, paralysis, sciatica, rheumatism, St. Vitus' dance, kidney and liver troubles, the after effects of grippe, and all diseases depending upon a vitiated condition of the blood, such as scrofula, chronic eczema, etc. They are also a specific for the troubles peculiar to the female system, such as irregular menstruation, and the flow of blood to pale and sulfur checks. In the case of men they effect a radical cure in all cases arising from mental poverty, overwork or excess. Sold by all dealers or sent by mail, postpaid, at 50 cents a box, or six boxes for \$2.50, by addressing Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y. Beware imitations and substitutes alleged to be "just as good."

Mr. Harriet A. Marble, of Poughkeepsie, N. Y., was for years a martyr to headache, and never found anything to give her more than temporary relief until she began to take Ayer's Eye and Ear Remedy, which she has in the enjoyment of perfect health.

TURNBULL'S
We have received this week from Glasgow 11 boxes of flowers, the cream of the market in fine qualities and different from what has been shown before. They are so natural it is refreshing to look at them, they are now on display in our Millinery Department and we are confident they will go rapidly. Fresh plaques and and straw goods constantly arriving for our summer trade.

In our Mantle department they are busy making up light capes and wraps for summer wear; they are worth from \$2.25 to \$5.00. We have still a few handsome Jackets at very low prices, these were samples and consequently we secured them very cheap and are selling them accordingly.

We have passed into stock a quantity of 5 frame Brussels Carpets, choice patterns, brought low to clear. We are offering them at 90c and \$1 a yard, this is less than wholesale cost and therefore away with all retail prices, as any one posted in the value of these goods will know. This is a rare chance to secure fine Carpets cheap. Fresh Patterns in Unions only 20c a yard. Fresh Floor Oil-cloth, new patterns, 4/4, 5/4, 6/4 and 8/4 widths just received.

Just received, a full range of Linette dress lining, these goods are getting very popular with all dressmakers. Owing to the bargain we obtained in American Gilbert waist linings we can give you 2 cent and 20 cent goods for 20 cents, they are light in weight, do not pull and fit the figure better than any other make. SERFEN LINE BRAIDS AND WATERED RIBBONS - just arrived, some new styles in the latest Vandyke shades. These are acknowledged by all who have seen it to be the prettiest broad shawl this season. Also all widths in watered ribbons in stock. Job line of fancy Buttons suitable for children's wear only 5 cents a dozen.

We live in the motto "What is worth doing, at all is worth doing well." Hence we have such an immense and varied range of Parasols in all grades and prices that the ladies will be sure to find just exactly what they want, and we take this means of letting the public know that you can buy a large sundash, with heavy top, well made and warranted to turn rain. For 65c you can buy a good quality top with neat handle such as you have seen other seasons at 90c. Our dolly Parasol can have with plain black or fancy engraved handles and all extra good top. At \$1.15 we have a nice variety with fancy handles engraved in silver. At \$1.20 we show plain black and fancy handles with tops of a good heavy silk mixture. At \$1.50 we show several lines in Silk and Nihilite. At \$2 we show several makes in Satin De Chèvre with plain and carved handles to suit the customer. There is one particular about our Parasols this season that is worth your notice. They are all free from flaws and do not easily get out of order. We paid particular attention in selecting from a large manufacturer's samples and are confident you will find no better assortment or prices lower than at
