Because it is the oldest, largest, most popular and economical

and gives the best results for the least money. 2. Because in 1893 it increased its assets by \$1,236,513 -a sum exceeding the increase of any other two Canadian Companies, and more than double of any one company.

3. Because it has a larger surplus above all liabilities than all the other Canadian Companies together. 4. Because the net Profits paid on its Life policies during the

A Dangerous Reptile. "Probably no country in the world The object of labor unions is a noble the most venomous reptile. It grows to have leaders who are cool, wise, deliber- thirty feet in length and with a body ate and of good judgment and executive thick and strong in proportion. While I was stationed in India I had an opportunity to see a python seize and kill its victim, and the awful power of the reptile was fully impressed on my mind. I was on a hunting expedition with three brother officers, and while we were making our way through the jungle we were startled at hearing a savage growl come from a clump of bushes nearby. Realizing that a wild beast was in dangerous proximity we hastily climbed to a place safety amid the branches of a neighboring tree. We were not a moment too soon, for in an instant a magnificent Bengal tiger leaped from the bushes. roaring terribly and lashing his sides with his tail as he glared around in search his enemies. In another moment a huge python darted forth from some place of concealment, and before the tiger had
