WHY IT LEADS - - -

1. Because it is the oldest, largest, most popular and economical and gives the best results for the least money. 2. Because in 1893 it increased its assets by \$1,236,513-a sum exceed ing the increase of any other two Canadian Companies, and

more than double of any one company. 3. Because it has a larger surplus, above all habilities, than all th other Canadian Companies together. 4. B cause the net Profits paid on its Life policies during the last 20 years are not equalled by any other Company in America.
