YOU GET MORE OUT OF LIFE WHEN YOU GET THE MOST OUT OF ELECTRICITY

Anytime, any day—your favourite snack is ready, fresh and appetizing in your electric refrigerator-freezer. With an electric refrigerator-freezer you can store all kinds of out-of-season foods for enjoyment all year round. You can buy in quantity too (it saves you money) . . . cut down on trips to the store . . . eliminate trips on rainy days. When you entertain, an electric refrigerator-freezer gives you more time with your guests, because you're able to prepare food ahead of time. An electric refrigerator-freezer is safe, clean, and modern. It costs just a few cents a day to operate. You get more out of life, when you get the most out of electricity.

Household Hint by Anne Allan Before freezing, most vegetables should be scalded or "blanched" to preserve flavour, colour and food value.
