# WHICH ONE ARE YOU IN THE MORNING?

Is that you on the left... still tired and worn out after a fitful night's sleep in a hot, muggy bedroom?

Or is that you on the right... a man who sleeps in air-conditioned comfort... who knows that an electric room air-conditioner is the secret of cool, blissful slumber... the reason you wake refreshed and smiling?

An electric air-conditioner will blend with any type of decor... costs only a few cents a week to operate.

You get more out of life when you get the most out of electricity.
