ORDER YOUR COAL NOW!

WINTER IS SURELY COMING.

The best time to buy your coal is when the weather is warm, as it is always cheaper then. I have the best coal this year that has ever been brought into Millbrook. This may be seemingly loud talk, but an inspection will, I think, convince the most sceptical on this point. Please call and see my coal before placing your order.

I have also another car load of shingles to hand this week. They are going fast as the price is low and the shingles are good. Office and yard at the railway station.

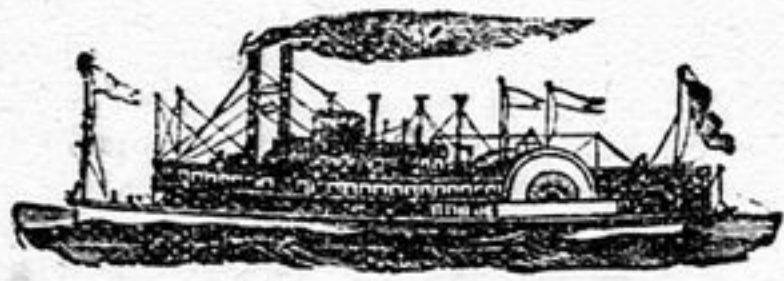

Yours respectfully,

W. THEXTON.

Glamorgan.

What has become of our regular correspondent? We think it necessary for some one to represent the place lest it should pass into the dark shades of oblivion.

Farmers in this section are about through with their harvest. The pea crop is the only one unfinished and since the pea harvester has been introduced the work is much easier. The crops are not as bountiful as was anticipated at the beginning of the season, owing, no doubt, to the recent dry spell and the grasshopper.

Miss Annie Elliott of Emily and Miss Tess Elliott of Peterboro have returned home after a pleasant visit with friends here. Miss Locke of Millbrook is spending a few days with her aunt, Mrs. J. McCoombe.

Miss Maria Shaw is visiting friends in Millbrook.

Miss Annie Kenyon of Millbrook is the guest of Miss Lizzie Syer.

Among the visitors on the Manvers Line on Sunday we noticed Mr. Thomas Connel and wife of North Manvers, Miss Mand Farrow of Toronto and Mr. J. H. Thorne of Cavan.

Mr. C. Thorndyke, our teacher, has commenced duties again this week.

Bethany.

Our village is in a flourishing state at present and the outlook for a good fall trade is good. Every business place presents a good healthy appearance and the proprietors are ready for the rush.

Our ice cream parlor is booming under the able management of Mr. Sid. Preston, assisted by a number of the fair sex. Although the cream is cool you can rely on getting a warm smile.

Prof. John Lee has opened a tonsorial parlor and is prepared to attend to every branch of the business.

Bethany pupils held a foremost place in the report of the Millbrook high school entrance examination—seven out of nine having succeeded in getting there. This speaks volumes for the teacher, Miss Tesky, who has had the successful ones under her tuition.

We were treated to a trial of speed a few days ago in which a number of our local trotters competed. Among the most prominent was one owned by Mr. Harry Johnston of Millbrook.

Manvers Station.

The general conversation this week is about the excursion under the auspices of Court Ivanhoe, Millbrook, L.O.F., and many in this section intend taking advantage of the occasion for a day's outing.

Inquiries are being made as to the destination of the Chestnut horse and cart that left here on a recent Saturday evening with a couple of young men of our town.

Miss E. Byers of Baillieboro, accompanied by the Misses Mann of Peterboro, were recent guests of Mrs. W. G. Reaburn.

Mr. Brown of Lindsay has been visiting at Mr. W. H. Johnston's.

The young man who drove away without his tea on a recent occasion had better consider his health and not deprive his stomach of that which is necessary for existence as he is none too robust.

The citizens of this place have arrived at the conclusion that a nuisance tax will have to be imposed on certain animals and members of the feathered tribe that are allowed to run at large, as complaints are numerous.

Centerville.

Miss Emma Earl left on Monday last for her new field of labor in Carmel, as teacher of the public school.

Miss Effie Larmer left on Monday to take up her duties as teacher of a school near Westwood.

Miss W. Robinson and Mr. Graham have returned after spending an enjoyable summer vacation. The former is teacher of Fairview school, and the latter looks after the welfare of the union school north of here. Their return has been hailed with delight as their presence in our midst seems to wield an influence of good and especially will their return be appreciated by the Y.P.S.C.E., in which organization they are both active workers.

Messrs. Fair & Christie Bros. are right in it with their Waterloo threshing machine. Everybody that has used this mill speaks very highly of the work done by it. We understand it is the lightest running of any that has ever been in this section.

Miss Alice Fanning of Lindsay has been visiting with the Misses Brown during the past week. Miss Fanning's many friends here were pleased to meet her.

Mr. and Mrs. Ashton of Garden Hill spent Sunday at the home of their uncle, Mr. Henry Earl.

Miss Carrie Fair, B.A., of Woodstock, after spending a couple of weeks at the world's fair has been enjoying a visit at the homestead. Miss Fair speaks very highly of the exposition.

The Y.P.S.C.E. here had a social on their regular night of meeting last week, at which there was a very enjoyable time.

Summer Regulations.

Fruit in summer is of great value. Green vegetables are also good in moderation. But any food eaten and undigested is to a very large extent, as pernicious as poison, and very bad results are sure to follow. It is here that the occasional use of Membray's Kidney and Liver Cure has proven so useful, in relieving the irritated stomach and liver, and preventing summer sickness in many varied forms. It is recommended to be kept in the house.

PETERBORO CHEESE MARKET.

Only 4634 Boxes Boarded—A Marked Fall- ing Off in Make—No Bidding Worth Speaking of—The Sale Adjourned.

The regular meeting of the cheese board was held in Peterboro Tuesday afternoon. There was a good attendance of sellers, representing forty-eight factories, who boarded 4634 boxes, first half of August, valued at \$30,000. This is a great falling off compared with the corresponding period of last year—fully fifteen per cent. The following factories boarded the following quantities:-

The buyers were represented by Messrs. Cluxton, Wrighton, Flavell, Fitzgerald, Spense and Cook. The bidding started—if it may be called starting—slowly, but on the question of adjournment coming up Mr. Flavell bid 9¢ for selections, which he afterwards raised to 9½. He named several factories, of which Manilla, Fleetwood, Derryville and Downeyville accepted. No other bids being forthcoming, in view of the unsettled state in the money market the rate of exchange being 7 as against 9 at this time last year, Mr. Cluxton moved seconded by Mr. Cook, that the board adjourn for two weeks, upon which Mr. Sanderson moved that the board adjourn for one week. The two weeks adjournment was agreed to, also a motion to offer the make of August alone at the adjourned sale.

A Daring Burglary.

Peterboro Examiner

On Saturday morning Miss Cronin, a domestic in the employ of Mr. H. LeBrun, returned from the civic holiday excursion to Rochester. On entering her room in Mr. LeBrun's residence she discovered that it had been visited and that all her valuables had been stolen. These consisting of pins, bracelets, rings, etc. and including \$1.50 in cash, represented a value of about \$15. She an once apprized Mr. LeBrun of the circumstances and an investigation showed that the house had been ransacked and that the thieves had made a profitable haul. From Mrs. LeBrun's room jewelry, consisting of diamond pins, rings, lockets and chains and other jewelry had been taken to the value between \$300 to \$400. The thieves evidently did not want to be encumbered with weight, for Mr. LeBrun's silver plate which was in view was undisturbed. The burglars gained an entrance through the pantry window by forcing a thin chisel or strong knife between the middle jointure of the window sashes, and breaking the horizontal fastening that secure them, when their entry was easy. It is not known at what time the robbery was committed, but as the house was slept in by Mr. LeBrun or a male member of his staff of clerks every night, it is possible the robbery was a daylight one. From the position of the window, close to Mr. Mulholland's house on the west and screened from view from the street by the projection of the main building, both houses being unoccupied, it would be easy for expert burglars, such as these seemed to be, to do what they did do with no noisiness may be seen by the fact that very likely at about the same time, Mr. Mulholland's house was entered in a manner that showed the skillful cracksmen. With a diamond a small circular hole was cut out of the pane near the window fastening which was thus free to give access. There was nothing however taken, Mr. Mulholland on the departure of the family (for neither he nor Mr. LeBrun's family was at home) took the precaution to remove all valuables and store them in the vault of the private bank of which he is one of the proprietors. However several locks were broken in the unsuccessful search for booty, the light fingered dilettanti evidently scouring anything common or bulky that precious stones and precious metals in the form of article of bijouterie.

Children Enjoy

the pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative; and if the father or mother be constive or bilious, the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle.

While our neighbors to the south of us have been expending their energies in blowing about their own greatness, we on our side have left that to the balmy breezes to do, and are now contemplating the unmistakable achievements that always result from honest and persistent labor.

—Rebecca Wilkinson, of Brownsville, Ind., says: "I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia and Indigestion until my health was gone. I bought one bottle of South American Serrine, which done me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy. I consider it the greatest medicine in the world. A trial bottle will convince you. Warranted by A. LEACH 11-13"
