next, will be the greatest fair ever held in Canada. The number of entries of Live Stock and Manufactures, and in fact in all the leading departments, is unprecedented. Increased facilities have been provided in the buildings and grounds, and the exhibits in addition to being considerably larger in volume than those of any previous year, will be choicer and better arranged. The general features of the show need not be recapitulated in detail. It is sufficient to say that it presents a complete epitome of of the progress and attainments of the Dominion in industry, mechanical invention, art and science. A brilliant programme of special attractions has been provided, a prominent feature of which is the great Water Fete and Aquatic Exhibition to be given every afternoon and evening on a spacious artificial lake in front of the grand stand, with beautiful tableaux and a great variety of aquet performances, accompanied by vocal instrumental music of the highest In addition to this, the splendid me dramatic and pyrotechnic pageant Relief of Lucknow," concluding magnificent fireworks display, wit on each evening.
