## MORE WONDERFUL YEARS OF LIVING!

Look down that road next time you're driving. What's ahead—a lot of living, or the one second of carelessness it takes to die? Why not trade a little free time to live a lot longer. The difference between 50 and 70 mph. isn't worth the risk . . . the few seconds you save are rarely that important.

In this freedom-loving land of ours, everyone has a chance to make his dreams come true. Give them that chance; your Ontario Department of Transport urges you to observe the speed limits. Slow down and live.
