RHEUMATISM CONQUERED.
A GREAT ADVANCE IN MEDICAL SCIENCE.
A Discovery Which This Pleasant Disease Cannot Resist—Mr. E. Blaisdell, of Paris, Ont., Relates His Experience With the Cure.
Paris, Ont., Review.
Rheumatism has long baffled the medical profession. Medicine for external and internal use has been produced, plasters tried, electricity experimented with, hot and cold baths and a thousand other things tried, but without avail. Rheumatism still held the fort, making the life of its victims one of misery and pain. The first real step towards conquering rheumatism was made when the preparation known as Dr. Williams' Pink Pills for Pale People was discovered, and since that time thousands have testified to their wonderful efficacy in this, as well as in other troubles, the origin of which may be traced to the blood.

Now For Work.
Having completed my new Carriage Shop I am now prepared to receive orders for all classes of work in my line. I represent the THOS. SAND ISLANDS CARRIAGE CO., Grandview, Ont. For whose work it is needless to comment, as they are known far and near as the greatest Carriage Builders in Canada. Their substantial and stylish work is the foundation of their success. In their work I am prepared to build anything from a Wheelbarrow to a King of the Road. My work is done in a thorough and workmanlike manner and will be safe to give a written guarantee.
In the repairing line you can get your work done more promptly and better work than you have previously received in Millbrook. With all the conveniences of a first class Carriage Shop, I am prepared to do repairing with the same care and attention which I have had a large experience in doing for those who have favored me with their orders. Before ready to do the work I wish to return to you a receipt for a continuance of my services.
