LITERARY NOTES.

On the other hand, the farmer has much

broader interests in the weather. He wishes to foresee, not only high winds but also the

rainfall and snow, the temperature changes

fall in the crop scason, when even a small

amount may be of great importance. The

light), are all of importance to him. Hence

timely warning of even general storms; the

farmer of the local storms of the warm

season. These are thunder storms, squalls,

hailstorms, tornadoes, cloudbursts and

similar phenomena when intense, common

showers when mild. They are at most only

a few miles in diameter and of a few hours'

duration. They are so local in character

that they may wet a neighbors fields but not his own; may wet his hayfield but not

his cornfield. They often begin and end

suddenly and give warning in the clouds

only a snort time before they come on. In

general the more intense they are the

smaller their size and shorter their duration.

Their origin and mechanism is very obscure.

On the other hand, general storms are hundreds of miles in diameter and last for

and the more intense they are the longer is

for good strong general storms are incompar-

ably easier to make than those for local

storms. For the former a verification of

predictions of 95 per cent. can be attained

with comparative ease, and for some of the

great storms of the last few years the record

of verification has approximated close to

100 per cent. For local storms, on the other hand, definite forecasts for the next

day are; with ou knowledge impracticable; only the general atmospheric conditions

Millbrook, P. O.

A SUFFERING ARMY.

Borne Down by a Relentless Foe. The great army of sufferers from various rheumatic conditions joyfully welcome Chase's K. & L. Pills because the foster parents of their aches and pains are the Kidneys, which, on account of a diseased condition, are unable to relieve the blood of uric acid poison, which is deposited in the joints, producing on the first provocation irritating aches and pains in the bones, joints and muscles. The reason that Chase's Pills relieve and cure is their wonderful power in restoring degenerate Kidneys to a perfect and natural condition, without which the system is supplied with blood teeming with poison that adds fuel to the fire of rheu-

matic complaints, demoralizing the entire system and rendering it liable to a complication of diseases terminating in dropsy, diabetes, or Bright's disease. A pleasant feature of these Pills is that, while most Kidney remedies encourage constipation, Chase's relieve and cure it. In nearly all rheumatic attacks there exists constipation of the bowels, which is easily over-come by Chase's Kidney-Liver Pills; in fact, they are a perfect cure for constipation. This is endorsed by Edward Garrett, editor and proprietor of the Bradford, Ont., Weekly Witness, and thousands of others. One pill a dose. 25 cents a box. The cheapest medicine on earth. Sold by all dealers. Edmanson, Bates & Co., Toronto.
