The farmer must take care of purchases and payroll before his pack is sold

The farmer needs cash to finance operations until his crop is delivered

...so both are borrowing from a bank

When borrowing is sound business practice, it is a simple, straightforward process to arrange a loan from a chartered bank. Every day, in every part of Canada, the chartered banks are lending money to farmers, fishermen, producers, manufacturers, processors and other commercial customers, large and small...to meet pay-

rolls, buy raw materials, market goods and meet a multitude of financial needs. A bank manager is constantly on the lookout for opportunities to make such loans—that's his job.
