EDITORIAL OF SORTS

We are happy to congratulate David Frederick Brackenridge of RR 2 Millbrook, a Grade 13 pupil in Millbrook High School this year, who has been selected as one of 77 pupils in Ontario to attend the Science Seminar at the Ontario Agricultural College at Guelph October 18, 19 and 20. Last Spring OAC held qualifying examinations in Physics, Chemistry, Zoology, Botany, Mathematics and Arithmetic. Over 1000 competed. His parents plan to drive David to Guelph. They will holiday while David attends. The 77 students will be guests of the College for three days, and will have an opportunity to experience college life. They will sit in on the regular lectures to the students, hear special lectures by College faculty, and they will work in the college laboratories. They will live in the residences for the period. The program includes a banquet, a football game, and participation in various student activities. David is a credit to his family, and he has brought honour to Millbrook and Cavan.

A friend of our has been a lot of places. He has good boots. He reads a lot; and all his reading has not impaired his ability to think. He admired the following EDITORIAL from Maclean's, Canada's National Magazine, of August 26 just past. It was entitled BERLIN: THE CRISIS THAT PROPAGANDA BUILT. We do not pretend an understanding of headline crises. This article is so sanely Canadian, we print it here, trusting that Maclean's will allow our thievery and pardon our typesetting errors.

"Canadians don't normally think of themselves as subject to propaganda. That happens to the Russians and the Chinese, the Arabs under Nasser or the Germans under Hitler, not to citizens of a democracy served by a free press. Yet the fact is that we are, right now, targets of a propaganda campaign for which it's hard to find a precedent in peacetime. Its object is to make us believe in a crisis over Berlin.

For weeks the reports of U.S. news services have been alerting us to the imminence of a showdown. The western powers are said to be warning Khrushchov to "keep hands off West Berlin." In the face of "threats" by Khrushchov the West is "standing firm," set to "defend West Berlin with nuclear weapons if need be.

And what exactly is it that Khrushchov is threatening to do in Berlin?

He is threatening to go away. That is the menace that has

Does your bank really help you save money?

Of course it does. Every bank in Canada offers you a Savings Account service. No matter what bank you visit, the Savings Account system is operated the same way.

So why should you choose Toronto-Dominion over any other bank?

The answer is quite simple. It's the happy combination of the service and the people who provide it for you, that makes all the difference.

Our tellers are the FRIENDLIEST you'll find

This is Shirley Ricketts, a Savings Account Teller at our Mt. Pleasant & Davisville branch in Toronto. Shirley is shown here accepting a regular deposit from one of her customers. Shirley likes to watch her customers' Savings grow, because, she knows how important it is to have the money on hand for the things you want and need.

You'll find efficient, friendly people like Shirley Ricketts in every Toronto-Dominion branch across the country. Their "interested" kind of service makes it much easier for you to save at "The Bank". Make it a point to meet some of our people soon and see for yourself how much . . .

dismayed the Germans and confused the whole western alliance—not a Soviet attack, but a Soviet withdrawal. In the tug of war across the border of a divided Germany, Khrushchov is trying the tactic of letting go the rope. The other team, he hopes, will then fall flat on its back.

It looks as if he might be right, too. A Soviet withdrawal from Berlin would leave no apparent authority in East Germany, no official body with which to deal, except the East German Communist puppets whom the West Germans do not recognize. The West German reluctance is easy to understand—recognizing an East German government means recognizing the division of Germany.

A reunited Germany is the dearest goal of German foreign policy. Because the Germans are now allies, it is also an object (Continued elsewhere, more than likely.)
