A subscriber of The Reporter has made the suggestion that, due to the wide spread of RABIES among foxes that the Township Councils make a worthwhile bonus for all of these animals destroyed. This sounds like a good idea to us, what is your opinion?

Oversize Vegetables Change In Mail Time

Thanksgiving is over but still they are staggering (or should it be swaggering) about with their extra fine specimens of vegetables. The reason Art Reid's car rear was so low was due to the size of an exceptional cabbage (where's Jiggs) he had in the trunk.

Luther Olan was resting on Sunday after delivering potatoes (not just one), weighing 3 pounds each, to Crowley's Supperette on Saturday. They were perfect potatoes, not "sandwich" (get that!) ones, and their combined weight is 9 pounds 1 ounce. His 3 lb. 1 oz. one is on show in Crowley's window.

There is no truth in the story that Reid's breakdown truck has been dashing about lifting larger specimens.

We are advised by the Postmaster, G. H. Lancashire, that effective Monday, October 27th, 1958, the hours for receipt and despatch of mails at the Millbrook Post Office will be changed as follows:— Incoming mail will arrive in the morning at 10.10 o'clock and should be sorted and ready for distribution at approximately 11.00 a.m.

Afternoon mail will arrive at 3.45 o'clock. The closing hours for despatch will be 10.00 a.m. and 5.30 p.m. respectively.

Rural mail deliveries should be leaving the Millbrook Post Office at approximately 11.00 a.m.

Editor's note—Why not cut this out and preserve it, you may have occasion to look it up from time to time.
