—Mr. Thos. Hunter last week killed his cow "Rose." The beef was sold on the Peterborough market, and we understand brought a good price. Mr. Hunter is said to have refused a high figure for this animal during the Crimean war.

—Miss Emma Wells is a magnificent singer, and there is but little question that Miss Wells is one of the most skilful pianists on the continent, and her performance is good.—North York Reformer. Town hall, Millbrook, Monday, Nov. 13.

—Mr. A. Orr is building a new blacksmith shop on the vacant lot on Tupper-st., near the corner of King and Tupper. We understand the building will be in readiness the early part of next week and Mr. Orr will again be in a position to accommodate his many customers.

—Halloween passed away very quietly in our village and except the usual prank of the small boys removing gates and upsetting the houses of rear requirements no damage was done. We would however thank those larger urchins who perched our gate to roost in the treetop to remember that we can't climb well, bearwise or otherwise.

—Hon. Edward Blake has landed in England to be present at the beginning of the session of the Imperial Parliament.

—Miss Jennie Ray, in her vocal selections, was heartily enjoyed. She has a sweet and powerful voice.—Cobourg World. Town hall, Millbrook, Monday, Nov. 13.

—The Woman's Journal of last week is a memorial number, devoted to Mrs. Lucy Stone. It contains a full report of the addresses made at the funeral services, reminiscences by Mrs. Livermore, Mrs. E. D. Cheney, and some of the many tributes. Portraits of this leader of philanthropic work are also given and a general synopsis of her career. The number is worth reading to those who can procure it.

—The Royal Templars of Temperance held an open meeting on Friday evening in their lodge room. A programme of well selected songs, recitations and dialogues was agreeably presented and Rev. W. G. Clarke gave an address on the Plebiscite question that is now agitating the country. Mr. Clarke in a very concise and interesting way, placed the importance of united and intelligent effort in securing a strong expression on the question in January.

—The city fathers met on Monday evening for routine business. After passing a number of accounts for which no money was in sight to pay a motion was made instructing the Reeve and Treas. to borrow the sum of \$350 for current expenses. The members were all present. We must complement the village upon the spacious and comfortable council room but think at the same time that the dignity of the municipal solons would be better maintained were they to dispense with their evening puff of the pipe and head cover during sittings.

—The law respecting ditches, water-courses and drains is not as well understood by the people as it should be. When a farmer desires to drain his land the natural flow of the water is across his neighbors land, and it is his duty to call in the township engineer have the project drain located by him. The neighbor through whose land the new drain must be made, has the right, and it is his duty, to dig the drain through his own land make and outlet for the water. If he does not do so, then the projector of the drain can and has the right to go on his neighbor's land, make the drain and collect pay for his work. Either party, it seems, has the right of appeal against the award of the engineer, but he must do so within a certain time.

—The recital given by Miss Jessie Alexander in Union Hall last Friday evening was enjoyed by a large audience. It was difficult to state which of the selections given was most pleasing. The hearty and prolonged applause given showed how highly the efforts of the distinguished elocutionist were appreciated. Miss Rathburn's vocal solos commanded hearty echoes. Mr. Crawford, of Toronto, established himself as a favorite and his efforts were also heartily encored. Mrs. H. B. Rathburn skillfully played the different accompaniments. The platform was raised and decorated most artistically for the occasion. About fifty dollars was netted for the charitable purposes of the entertainment, the success of which is due chiefly to Miss Rathburn's energetic management.—Deseronto Tribune.

—The Lindsay Watchman of last week gives in poetic rhyme the peculiarities for which the girls of the different towns and villages are noted. We clip one stanza for insertion in order that Millbrook girls may have a chance to know whether they are being complimented or not: "Picton girls are proud and haughty, Port Hope

girls are sometimes naughty, Millbrook girls are great gate swingers, Prescott girls are real hand wringers." Not being sufficiently acquainted with the "modus operandi" of the fair belles of the town we ventured to ask the opinion of a young man near us who is not backward in his advances to the fair sex and from him we learn that there is perhaps a vein of truth in the insinuation. So we will simply order another set of hinges and grin and bear it.

—Miss Sophia Fee, daughter of Mr. Henry Fee of Pontypool, left last Saturday, per C. P. R. for a prolonged visit at Bowling Green, Ohio, the home of her aunt.

—James Kerr, Auctioneer, has received instructions from Mr. Wm. Tinney, to offer for sale by public auction in the village of Cavanville, on Monday, November 20th, his entire list of farm stock and implements, as well as a large number of Wagons, Buggies, Sleighs, Cutters, Carts, &c., for which Mr. Tinney has no room and cannot keep them over and will therefore dispose of them for what they will bring. Everything will be sold without reserve and twelve months credit will be given without interest. See bills.

—We drove out last Sunday to the Fallis' Line to hear Rev. Mr. Clarke's sermon to the orangemen and were fully repaid for our trip. In fact everything in connection with the 5th of November commemoration there was of special interest. A beautiful church, nicely furnished, an excellent choir of whom Mr. Clark himself is not the least important and as fine a turnout of the upholders of the protestant faith and British Crown as could be found in Canada. Taking a text from Mathew 23, the Rev. Pastor preached a sermon full of instruction and admonition. Giving a full but brief history of the rise of protestantism, its many hindrances and its success of today, Mr. Clarke must be complemented to the highest extent. The handsome farm houses, commodious out buildings and well tilled and fertile lands of the neighborhood are we think unsurpassed in any part of the province.

—The Guy Fawkes celebration which took place on Monday night last was a most decided success in every particular. Long before the hour of starting Tupper-st. was crowded with boys of all sizes and ages, eager to take part in the procession by carrying a torch, slugging a drum or blowing a fog horn. At about 8 o'clock, after some trouble in getting ready, the procession started, headed by a gray horse ridden by a youth who vainly tried to fill a fog-horn about the size of himself. Closely following him came a platform wagon, driven by one of our most prominent merchants, Mr. William Lang, on which stood Guy Fawkes quite erect, holding a fuse in one hand while the other was quietly stuffed in his vest pocket. Two stalwart policemen of (we presume) Irish origin, walked on each side and kept an eager eye over him. Next came a wagon with mottoes "Down with Popery" and "Three Cheers for King William." Following this was a string band comfortably seated in an ancient looking carriage well fitted for the occasion in charge of our city carter, whose horse nearly lost its left eye by the premature discharge of a sky-rocket. We understand that this carriage was once the property of one of Cavan's forefathers. Several other rigs not less prominent and well adapted for the purpose, followed rail-fence fashion. About fifty torches were distributed to boys who were also in line. At the end was a platform rig from which sky-rockets and colored lights were sent up and from which guns were also fired in a rather surprising manner. At the sides and in through the procession were men and boys dis-

guised beyond recognition, blowing horns, shouting and beating drums to the best of their ability. After marching on King-st. from the station on the west to gravel road on the east, a halt was made on Tupper-st., where a large and anxious crowd was awaiting to see the burning of Guy Fawkes, which took place mid great noises while the band played the "Protestant Boys." Much credit is due Messrs. Ernie Clarry and George Leach, who were the promoters and principal workers in the scheme.

A Boston Boy's Eyesight Saved—Perhaps His Life

By Hood's Sarsaparilla—Blood Poisoned by Canker.

Read the following from a grateful mother: "My little boy had Scarlet Fever when 4 years old, and it left him very weak and with blood poisoned with canker. His eyes became so inflamed that his sufferings were intense, and for seven weeks he

could not open his eyes. I took him twice during that time to the Eye and Ear Infirmary on Charles street, but their remedies failed to do him the faintest shadow of good. I commenced giving him Hood's Sarsaparilla and it soon cured him. I have never doubted that it saved his sight, even if not his very life. You may use this testimonial in any way you choose. I am always ready to sound the praise of

Hood's Sarsaparilla because of the wonderful good it did my son." **ABBE F. BLACKMAN, 2888 Washington St., Boston, Mass.** Get HOOD'S.
