SUNDAY SCHOOL ORGANIZATION.

A Full Report of the District Committee Meeting—Matters of Interest Considered.

At Lindsay, on Nov. 7th, the sub-committee of District No. 4, Eastern Ontario Sunday School Association, met in terms of adjournment in the Benson House. The meeting was opened with prayer by Rev. John McEwen. There were present with the chairman of committee, Mr. R. W. Clarke, Millbrook, Rev. J. McEwen, secretary; Mr. Alfred Day, general secretary; Dr. W. T. Harrison and Mr. H. J. Lytle.

Communications were read from Messrs. H. C. Webb and W. E. McNaughton, Cobourg, and from Messrs. J. H. Delamen and E. C. Young, Minden. Rev. W. Lawrence and Rev. W. A. Bunner, Minden, were added to the sub-District committee for 1894.

It was arranged to visit the county of Victoria early in March next, Rev. J. McEwen to take the eastern side of the county and Mr. Alfred Day the western, visiting each township, and closing with a meeting for organization in the town of Lindsay.

Messrs. Day and Clarke were appointed to confer with Sunday school workers in the town of Port Hope and secure if possible its hearty co-operation with the Sunday school organization of East Durham.

After conference it was resolved that the following unanimous resolution be forwarded to the secretaries of East and West Durham to be brought before their annual convention for action:—

Inasmuch as the territory in East and West Durham is very limited and their boundaries only useful for political purpose and inasmuch as the S. S. Association desires to economize in the number of county organizations, this district committee earnestly recommends that since there is or may be township organizations in each riding that they unite into one county organization and the annual convention be held east or west as may be agreed upon in convention, and that a copy of their action in this matter be forwarded to the S. S. Secretary of each riding respectively, also to Mr. Alfred Day, Deer Park.

The secretary of the district was requested to call the attention of the executive of Northumberland to the desirability of their completing their township organization in visiting and organizing the township of Percy, and further that the executive of East Durham endorse the action of South Monaghan in uniting with North Monaghan in the county of Peterborough, because of the greater convenience to them in township work.

After conference it was agreed to send the following resolution and recommending it to the action of all county and township organizations:—

That inasmuch as the value of home classes along the line of the International S. S. Lessons, as an important element of religious home life, is coming to be felt as of great importance, it is recommended that the subject be put upon every programme of every convention to be held in 1894 and committed to some person who either understands their working, or who shall inform himself on the subject; for all information write to J. J. Woodhouse, box 323, Toronto, for circular No. 238, the Home Department of the Sunday school, who will supply free.

Lengthened consideration was given to the matter of holding the annual county conventions consecutively and thereby economize time, money and the service of the general secretary, and the following as the programme for 1895 for this district was agreed upon to be submitted to counties in 1894:—Haliburton the last Monday in February; Victoria, the last Tuesday and Wednesday in February; Peterborough, the first Thursday and Friday in March; Durham, the first Monday and Tuesday of March; Northumberland, the Thursday and Friday following.

The officers of the District Committee were re-elected for 1894, and adjourned to meet in Cobourg at the call of the chairman, Mr. R. W. Clarke, Millbrook.

A Wire Fence Patent.

"A well known gentleman in conversation with a reporter yesterday afternoon said that many farmers in the neighborhood townships had used the Russell patent wire fence on their farms, and some of the erectors of this fence has received communications from Brockville, from the Shedd Wire Fence Co., notifying them that they would be prosecuted for being parties to the infringement of their patent. He had learned that one or two farmers had already been served with writs claiming damages, while other farmers had received notices that unless they settle for the alleged infringement of the patent at once the firm would take process against them according to law. In this connection the farmers need not be much concerned at the probability of getting into trouble. Mr. J. J. Brady is said to be the local agent for the Shedd Co."—Port Hope Guide.

BAKER VS. FRY ESTATE.

"This was an action regarding a patent fence. The plaintiff showed under the Shedd patent arrangement that the defendants using the Russell patent, is an infringement on the former. The court dismissed the action with costs."—Peterboro' Review.

Owing to the short crops and low prices and consequently the scarcity of money generally, we have decided to help our customers over this depression and also make it a means of largely increasing our trade by buying large lines that are constantly offered us at a sacrifice and selling them at a small profit, and in many instances at cost, and thus extend our trade to a radius of fifty miles. As Saturday is the day already that people are out marketing and taking advantage of single fares, we have decided to make it our leading BARGAIN DAY, both morning, afternoon and evening, beginning

SATURDAY, NOV. 25th.

Below we enumerate a few of the different lines we have now to offer:—
