

"Only the Scars Remain,"

Says HENRY HUDSON, of the James Smith Woolen Machinery Co., Philadelphia, Pa., who certifies as follows:

"Among the many testimonials which I see in regard to certain medicines performing cures, cleansing the blood, etc., none impress me more than my own case. Twenty years ago, at the age of 18 years, I had swellings come on my legs, which broke and became running sores. Our family physician could do me no good, and it was feared that the bones would be affected. At last, my good old

Mother Urged Me to try Ayer's Sarsaparilla. I took three bottles, the sores healed, and I have not been troubled since. Only the scars remain, and the memory of the past, to remind me of the good Ayer's Sarsaparilla has done me. I now weigh two hundred and twenty pounds, and am in the best of health. I have been on the road for the past twelve years, have noticed Ayer's Sarsaparilla advertised in all parts of the United States, and always take pleasure in telling what good it did for me."

—"Steal rails for the C. P. R." is the heading in an esteemed contemporary. Some of us may be making preparations to steal wood and coal for ourselves, seeing that the muskrat and the goosebone say that it is going to be a hard winter, but we are not going to steal rails or railway ties for anyone. If Van Horne wants to get rails that way let him steal them himself.

If anything strikes your mind that would be interesting to the readers of THE REPORTER, send it in whether from the village or country, we want all the news that will make THE REPORTER instructive and like a letter from a friend. Can't you help us?

—How true it is that "misfortunes never come singly" and equally true that "we know not what an hour or a day may bring forth." The sudden and sad death of John Ward referred to in our correspondence from Janetville casts a gloom over the whole community. In all the freshness and vivacity of young manhood while stopping to take an interested look at the workings of a stumping machine he was struck down by the breaking down of the machine. This is the second bereavement the home has lately had to pass through. We tender the heartfelt sympathy of the REPORTER to the sorrowing family, although words are veritably mocking under such calamities.

—The editor of an American weekly journal lately lost two of his subscribers through accidentally departing from the beaten track in his answers to correspondents. Two of his subscribers wrote to ask him his remedy for their respective troubles. No. 1, a happy father of twins, wrote to enquire the best way to get them safely over their teething, and No. 2 wanted to know how to protect his orchards from the myriads of grasshoppers. The editor framed his answer upon the orthodox lines, but unfortunately transposed their two names, with the result that No. 1, who was blessed with twins, read to his query: "Cover them carefully with straw and the little pests after jumping about in the flames a few minutes will speedily be settled." While No. 2, plagued with grasshoppers, was told to give a little castor oil and rub their gums gently with a bone.

Deaf for a Year Caused by Catarrh in the Head

Catarrh is a CONSTITUTIONAL disease, and requires a CONSTITUTIONAL REMEDY like Hood's Sarsaparilla to cure it. Read: "Three years ago, as a result of catarrh, I entirely lost my hearing and was deaf for more than a year. I tried various things to cure it, and had several physicians attempt it, but no improvement was apparent. I could distinguish no sound. I was intending putting myself under the care of a specialist when some one suggested that possibly Hood's Sarsaparilla would do me some good. I began taking it without the expectation of any lasting help. To my surprise and great joy I found when I had taken three bottles that my hearing was returning. I kept on till I had taken three more. It is now over a year and I can hear perfectly well. I am troubled but very little with the catarrh. I consider this a remarkable case, and cordially recommend Hood's Sarsaparilla to all who have catarrh." HERMAN HICKS, 30 Carter Street, Rochester, N. Y.

—WORTH OF—

DRY GOODS

MUST BE SOLD WITHIN NEXT 30 DAYS AT

HALL, GILCHRIST & CO'S

GREAT REALIZATION SALE,

Commencing Saturday, November 18th.

We just begin to realise the fact that in another month our buyer will be off to Europe to buy Spring Goods. We must therefore in thirty days scratch together \$20,000 for him to take along to pay for what he buys. With this in view we have decided to quickly and promptly set to work and raise the above amount by hook or by crook. To accomplish this we know that the pruning knife must be put in liberally, and that we must present you a tempting list of Bargains we think you will appreciate our efforts, in this direction when you see what we have to offer you. Goods that you need now at the commencement of the winter season at prices such as are often quoted in February when you don't need the goods at any price.

We do not expect to raise this large amount (and our buyer says he must have it) by quietly standing behind our counter with our hands in our pockets, Micawber-like, "waiting for something to turn up that will bring customers in of themselves," but we do expect that this announcement with our list of sharply cut prices for attractive lines of goods will convince you, that in justice to yourselves, you cannot allow this opportunity to pass unheeded.

It don't need much logic to convince you these hard times (when our friends in the country are getting only 56c. a bushel for wheat, and which fact indirectly effects every citizen in like proportion) that if One Dollar will buy you as much when spent with us as \$1.35 will when spent in most places, that ours is the place to deal at.

Every department will contribute its share of bargains. We have spent mostly every evening this week marking down prices and you will make a mistake if you do not attend this GREAT SALE.

Hall, Gilchrist & Co.,
Peterboro, - Ontario.
