

A Wash Day  
AND  
No Steam  
IN THE  
House

AND the work  
so cut down  
that a young  
girl or delicate  
woman can do a  
family washing  
without being  
tired.  
NO HEAVY BOILERS  
TO LIFT  
You Say:  
HOW?

BY USING

**Sunlight**  
SOAP

According to Easy Directions

Put aside your own ideas next wash-day  
and try the easy, clean, "SUNLIGHT" way.

**DON'T** Let another wash-day go by without  
trying it.

**SISTER JONES' CONFESSION.**

I thought the deacon liked me, yit  
I warn't adzackly shore of it,  
Fer mind ye, time and time ag'in  
When jiners 'ud be comin in  
I'd seed him shakin hands as free  
With all the sistern as with me!  
But jurn last revival, where  
He called on me to lead in prayer  
An kneeled there with me side by side,  
A whisper'n "he felt sanctified  
Jes' tetchin of my gvarment's hem."  
That settel things as fur as them  
There other wimmin was concerned!  
And—well, I know I must 'a' turned  
A dozen colors! Flurried? La!  
No mortal sinner never saw  
A gladder widder than the one  
Kneeled there and wonderin  
Who'd pray! So glad, upon word,  
I rally couldn't thank the Lord!  
—James Whitcomb Riley.

Hardy climbing plants are among the most  
desirable ornamental plants.

Scrofula, whether hereditary or acquired,  
is thoroughly expelled from the blood by  
Hood's Sarsaparilla, the great blood purifier.

From a strictly commercial point of view  
the chrysanthemum has become of national  
importance.

Many people for years suffer from trouble-  
some and repulsive sores, boils, and eruptions,  
without ever tasting the marvelous  
curative properties of Ayer's Sarsaparilla.  
The experiment is, certainly, worth trying.  
Be sure you get Ayer's Sarsaparilla and no  
other.

Half hardy is the term applied to plants  
requiring protection during winter, but  
which can endure some frost.

The smallest "cat-boil" is large enough  
to show that the blood needs purifying—a  
warning which, if unheeded, may result,  
not in more boils, but in something very  
much worse. Avert the danger in time by  
the use of Ayer's Sarsaparilla. Cured others,  
will cure you.

It is that the Alaska quince is a prolific  
variety, a good keeper and shipper, hardy  
and ripening its fruit among the first.

**Nursery Medicines**—We do not believe in  
dosing children with drugs and medicines  
from the time they arrive in the world till  
they are grown, as some do. We have  
found a little castor oil and a bottle of Perry  
PAIN-KILLER safe and sure remedies for all  
their little ills, and would not do without  
them. Get the New Big Bottle, 25c.

A flock of nine wild geese alighted on the  
farm of Mr. Reauley, 8th con. of Nissouri,  
Oxford county, during the snow storm of  
last week, and the gender leading the flock  
was captured in a barbed-wire fence. They  
are a rare bird.

**Its Excellent Qualities.**

commend to public approval the California  
liquid fruit remedy Syrup of Fies. It is  
pleasing to the eye, and to the taste and by  
gently acting on the kidneys, liver and  
bowels, it cleanses the system effectually,  
thereby promoting the health and comfort  
of all who use it.

Henri Mercier, son of ex-Premier Mercier,  
Paul McMartigny and Joseph A. Pelland  
were caught Sunday night in a deliberate  
attempt to blow up the Nelson movement  
at Montreal with dynamite. All three  
were placed under arrest.

**Corn Sowing.**

Is a process conducted by the agency of  
tight boots all the year round. Corn reap-  
ing is best conducted through the agency of  
Putnam's Painless Corn Extractor, the only  
safe and sure-pop corn cure. Putnam's  
Extractor is now widely imitated. Beware  
of all poisonous and sore-producing sub-  
stitutes: they are dangerous to use and  
are sold simply because they afford the  
dealer large profit.

**STRAYED.**

Strayed into the premises of Thos. Elliott, Lot  
19, Con. 8, Cavan, on or about the 5th of July,  
a red and white heifer with short horns, a star  
on her forehead, her right ear split, rising two  
year old. The owner is requested to prove  
property pay expenses and take her away.

**WELL!**

Has your well got a good pump in it? If  
not, why not?

**G. W. GREEN**

The Millbrook manufacturer, can supply  
you with any design of pump you want and  
at prices to suit the times. Among those of  
his own manufacture or that of other  
make he holds the EUREKA pump to the  
front, as it is the only pump on the market  
that can be regulated so as to throw either  
a light or heavy stream.

If you require a pump give him a call and  
he will suit you.

He handles a pump specially designed  
for gardeners and fruit growers. It is a  
spray pump without either plunger or valve,  
so that there is no danger of it getting out  
of order in using poisonous liquids.
