The Best Medicine.

J. O. WILSON, Contractor and Builder, Sulphur Springs, Texas, thus speaks of Ayer's Pills:

"Ayer's Pills are the best medicine I ever tried; and, in my judgment, no better general remedy could be devised. I have used them in my family and recommended them to my friends and employes for more than twenty years. To my certain knowledge, many cases of the following complaints have been completely and

Permanently Cured by the use of Ayer's Pills alone: Third day chills, dumb ague, bilious fever, sick headache, rheumatism, flux, dyspepsia, constipation, and hard colds. I know that a moderate use of Ayer's Pills, continued for a few days or weeks, as the nature of the complaint required, would be found an absolute cure for the disorders I have named above."

"I have been selling medicine for eight years, and I can safely say that Ayer's Pills give better satisfaction than any other Pill I ever sold."—J. J. Perry, Spotsylvania C. H., Va.

—Best American water white Coal Oil ever brought into Millbrook, at R. J. DOAK'S.

—A desire having been expressed by many to see the Foresters' Hall we are instructed to intimate that it will be open for inspection and a committee in attendance on this (Thursday) afternoon when those who wish may call up and inspect.

—Winnipeg went Reform in the elections last week to fill the vacancy caused by the resignation of Hugh Jno. Macdonald, son of the late Premier. Ex-Attorney General Martin is the lucky man and by all accounts a good one.

—Listen to this offer. If you want the local news together with the foreign happenings daily in a nutshell, The Millbrook REPORTER and Toronto Daily World both for \$2.50 a year, an offer hitherto unheard of, and only secured by cash in advance.

—Mr. J. H. Gardiner, auctioneer, will offer for sale for Mr. James Mitchell, on Thursday, Dec. 7th, his farm, being the east half of lot 1 in the first concession of Cavan, together with all his farm stock and implements. Sale at one o'clock. Twelve months' credit.

Thompson and Sir Christopher Robinson, Q. C.

—Buttercups in November. We were shown by Mr. Geo. Sootheran last week a bouquet of buttercups picked from Needler's pond on November 21st. To those who are expecting the end of the world this reversion in nature's plan will be perhaps another evidence, as for ourselves if the change were in the article and a cup of butter left around the sanctum we'd smack our lips.

—Enamel. The only smokeless, odorless and perfect stove-pipe varnish is for sale at R. J. DOAK'S. Buy no other until you have tried ours. For stoves we have the celebrated Black Led. It is excellent polish. Try it.

—The entertainment given by the dramatic club on Thanksgiving night was so far as we can learn quite successful. We had intended going but circumstances intervened which prevented our doing so, in fact let us just whisper that an editor was never known to have more than one dollar in his pocket at once, and the band having chosen that day for their rake in we were somewhat strapped and not having any negotiable personal property in the words of Mr. Wemmick to Pipp except our pastepot and scissors we had to accept the inevitable.

—Keep your eye on W. Archer for Boots, Shoes and Rubbers. Everything marked down to hard time prices. Men's long Kip-Boots reduced from \$5.00 to \$4.00. Men's Lace Boot only 85c. All other lines equally low.

—The Rev. Dr. Sutherland preached two excellent sermons in the Methodist church on Sunday last. Although it will add nothing to the worthy missionary secretary's acknowledged reputation to receive our notice of praise, we feel constrained to say that for beauty of language, aptness of expression, vigor of presentation, originality of ideas, simplicity, earnestness and argument we have heard nothing to surpass his discourse of Sunday evening. "Will you no come back again."

—The old Saying, "Strike while the iron is hot" is all very good for the striker, but how about the iron? Our band boys must have thought of the bold strike they were making when on Thanksgiving day they trooped into the premises of the REPORTER as we were enjoying our after turkey whiff, feeling at peace with all men, and regaled us with that modulated melody which in ancient times we are told drew even the trees and stones to bend their ears to the sweet music of Orpheus. Yes, we were like the iron—we got struck, then we got stuck. It's all right boys, we appreciate your exertions and labors given freely, very often discouraged by mossbacked grumblers who would prefer shelling out over an hotel bar. The REPORTER will stand by the band even if the missionary box has to be turned out to give you a lift.

—W. Thexton is selling hardwood at \$3.50 per cord for cash. It is going fast, send your orders quickly. 4c.

—We have read of absent-minded people, such as the man who got out invitations for a ball and having made all preparation waited for the arrival of the guests and when they failed to present themselves, ascertained the invitation had never been sent out, or of the man who put his clothes to bed and hung himself over the back of the chair, but we did not suppose that in our own little town we had a prominent individual who would drive his pony to the station, see the train depart with his passenger and then take a hack down town, leaving the poor cuddy to shiver in the chill November winds. Such is life.

—The *Sentinel-Star* of last week gives an account of a wife suing her husband for anti-nuptial promises which he failed to keep. Lands alive we've been thinking of all the excessive pledges we gave utterance to in our anti-nuptial and youthful simplicity and although we have kept the report away from the eyes of our betterhalf, we have at the same time attended with assiduous cheerfulness to the woodbox, waterpail and spittoon for fear of being brought before the beak. Now let us whisper to young admirers, middle-aged wooers, or older worshippers; mind what you say in your love pleadings or you may have cause to sorrow when too late.

—The anniversary services of the Falls Line Methodist church were held on Sunday and Monday Nov. 19th and 20th. On Sunday morning Rev. T. S. McKeep preached a helpful and instructive sermon from Acts 1, 8. In the evening the Rev. J. Kilgour preached in his usual able manner to a crowded house. The tea on Monday was well patronized, admirable addresses were delivered by Revs. D. N. McCamus, R. N. Adams and J. W. Bunner. Miss Winslow recited two pieces very acceptably. Mr. Preston and Mr. Benson were encored and the choir furnished good selections of music. Mr. W. D. Nugent was selected as chairman of the evening.

—The *Delineator* for January commences a new volume, and is called the "Winter Holiday Number." It is an unusually attractive issue, the fashions being appropriate to the season, and the reading matter varied and interesting. The distinct holiday flavor is contributed by a helpful article, entitled What the Shops Show, and another reviewing the books issued for the holiday season. Household Renovation deals with the cleansing of various articles, and gives valuable information about cleansing fluids, Child Life treat's of Training a Boy for Business, and Physical Culture continues the instruction given last month on the Physical Expression of Emotions. Small Economics is a particularly seasonable and valuable article at this time, and one that will be of service to every housekeeper; and much may be gained from the second paper on Things that should be Left Unsaid. An illustrated article on House and Street Gowns is of general interest to ladies, and another appropriate to the time is Fur Sets and Trimmings. The Tea-Table Talk for the month is full of information, and an unusually attractive assortment of designs is given in Tatting, Knitting, Crocheting, Lace-Making, etc., etc. The subscription to the *Delineator* is only One Dollar a year; Single Copies, 15 cents. Address orders to The *Delineator* Publishing Co. of Toronto (Ltd.), 33 Richmond Street West, Toronto, Ont.

Raised from the Dead

Long and Terrible Illness from Blood Poisoning

Completely Cured by Hood's Sarsaparilla.

Mrs. Mary E. O'Fallon, a very intelligent lady of Piqua, Ohio, was poisoned while assisting physicians at an autopsy 5 years ago, and soon terrible ulcers broke out on her head, arms, tongue and throat. Her hair all came out. She weighed but 78 lbs., and saw no prospect of help. At last she began to take Hood's Sarsaparilla and at once improved; could soon get out of bed and walk. She says: "I became perfectly cured by Hood's Sarsaparilla and am now a well woman. I weigh 128 lbs., eat well and do the work for a large family. My case seems a wonderful recovery and physicians look at me in astonishment, as almost like one raised from the dead."

Hood's PILLS should be in every family medicine chest. Once used, always preferred.

—WORTH OF—

DRY GOODS

MUST BE SOLD WITHIN NEXT 30 DAYS AT

HALL, GILCHRIST & CO'S

GREAT REALIZATION SALE,
Commencing Saturday, November 18th.

We just begin to realise the fact that in another month our buyer will be off to Europe to buy Spring Goods. We must therefore in thirty days scratch together \$20,000 for him to take along to pay for what he buys. With this in view we have decided to quickly and promptly set to work and raise the above amount by hook or by crook. To accomplish this we know that the pruning knife must be put in liberally, and that we must present you a tempting list of Bargains we think you will appreciate our efforts in this direction when you see what we have to offer you. Goods that you need now at the commencement of the winter season at prices such as are often quoted in February when you don't need the goods at any price.

We do not expect to raise this large amount (and our buyer says he must have it) by quietly standing behind our counter with our hands in our pockets, Micawber-like, "waiting for something to turn up that will bring customers in of themselves," but we do expect that this announcement with our list of sharply cut prices for attractive lines of goods will convince you, that in justice to yourselves, you cannot allow this opportunity to pass unheeded.

It don't need much logic to convince you these hard times (when our friends in the country are getting only 56c. a bushel for wheat, and which fact indirectly effects every citizen in like proportion) that if One Dollar will buy you as much when spent with us as \$1.35 will when spent in most places, that ours is the place to deal at.

Every department will contribute its share of bargains. We have spent mostly every evening this week marking down prices and you will make a mistake if you do not attend this GREAT SALE.
