"When I was a Boy,"

Writes Postmaster J. C. WOODSON, Forest Hill, W. Va., "I had a bronchial trouble of such a persistent and stubborn character, that the doctor pronounced it incurable with ordinary medicines, and advised me to try Ayer's Cherry Pectoral. I did so, and one bottle cured me. For the last fifteen years, I have used this preparation with good effect whenever I take

A Bad Cold,

and I know of numbers of people who keep it in the house all the time, not considering it safe to be without it."

"I have been using Ayer's Cherry Pectoral in my family for 30 years, with the most satisfactory results, and can cheerfully recommend it as being especially adapted to all pulmonary complaints. I have, for many years, made pulmonary and other medicines a special study, and I have come to the conclusion that Ayer's Cherry Pectoral occupies a position pre-eminent over other medicines of the class."—Chas. Davenport, Dover, N. J.

—Christmas is almost here! Have you bought your fruit? If not, call at R. E. Stanton's and see his stock of Raisins, Currants, &c., they are better than any other year's stock. No trouble to show the goods.
—On account of the Storm on Sunday last the Sacrament of the Lords Supper which was to have been dispensed in the Presbyterian church has been postponed until next Sunday at the same hour.
—The North Bruce bye-election for the Legislature on Saturday resulted in the election of Mr. McNaughton, the Patron candidate. In East Lambton Mr. McCallum, the nominee of the Protestant Protective Association, was successful.
—J. J. Preston, Deputy Reeve, Manvers was in town on Tuesday, we did not notice that "glad to see you" smile on his face, but then J. J.'s, natural contour is so bewitching that it requires no put on election good humor to beguile the people.
—Well friend how did you come out? Asked our *Bland* man of one who had got through with a magisterial Court and stepped out unto the side walk opposite the Dominion. Oh I came out of the door, was the laconic reply. And now our interested enquirer is wondering what the boys laughed at so uproariously.
—Now doth the small boy lie him forth—so soon as snow shrouds mother earth; with tuck and mittens, sleigh in tow, to top of hill, what for to do? Just watch him give the sleigh a kick, to place it tight, then O' how quick, he lays him flat—ker whizz, ker chuck—the boy, the sleigh, both bottom-side up.
—All the church attenders on Sunday last both morning and evening might have found lots of breathing and sitting space in any one of our tabernacles, which reminds one of Scotch Sandies description of the state of religion in his parish: There's just me and Jamie the sexton, that are at a religious and now I've me doubts about Jamie.
—Mr. Ira Natrass, who has been engaged in the butcher business here for a number of years, has disposed of his interest in the business, and is now engaged killing for farmers and others requiring such work. Ira is a good man in the business and those engaging him will be sure of good work at the lowest prices.
—Mr. Geo. Vance, Barrister, son of our worthy Post Master has hung out his shingle in Shelbourne. Geo. was well liked here, and we bespeak for him a successful career in his new home. We have no hesitancy in recommending him to those who require legal assistance as one thoroughly upright careful and shrewd in the ways and devices of the profession.
—A meeting of the friends of temperance was held in the Y. M. C. A. Hall, Port Hope on Friday. Messrs. Rev. W. G. Clarke, T. E. Jenkins and Wm. Archer were named as an executive committee for Millbrook. Rev. W. G. Clarke was appointed to conduct meetings in Millbrook and Cavan.
—It pays to advertise in the REPORTER for your local wants. One of our townsmen inserted a few lines last week, no doubt expecting it to remain a month, at least before satisfactory results were obtained but one issue brought the desired object. The REPORTER did it, not Ju Jah.
—In the *Examiner* of last week we notice that a rowdy who kicked up a disturbance and smashed a man's face was fined \$100 and costs. Now perhaps the man's skull was too thin and not a fit one to go into a fight with, but if those roughs who raise disturbances in our town were treated to the same dose of justice, we'd have less of our bar-room ruffianism in Millbrook.
—Judge Benson was in town on Thursday last, making a final revision of the Voter's List. Only a few changes were made of an important character. What was more important, we thought, was objected to viz., giving ye editor the opportunity of being buttonholed by the would-be candidates for municipal and legislative honors. O' well if we're not of age and can't vote, we and Gordon can be on hand at the other part of the game.
—The Presbyterian concert on Tuesday evening of last week was not so successful as expected, on account of the bad weather. In fact our local followers of John Knox appear to have more than a share of the anger of the elements, no doubt it is to encourage them to remember that trials and tribulations are inseparable from church work as well as from mundane undertakings. Mr. Ramsey did very well notwithstanding some of his productions were a repetition of what Fax gave at the band concert. The local talent was of first-class order and from young to old the parts were so well taken that to single anyone out for special praise is impossible. Better luck next time.
For pity's sake, don't growl and grumble because you are troubled with indigestion. No good was ever effected by snarling and fretting. Be a man (unless you happen to be a woman), and take Ayer's Sarsaparilla, which will relieve you whether man or woman.

—W. Thexton is selling hardwood at \$3.50 per cord for cash. It is going fast, send your orders quickly. 46.
The latest style of wedding invitation card, reads as follows: "Miss _____ your presents is requested at the house of Mr. _____ to witness the marriage of his daughter to Mr. _____ on _____ at 5 o'clock. Signed Miss _____"
Thousands of lives are saved annually by the use of Ayer's Cherry Pectoral. In the treatment of croup and whooping cough, the Pectoral has a most marvelous effect. It allays inflammation, frees the obstructed air passages, and controls the desire to cough.

The STAR Almanac of Montreal for 1894 has 450 pages. Thirty thousand facts and twenty thousand subjects. It is the great popular Almanac of the day, and it is not surprising that the demand for it is so enormous even before a single copy is ready for sale.
The City Fathers.
We dropped into the council chamber on Monday evening to witness our City Fathers clear off the slate of municipal work. After routine business of passing accounts had been disposed of, a petition was presented signed by a large number of village ratepayers (in all earnestness no doubt) asking that the humble village Councillors be pleased to grant a pension to an old veteran, Sir William Gordon. Councillor Bateson suggested with all modest composure, that certain warm quarters in the County Castle be called into requisition, but the aged Patriarch in the chair of office objected, not so much from principle but on account of the personal abuse he had received for a similar action before. The board at this juncture took a recess of ten minutes, so that, aided by a whiff they might better adjudicate upon the serious matter. The whole matter would have been speedily dispatched for the sufficient reason, that the man who is able to work, and can get work, but won't work, should be made work, but then that petition, like the sword of Democles, was hanging by a cord only three weeks long over their heads. Upon resuming position the matter was laid over for future determination. Then Josh. McMahon came before the board pleading inability to address such assumed wisdom, but his life-long and intimate knowledge of the aged Patriarch since the days of our esteemed poor old Steam Bob gave him courage. He was tickled to see such a fine lot of citizens and if they would allow him two days wages for opening a drain he would pass upon them as individuals worthy of the blessings of a broken leged man. A somewhat heated discussion took place between the Patriarch and Councillors Bateson and Campbell upon the remission of taxes to Robt. Lackey on the new street property which after a few personal stabs which would be better left out of council discussions, was left over until next meeting. Probably if the Reeve would tax all the streets the rate would be lower next year.

Catarrh, Heart Failure, Paralysis of the Throat

"I Thank God and Hood's Sarsaparilla for Perfect Health."
"Gentlemen: for the benefit of suffering humanity I wish to state a few facts: For several years I have suffered from catarrh and heart failure, getting so bad I could not work and
Could Scarcely Walk
I had a violent pain in the throat and chest, and I could not breathe. The doctors said it was caused by catarrh and gave me medicine, which I took according to directions, but it did not seem to do me any good. My wife urged me to try Hood's Sarsaparilla, telling me of Mr. Joseph C. Smith, who had been
At Death's Door
but was entirely cured by Hood's Sarsaparilla. After talking with Mr. Smith, I concluded to try Hood's Sarsaparilla. When I had taken two bottles I felt very much better. I have continued taking it, and am now feeling excellent. I thank God, and
Hood's Sarsaparilla
and my wife for my restoration to perfect health." HARVEY HEED, Laceyville, O.
