

BY SPECIAL APPOINTMENT, HER MAJESTY THE QUEEN

Why,
Because SUNLIGHT SOAP is perfectly pure, and contains no injurious chemicals to injure either your clothes or your hands. Greatest care is exercised in its manufacture, and its quality is so appreciated by the public that it has the largest sale of any soap in the world.

How
Can you test this? If you have never tried SUNLIGHT SOAP, ask those who use it what they think of it, then try it for yourself. The result will please you, and your clothes will be washed in far less time, with less labour, greater comfort, and will be whiter than they have ever been before when you used ordinary soap.

Is That
not the best way to decide the matter? First by enquiring what the experience is of those who already use it. Secondly, by a fair trial yourself. You are not committed in any way to use the soap, all we ask is: Don't delay, try it the next washing day.

A GREAT OFFER.

The *Globe* of Toronto is offering great inducements in connection with their weekly for 1894. A very useful thing for a handy person.—New Orleans Picayune.

The "Hints" are comprehensive enough, and the wonder is they aren't called "Household Encyclopedia."—Cincinnati Commercial Gazette.

No well regulated household should be without a copy of "Hints for the Million."—Spirit of the Times.

In a wonderfully compact form a vast amount of information.—Manchester Union.
The book will be forwarded free of postage. The offer is a most liberal one and would secure a large increase in the circulation of that old established and excellent newspaper.
