Anniversary Services of Christ Church.

The Anniversary services of Christ Church, Bailieboro, were held on Sunday Jan. 7, and were very hearty and enthusiasuc-though owing to the snow storm, there was a small attendance in the morning. The Rector read the prayers ar both services. The Rev. Alex. Allen, of Christ Church, Springfield, Ill., preaching in the morning and the Rev. T F Summerhayes of Gore's Landing, in the evening. In the unavoidable absence of Mrs. Allen, Miss Collins, of Millbrook, kindly acted as organist morning and evening. Miss Rogers of Toronto, and Miss Smithson of Bailieboro sang sacred solos at the evening service, and thus rendered most acceptable assistance. The church was filled in the evening with a very attentive and interested congregation. The Choir sang most heartily and well throughout, and the offertory amounted to over \$80, with envelopes yet to be got in. Mr. Wilfred Brown has recently been appointed churchwarden of Christ church taking the place of W T Lucas, who, much to the regret of the community, has gone for a time from Bailieboro.

Education of the Farmer's Son.

Among the Christmas issues arriving at this office, none is worthy of more attention than the holiday number of the "Farmer's Advocate and Home Magazine," London, Ont. As an exponent of agriculture along scientific and advanced lines, the "Farmers Advo cate stands to the front fifty-two weeks in the year, and as an example of fine uy-to-date journalism, this particular number deserves our hearty congratu lations. The illustrations, which in clude an engraving on the cover of the splendid new buildings just comthe splendid new buildings just completed for the Western edition of the paper in Winnipeg, are very fine, many of them being scenes typical of Cana dian agriculture as it is carried on from the Atlantic to the Pacific. Specia! articles appear from the pen of many able writers, including such men as I W Bengough; W H Collins, of the Geological survey of Canada; Hon. John Dryden; Rev. Father Burke, President of the P.E.I. Fruit growers Ohio, with a group of timely pithy articles contributed by the presidents of the various Provincial Agricultural Colleges on the education of the far mer's son.

WARD OFF DISEASE more harm than good tion from it would leave you nearer complete prostration than ever before. With stomach and blood in good order you can fight the battle of life successfully against

all odds. GOLDEN remedy for dyspep-Sia, and QUEENS Roor (Stillingia), has a direct action in promoting the renewal of the blood. Both of these are used in Dr. Pierce's Golden Medical Discovery in

such a way, by skillful extraction, combination and solution without alcohol that their best effects are secured. Many years of actual practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and n money, to perfect his own peculiar processes for rendering them both efficient

and safe for continuous use as tonic and

robuilding agents. The enormous popularity of "Golder Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of the ingredients. The publication of the names of the ingredients on the wrapper of every bottle hereafter to be sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an "unknown remedy."

ROYAL ARCH MEETING.

A special meeting of L.O, L. No 79 was held in the lodge room, Millbrook, on the evening of the gth, inst., to confer the Royal Arch Degree on five candidates who had been found worthy of advancement. The attendance was good, numbering about forty and including some prominent mem-

bers of the order from other lodges. Members of 79 who remember when such an attendance attracted no special notice, and who have stayed by the lodge during its period of depression, hailed this yery satisfactory meeting as an omen of promise-of a renewal of fraternal interest and the increased prosperity sure to follow. In a

protestant town like Millbrook a Society whose aims and tenets command assent and approval should enroll among its members draw large support from the town-
