An Enormous Record.

The subscription receipts of the annly Herald and Weekly Star of iontreal during December were thous ands of dollars over all previous rec 'oids. In fact, the rush of subscriptions was so great as to cripple for a time the largest staff of clerks they ever employed. The lovely picture "Queen Alexandria, Her Grandchil-'dren and Dogs," given as a premium, and the big value of the Family Her-'ald itself are responsible for the large increase, and it is said their farmers' book, "The Farmers' Manual and Veterinary Guide," has also won them over twenty thousand new subscribers. They are printing another edition of the book, and farmers who have not secured a copy should do so at once 'as it is of immense value to them. Samples of book and picture can be seen at this office. No such value has 'ever been offered at this office. ----

The organ recital in the Presbyterian Church on Sunday evening last was pleasing to the very large congregation. An appropriate sermon was preached 1by the pastor, Rev. Wm. Johnston, which was listened to with rapt attention. Mr. C. V. Pym, under whose .direction the recital was given, rendered several selections on the organ, and his great musical ability was again noticeable. The beautiful selection by the male quartette, Messrs H W Johnston, R J Doak, Eroll Hansman and C V Pym was really a treat. Not many chorrs in small towns have four such excellent male voices. The services throughout were hearty, and seve al have said they were even better than on former occasions of a similar J. G. FOSTER, Myrtle,

Words fail to express the appreciation our citizens and particularly the Presbyterian congregation and pastor feel towards St. Paul's Choir and its splendid leader for such a delightful evening, and we hope they will fayor us with another visit at no great distant date, when they would be in the greeted by a much larger but not a more appreciative audience than was present on Tuesday evening.
