

# CATARRH IN HEAD.

MR. WILLIAM A. PRESSER, 1723 Third Ave., Moline, Ill., writes:

"I have been suffering from catarrh in the head for the past two months and tried innumerable so-called remedies without avail. No one knows how I have suffered, not only from the disease itself, but from mortification when in company of friends or strangers. I have used two bottles of your medicine for a short time only, and it effected a complete medical cure, and what is better yet, the disease has not returned."

Read This Experience. Mr. A. Thompson, Box 65, R. R. 1, Martel, Ohio, writes: "When I began your treatment my eyes were inflamed, nose was stopped up half of the time, and was sore and scabby. I could not rest at night on account of continual hawking and spitting."

"I have tried several remedies and was about to give up, but thought I would try Peruna. After I had taken about one-third of a bottle I noticed a difference. I am now completely cured, after suffering with catarrh for eighteen years."

"I think if those who are afflicted with catarrh would try Peruna they would never regret it. Peruna is manufactured by the Peruna Drug Mfg. Co., Columbus, Ohio. Ask your Druggist for a Free Peruna Almanac for 1909."

"What do you expect to be when you come of age, my little man?" asked the visitor. "Twenty-one," was the little man's reply.

Worms derange the whole system. Mother Graves' Worm Expeller purges the system and gives rest to the sufferer. It only costs 25 cents to try it and be convinced.

# YELLOW FOR HATE.

Blue Causes a Peaceful and Restful Feeling. "The effect of colors upon the temperament of human beings is enormous," remarked an eye specialist who has made a study of the subject.

"Speaking generally, I should say that green induces joy; white, activity; red, anger; blue, peace; and yellow, hate."

"The last-named color will bring out all a man's malign passions; and, in confirmation of this theory I may mention that the Chinese regard yellow as an emblem of evil. This explains their adoption of it as the sign of mourning, for death, they believe, is due to the evil spirits."

"The effects of blue are particularly noticeable on ocean passengers. With blue skies above and blue seas beneath, they experience a peaceful, restful feeling, not altogether to be accounted for by the invigorating air and the life on board ship in general."

"Have you ever noticed how restless a man becomes if he remain inactive in a red-papered room? The color seems to make him angry with himself and everyone round him."

"Green appears to have all the advantages of blue, but, containing as it does rays of red and yellow, a more joyous, full-of-life feeling is the result. And white? Where can you find more active people than those who dwell in the lands of snow and ice, in spite of the fact that the extreme cold has a tendency to deaden the body?"

"Yes; colors play a bigger part in life than many imagine."

RENEW YOUR YOUTH. Never before has the struggle for social and commercial success been so keen as in our own day, and to the victor and the vanquished alike comes a time when nerves and body cry for rest. Nature and science have combined to produce an environment where tired men and women may renew their youth.

The teacher was explaining to the class the meaning of the word homicide. "If I went out in a boat," he said, "and the owner knew it was leaking, and I was drowned, what would that be?" Little Willie's hand shot up, and his face was split by an eager smile. "Please, sir, a holiday, sir," he said.

the examination of these papers consumes considerable time, the Pope must be content with extracts from the rest of the Italian dailies, weeklies and monthlies. Dr. Jacob Orselli is the Pontiff's exchange editor, and it is his duty to cut everything, favorable or not, that might in the least interest the Holy Father. The clippings are pasted on large sheets of foolscap paper. At the head is the name of the journal and date of publication. All the clippings are placed in a strong linen envelope, marked with the date. Beneath that is a summary, stating the contents of clippings in a few well chosen words.

## KEEP CLIPPINGS.

Pope Pius reads the clippings after dinner and frequently marks them in blue pencil. The marked clippings go to the Papal Secretary of State. When he gets through with them they are placed in a certain department of the archives, arranged like a newspaper reference department. For the foreign press the Pope has no time. However, the Papal Secretary of State is a regular subscriber to all important newspapers the world over. Cardinal Merry del Val, too, employs a reader besides a number of translators. Everything of value in the foreign papers is translated into Italian and typewritten. The foreign clippings are filed away like those from the Italian press. As a consequence the Vatican reference department is forever requiring additional room.

## THIS ATHLETE OF FIFTY-TWO YEARS SAYS HE OWES HIS WONDERFUL ENERGY TO DODD'S KIDNEY PILLS.

Was Tortured With Rheumatism and a Cripple Till the Great Kidney Remedy Cured Him. Six Nations, Ont., Jan. 18 (Special).—Fifty-two years of age, but still young enough to captain the lacrosse team, J. M. SILVERSMITH of this place can truly be looked on as a wonderful athlete. One would naturally think he was all his life a healthy man. But it was far otherwise, and he unhesitatingly states that his wonderful energy and vitality are due to Dodd's Kidney Pills.

"I suffered from Rheumatism for over seven years," Mr. Silvermith says in telling his story, "and it finally made a complete cripple of me. My back was bent nearly double and when I tried to walk I had to use crutches. Latterly I could not get around at all and I suffered excruciating pain. "Two boxes of Dodd's Kidney Pills gave me relief; sixteen boxes cured me completely. "Dodd's Kidney Pills always cure Rheumatism because Rheumatism is caused by disordered Kidneys and Dodd's Kidney Pills always cure disordered Kidneys."

B., says: "About a year ago I was weak and miserable that I thought I would not live to see the next day. I could neither eat nor sleep. My blood was in a terrible condition. My entire system broke out with pimples and boils that would itch and burn and caused me great trouble. I went to the doctor and tried several medicines but to no effect. I was almost in despair when one day a friend asked me why I did not try Dr. Williams' Pink Pills. I decided to try them and took altogether eight boxes. By the time I had finished them I was like a different man. They not only purified and enriched my blood, but built up my whole system and I have not had a pimple on my flesh nor a sick day since."

## HORSEFLESH AS MEDICINE.

Valuable to People in a Delicate State of Health. Horseflesh, which is largely used by Parisian doctors in the feeding of invalids, is now being recommended by a number of prominent English medical men. Up to the present, however, it has rarely, or never, been prescribed in England, owing to the prejudice which exists against it; but this feeling will be gone when once the public realize how valuable it might be to a delicate state of health. An animal that had been used as a beast of burden would, however, be suitable for the purpose of a physician said. "It is tough that a man's teeth through it. The parts of the South of France are horse-farms, where the animals are prepared for market. They lead a sedentary life, and are the greatest care on the part of a horse contains carbohydrates than that of an animal which consequently help to extent in the formation of fat and muscle. And, that is it that our town-people sound muscle and the flesh of the horse is more tender than that of animals. Therefore, it is of greatest value to people of delicate constitution. Sun-dry the flesh, and grind it up to a powder, and you will find that even the most delicate people can enjoy it without fear of the consequences. As a food for invalids it stands alone."
