Some of the stories told in Toronto and elsewhere this winter of those in the ranks of the unemployed whose sensibilities are more in evidence than their sense, and of others who are more in earnest in protestation than in effort, remind one of the following:

In the Adirondacks lives a man too lazy to work, but evidently of great business ability. One winter, when he was sitting around smoking, his family came near starvation that winter of his neighbors, who could ill afford to help him, took up a collection and bought for the suffering family a barrel of flour, a barrel of pork and a lot of wood. They were not content with enough to eat the wood, but the business man knew how to manage. He fired some of the neighbors who had not contributed to his donation. To eat the wood, and paid them with half the pork, and half the flour.

**THIN BLOOD MADE STRONG**  
Tiredness and Weakness Overcome.  
A Joyous Letter.

"I admit because I neglected early treatment I am entirely to blame for the condition of weakness that for nearly two years made my life a misery," writes Mrs. Hazel of Newport. "At first I felt sort of flat in the morning and could do no more than pick at my breakfast. Later I remember my sleep was disturbed, that dreamy, restless sleep, from which you finally awaken, feeling as if you can never get up. Then I became thin, lost my color, got nervous and fearful about nothing, and kept thinking about myself all the time, and was irritable, cross and easily made cry. What would have become of me if I had not taken Ferr-zone I can't imagine. Ferr-zone put new life into me from the start. It strengthened my nerves and bronch back my color, and in a little while, less than three months, no healthier and brighter woman could be found anywhere. I highly praise Ferr-zone and advise sick people to take advantage of its health-giving properties.

Ferr-zone quickens the powers of both body and mind, simply because it forms the basis of the food of life and vitality. Ferr-zone creates appetite, gives strength, vim and endurance, is good for old people, good for everybody that needs better health. Thousands of men, women and children use Ferr-zone every day and all say it's the best nourishing, strengthening tonic made; try Ferr-zone yourself, 50c per box or six boxes for \$2.50. Sold by all dealers.

Knowing that money is the root of evil, most of us are trying to dig it up smartly.

**Making Good.**

There is no way of making lasting friends like "Making Good" and Dr. Pierce's medicines well exemplify this and their friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have made good and they have not made drunkards.

A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It cures many ailments, such as indigestion, dyspepsia, headache, nervousness, loss of appetite, and general debility. It is a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifested. Hence it has survived and grown in popularity while scores of less meritorious remedies have been discarded into oblivion for a brief period and then been soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, nervousness, loss of appetite, and general debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It is a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifested. Hence it has survived and grown in popularity while scores of less meritorious remedies have been discarded into oblivion for a brief period and then been soon forgotten.

During the trial of a man who had made an unsuccessful attempt at suicide, a lawyer had badgered the witness to an exasperating degree, and evidently intended to pursue the same course with the next appearing little Irishman who next took the stand. "You say you talked with the accused an hour after his attempt?" the lawyer demanded. "Oh, yes," was the direct reply. "And did you have any reason for attempting to commit suicide?" "He did, and it was a good reason."

"Well, and what reason did he give?" "Sure, an' he said he wanted to kill himself," Pat answered and upset the court.

**What a Great Man Said to the Great American People.**

Parisian Sage is a discovery of a celebrated scientist, who spent the best years of his life in perfecting this great hair tonic.

In giving his recipe to the American people he said: "Parisian Sage is the most delightful hair-dressing in the world, but it is more than a hair-dressing. It cures dandruff by killing the germs that rest the roots of the hair, and it keeps the hair from falling out. It gives vigor and strength to the hair roots, and it is the most Parisian Sage at 50 cents a large bottle and guarantees it to do all that is claimed for it, or your money is refunded. It does not restle near a draught who uses Parisian Sage, send 50 cents to Giroux Mfg. Co., For. Erie, Pa., and a bottle will be sent you all charges prepaid.

A well-known Brooklyn physician was examining a class of nurses who had served in our hospitals during the war. The candidates filed past him, and to each he addressed a question calculated to show the nurses efficiency. In one of the questions he described the condition of a patient and asked the nurse how much morphine, in her opinion, should be administered to the sufferer.

"Eight grains," promptly replied the nurse.

The doctor made no comment, and she passed on. When her turn came again she appeared greatly confused, and said to the examiner: "Doctor, I wish to correct the answer I made just now. I meant to say that one eighth of a grain should be given to the patient."

"Too late," replied Dr. Matthews, without looking up from the question paper. "The man's dead."

**NOW IS BEST TIME TO TAKE**

Directions to Prepare Simple, Yet Remarkable Home Mixture.

A well known authority on Rheumatism gives the following valuable though simple and new prescription, which any one can easily prepare at home.

Fluid Extract Dandelion, one-half ounce; Compound Sarsaparilla, three ounces.

Mix by shaking well in a bottle, and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and, being of vegetable extraction, are harmless to take.

This pleasant mixture, if taken regularly for a few days, will do away with almost any case of Rheumatism, the pain and swelling, if any, diminishing with each dose, until permanent results are obtained, and without injuring the stomach. While there are many so-called Rheumatism remedies, potent medicines, etc. some of which do give relief, few really give permanent results, and the above will not only be greatly appreciated by many sufferers here at this time, but also inquirers of the drug stores in this neighborhood who are informed that these drugs are harmless and can be bought separately, or the druggists here will mix the prescription for our readers if asked to.

**YOU CAN CURE CATARRH.**

J. H. Taylor, 54 Bond St., Toronto, Breathed Hyomei and Cured a Long Standing Case of Chronic Catarrh That Defied All Other Remedies, Also Toronto and New York Specialists.

Without taking a drop of medicine into the stomach, J. H. Taylor, 54 Bond Street, Toronto, tells how the distressing troubles of Catarrh were overcome by simply inhaling Hyomei air. It's the only remedy that stands similar cases on record, proving that Hyomei can be depended upon to cure Catarrh, Bronchitis, Coughs, Colds and Croup. It has no equal for any distress of the breathing organs.

Mr. Taylor says: "Some years ago while on a hunting trip in Northern Canada, I contracted a severe cold that settled in my head and finally affected my eyes. It rapidly developed into catarrh and caused a miserable throat weakness. My head would become clogged during the night and there was a catarrh dripping from the nose into my throat. Many days I had been unable to breathe through my mouth, and the constant hawking and spitting was almost unbearable. I had been treated by the best throat specialists here and in New York, but nothing benefited my condition, I obtained Hyomei and soon found relief, the throat dripping ceased and my head began to clear. I continued with Hyomei for six weeks and after that time was well in every detail. There has been no return of the trouble since and I feel grateful in speaking well of Hyomei, as it cured me when all else failed."

A complete Hyomei outfit costs \$1.00 and a each will refund money if it fails to cure.
