BE A CHARMING WOMAN.

You never saw a beautiful woman who didn't have beautiful hair. The charms of a beautiful woman lie in her hair. Many women do not realize the attractions they possess because they do not give proper attention to the care of the hair.
The women of the "400" are famed for their beauty, not because their facial features are superior to those of other women, but because they know how to keep young by supplying vigor and strength to the hair.
Up to a few years ago, Parisian Sage could hardly be obtained in this country. But now this delightful hair restorer can be had in every town in America. A. Leach sells it in Millbrook for 50c. a bottle, and he guarantees it to grow beautiful, lustrous hair, to turn dull lifeless hair into lustrous hair, to stop falling hair, to stop itching of the scalp. Understand, A. Leach will give you your money back if it fails.
