The musical feature will include some novelties seldom if ever heard in this town. Staff Capt. McLean, of Orillia, will preside. An excellent evening is assured. Everybody invited.

We learn that Mr. H. W. Laidley has sold his farm to Mr. James Bush of Peterboro. Mr. Laidley intends to erect a residence on Sturgeon-st., and will move here this summer. He is an enterprising gentleman, and his many friends will welcome him to town.

The Spanish League gave an Irish Song in the lecture room of the Catholic Church. The program of songs, read by instrumentalists, duets, recitations and choruses was rendered to the appreciation of the enthusiastic audience and in a manner which reflected great credit upon those who took part. Special mention might be made of the instrumental work of Master Melville Earle, and the difficult Irish selections by the Misses Hattie Courtney and A. Adams. At the close of the program, the chairman, Rev. Mr. McCulloch, announced that refreshments would be served to all present. Altogether, it was one of the most enjoyable and profitable entertainments ever given by the League. Those present would be pleased to have a repetition of the treat at an early date.

Woman's Auxiliary Doing Good Work.

The Woman's Auxiliary of Christ Church, Omemee, assisted by a few other friends, sent a large box and three trunks, consisting of 437 articles of clothing, many entirely new, and all strong, useful garments, boots, shoes, and groceries to the poor of Toronto. The following letter from Mrs. Willoughby Cummings shows the great need which still exists in that City: March 13th.

My Dear Mrs. Clarke, You and your co-workers certainly did splendidly for the poor by sending your kind gifts. The distress is truly dreadful—worse in fact than we thought at first. The landlords are pressing for rent, while there is no work and consequently no money coming in. It would make your heart ache. Thinking you again, I remain,

Very sincerely yours, EMILY CUMMINGS

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms? If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener. The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native medicinal forest plants, viz., Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing above-symptoms indicate: Prof. R. Bartholow, M.D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M.D., of Univ. of Pa.; Prof. Edwin M. Hale, D.D., of University of Chicago; Prof. John King, M.D., of College of American Dispensary; Prof. Jno. M. Scudder, M.D., Author of Specific Medicines; Prof. Laurence Johnson, M.D., Med. Dept. Univ. of Pa.; Prof. Finley Ellingwood, M.D., Author of Materia Medica and Treat. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive free booklet giving extracts from writings of all the above medical authors and many others endorsing the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're tiny and sugar-coated.

She Had a Fellow.

Pastors and church members are often advised to show more effusiveness in welcoming strangers to public services. A North London minister recollected this last Sunday. Coming down from the pulpit after the evening sermon he found a stranger in the person of a fair haired Scotch girl and greeting her with a cordial hand clasp, said: "I am very glad to see you. I want you to feel at home here I'd like to become acquainted with you. If you'll give your address I'll call and see you."

One in Seven Called by Consumption.

A dreadful plague indeed when you consider that in incipient stages it can be cured. Take care of the little cold before it becomes a big one. When the throat is sore and it hurts to expand your chest, rub in Nerviline and immediately apply one of Polson's Nervine Porous Plasters. Pain and tightness are at once relieved. Inflammation and soreness gradually disappear and fatal illness is thus avoided. Nervine Plasters act as a counter irritant over the seat of pain, and as an exterior application in curing colds in the muscles, in pleurisy and headaches they have no equal. Keep these remedies right in your home.

An Irishman one day went into a barber's shop to get shaved. After he was seated and the barber about half applied the barber was called to an adjoining room, where he was detained for some time. The barber had in the shop a pet monkey, which was continually imitating his master. As soon as the latter left the room proceeded to finish the son of Erin's face. After doing this he took a razor from its case and stropped it, and then turned to shave him. "Stop that," said the latter firmly. "Ye can't tuck the towel in me neck and put the soap on me face, but, begorra, yer father's got to shave me."

Bilious Paleness Now Easily Cured.

If you are frequently bilious or have feelings of nausea, there is a reason. When the liver action is normal the bile is secreted in the proportions necessary to ensure the digestion of fats. When liver action is irregular it is an evidence of impairment of nerve force.

When these derangements occur, an undue amount of work is thrown upon the liver and kidneys, they rebel—the whole system suffers, and ill health follows.

Another dangerous result of derangement of the biliary function is constipation. Daily disease results from this condition.

This is a hateful condition because it ensures two results—heavy dark rings under the eyes and a sallowness that's absolutely abhorrent. These derangements if allowed to continue excite the formation of gall-stones, cause jaundice, catarrhal inflammation of the bowels, and indigestion.

If you wish to get better, the very root of the trouble must be reached. This can be accomplished only by Ferrozone—a remedy that strengthens the system, the blood, the liver and kidneys.

Ferrozone is a food for the nervous system. It fortifies and strengthens it. The nervous system controls all the functions of the body.

Improve its tone, you improve the tone of the whole body and this is what Ferrozone accomplishes. Its first action is to fortify digestion—this means nourishment and more building material.

Ferrozone makes rich, red blood—lots of it, and this means the proper action of all the large and vital organs of the body.

Quickly there comes strength, vigor, endurance—that glow of feeling which we call health.

You are sure of robust health, sure of strong nerves, good appetite, sure to look and feel your best if you use Ferrozone; try this great tonic, sold everywhere in 50c. boxes.

'Old Goliath must have been surprised when little David knocked him out with a stone'

'Very likely, such a thing had never entered his head before.'

DO YOU LACK SELF-CONTROL? If you are constantly keyed up, nervous, perhaps depressed—look to your over-worked nerves for the cause. They are starving for the nourishment that Ferrozone so quickly supplies. Besides its tonic action on the nervous system, Ferrozone has marvellous blood-forming properties. It thus supplies strengthening materials to every nook and corner of the body and brings the system to a condition of perfect health.

Be strong, to eat well, and work long without fatigue, use Ferrozone; it is the best nerve system tonic known. At all dealers in 50c. boxes.

Don't sleep on your left side, for it causes too great a pressure on the heart.

Don't sleep on your right side, for it interferes with the respiration of that lung.

Don't sleep on your stomach, for that interferes with the respiration of both lungs and makes breathing difficult.

Don't sleep on your back, for this method of getting rest is bad for the nervous system.

Don't sleep sitting in a chair, for your body falls into an unnatural position and you cannot get the necessary relaxation.

Don't sleep standing up, for you may topple over and crack your skull.

Don't sleep—"Puck."

FEW HERE KNOW THIS.

When an eminent authority announced in the Seranton (Pa.) Times that he had found a new way to treat that dread American disease, Rheumatism, with just common, every-day drugs found in any drug store, the physicians were slow indeed to attach much importance to his claims. This was only a few months ago. Today nearly every newspaper in the country, even the metropolitan dailies, is announcing it and the splendid results achieved. It is so simple that any one can prepare it at home at small cost. It is made up as follows: Get from any good prescription pharmacy Fluid Extract Danielson's one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking in a bottle and take in teaspoonful doses after each meal and at bedtime. These are all simple ingredients, making an absolutely harmless home remedy at little cost.

Rheumatism, as every one knows, is a symptom of deranged kidneys. It is a condition produced by the failure of the kidneys to properly filter or strain from the blood the uric acid and other matter which, if not eradicated, either in the urine or through the skin pores, remains in the blood, decomposes and causes about the joints and muscles, forming the untold suffering and deformity of rheumatism.

This prescription is said to be a splendid healing, cleansing and invigorating tonic to the kidneys, and gives almost immediate relief in all forms of bladder and urinary troubles and back ache. He also warns people in a leading New York paper against the discriminate use of many patent medicines.

IN MEMORIAM.

Lines on the Death of Mrs. Mat Clarke (formerly of North Monaghan) who Died on March 1st, 1908.

Dear Jennie from our midst is gone, A voice we loved is stilled; A place is vacant in her home Which never can be filled.

It was hard, we know, to part with her But when the Master called her She could not linger here.

She loved to work for Jesus And to do the Master's will; She knew His blessed promise To her He would fulfill.

The children, too, whom thou didst love And cherish with tender care, Have none like thee to comfort them And all their sorrows share.

We know that when that home you go, Her welcome voice you'll miss; And a clasp of a friendly hand, That has gained such heavenly bliss.

Then, dear friends, do not grieve, When you know she is bet'er a; She is now in glory, Like the bright and morning Star.

Farewell, dear friends, farewell, God's Holy Word directs you, While in this land of sin you roam, His loving hand protects you.

By an Aunt.

STORIES OF REEVE AND BARRY SULLIVAN.

When John Reeve was playing Bon-bastes at Bristol, upon being stabbed by Artixomus, he denied the fairness of the thrust, and appealing to the pit, said, "It is not fair, is it?" A bald-headed gentleman, who probably took the whole representation to be serious, and to whom Reeve directed his glance, replied, "Really, sir, I cannot say, for I don't fence."

"Barry Sullivan, the Irish tragedian, was playing in 'Richard III' some years ago at Shrewsbury. When he came to the line: A horse! A horse! My kingdom for a horse!

someone in the pit called out, 'Wouldn't a donkey suit you, Mr. Sullivan?' 'Yes,' responded the tragedian, turning quickly on the interrupter, 'please come round to the stage-door.'—Westminster Gazette.
