

**FROST LOCKS**  
 Make a Fence of Strength

The heaviest, strongest wires made can't make a strong fence unless the locks are as strong as the wires. A fence like a chain, is only as strong as its weakest spot. The New Frost Lock and Frost Wedge Lock are the most unyielding parts of a Frost Fence. They make the whole fence as strong as the strongest wire.

We guarantee to repair—free of charge—any Frost Fence that goes wrong.

**Delicate Children**

The children cannot possibly have good health unless the bowels are in proper condition. A sluggish liver gives a coated tongue, bad breath, constipated bowels. Correct all these by giving small doses of Ayer's Pills. Genuine liver pills, gently laxative, all vegetable, sugar-coated.

We have no secret! We publish the formulae of all our medicines.

Mr. Jas. Harvey spent Sunday in Peterboro, declares he enjoyed the drive very much, and why not?

**The Methodist Church Omeme.**

The last Quarterly Meeting of the Conference year was held on Sabbath morning. The attendance was fair and a large number partook of the Communion. In the evening the choir gave a song service. The Church was filled. Besides a number of hymns, an anthem, several solos, and a quartette were well rendered. The choir has been recruited lately by Mr. Regie Deacon who is winning great favor. Mrs. Bryson, Messrs. T. J. Parsons and W. J. Lamb, though not members of the choir, are always ready to assist when required, and are always much appreciated. Miss Flossie Macpherson ably assisted the organist, Miss Annie Ivory.

The Business Meeting was held in the Parsonage on Monday evening. The work of the year was reviewed. The Missionary and Educational Givings were quite in advance of the previous year. Lebanon presented a clear sheet. Omeme is well up, and by a strong pull expects to meet all claims in good time. After several ballots Mr. T. C. Ivory was elected to attend the Annual District Meeting which meets in Cambridge St. Church, Lindsay, on 23rd of May.

To the Editor of the Mirror.

As I have made the statement in public, which has been widely circulated, that there was a shortage of upwards of one hundred pounds in a load of hogs between my own scales and those of Messrs. Stephenson in Omeme, and as I have since discovered that the mistake of one hundred pounds was made by myself in forgetting to take off the weight of the crate in which I had weighed the hogs, in fairness to Messrs. Stephenson, and for the benefit of those who may have heard the above report, I would like to have the correction made public.

Yours truly,

**LEBANON.**

Majority of farmers are through seeding. Mr. and Mrs. W. J. Jones were visitors to Peterboro Saturday last. Mr. Josiah Hayes has moved to Omeme where he will reside in future. Gladys Poast had the misfortune to have her arm broken while playing at school.

We are pleased to see Mr. Joseph Burns who was ill for a few days able to be out again.

Mr. Joseph Boyd is having his buggy remodelled.

What's the matter with the choir? We think it would be well to have it reorganized, and if the Musical Director would make a move along this line it would meet with the joint approval of the people.

We understand Mr. Bert Courtney has bought out the threshing outfit formerly owned by Walter Wetherup. We wish you every success Bert. We are sorry to hear of Mrs. Elmer Jones' unimproved condition but under the skillful treatment of Dr. Brereton look forward to her speedy recovery.

**A ROCK IN THE BALTIC.**

**A Remarkable Series of Adventures Resulting in a Naval Mistake.**

The careless firing of a new piece of ordnance by Lieut. Allan Drummond, of H. M. S. Constellation, while cruising through the Baltic, has led to a series of unaccountable and surprising international complications.

Drummond sighted a new gun on an apparently deserted bit of rock, that jutted up out of the sea. To his amazement the Russian, at once fired on from the rock, and the Russian Government demanded an explanation from Great Britain.

The mystery of the whole affair—the presence of cannon on such a site, the anger of Russia and the importance given to so insignificant a matter—worked on Drummond's imagination, and in a moment of headstrong folly he went to Russia to investigate.

A series of surprising adventures followed, culminating in a scene that defies description.

The whole story is splendidly recounted in Robert Barr's great novel, "A Rock in the Baltic," which has just been published by the Mail and Empire, and is to be the first novel of the much-talked-of "\$150,000 series" which this enterprising paper is to issue during the forthcoming twelve months.

This series consists of twelve great novels by the most famous living Anglo-Saxon writers.

The Mail and Empire, with its customary alertness, has secured the sole rights in this district to publish these novels in serial form before they appear in book form, which will afford its readers a literary treat never before offered by any newspaper in America.

No other paper in this city or vicinity can publish these great stories. Order in advance to avoid disappointment, as the edition will be exhausted before all are able to buy. Commences on Saturday, May 5th, and each succeeding Saturday. These stories will also be published in the Weekly Mail and Empire, commencing May 10th.

The friends of Mr. Harry Sisson will be glad to hear he is improving under the skillful treatment of Dr. T. G. Brereton.

**IS YOUR CATARRH ANY BETTER.**

Probably getting worse all the time. Why not give up that snuff and stop dosing the stomach? The one sure treatment is "Catarrhose," a sure cure because it goes where the disease really is. Certain to cure in your case because it has restored tens of thousands worse than you are. Catarrhose is a thorough cure because it destroys the causes as well as the effects of the disease. Relief is prompt, cure is quick with this powerful remedy which is guaranteed to cure Catarrh in any part of the nose, throat, bronchial tubes or lungs.

**MT. PLEASANT.**

Mrs. C. H. Shields was in Toronto last week.

Lillie and Florence Brown are gone to live in Toronto. There is one of our young men feels very lonely since their departure.

Joseph Hayes and family are gone to live in Omeme. They will be greatly missed by their neighbors.

Mr. Charles Ivory and his wife and daughter, of Omeme, passed through here to Cavanville last week on business.

Our public school teacher keeps good order in the school and the pupils are learning well this term.

Mr. P. McLean and Mr. Morris Rosenberg spent Sunday in the village. Porter Gray spent Sunday here.

Harry Blaud finished seeding last week. He must be up with the lark.

By what we hear it is hard work to get planks for a sidewalk. They must be short of funds.

We are pleased to hear Mrs. Eawleson is improving under the care of the nurse.

**The Worst Kind.**

After Piles have existed for a long time and passed through different stages, the suffering is intense—pain aching, throbbing, tumors form, filled with bursting with black blood.

Symptoms indicating other troubles may appear to a thoroughly Pile-sick person.

This is when Dr. Leonhardt's Hem-Roid, the only absolute Pile cure, brings the results that has made its fame.

It will cure the most stubborn case in existence and a bonded guarantee to that effect goes with each package.

Hem-Roid is to be had for \$1.00 at the drug store, or from the Wilson-Fyle Company, Limited, Niagara Falls, Ont.

**Anniversary at Lotus.**

On Sunday, May 20th, Special Anniversary Services will be held in the Methodist Church, Lotus, collection in aid of the Church funds. On Thursday May 24th, Tea will be served in Mr. John Naimsmith's grounds, from 5 to 8:30 p.m. This will be preceded by games of Base Ball on the Campus near the School House. At night the audience will be taken in Song and Story on a "Trip to the Old Land." The Rev. J. G. Lewis, B. A. of Peterboro, will conduct the party in his able lecture "A Trip to the Old Country." The Ship Company will be entertained on route with vocal and literary numbers suitable to the occasion and an address from the Rev. D. P. Oswald.

Fare for Round Trip and Refreshments, Adults, 25 cents, Children, 15 cents. Boat starts at 8:30 sharp.

N. D. Drew, Superintendent.

**No Satisfaction in Eating.**

Food does you no good. You can't digest—consequently you're afraid to eat; tongue is coated, mouth tastes bad stomach is bloated. Pretty soon you'll be overcome by weakness and nervous prostration.

Best prescription for your condition is Dr. Hamilton's Pills of Mandrake and Butternut. For dyspepsia and indigestion it is doubtful if a better remedy will ever be devised. These pills bring new strength and vitality to the stomach and digestive organs; they build up the general health and instill such vim and resisting power into the system that sickness is impossible; try Dr. Hamilton's Pills.

**FARMERS FIELD MEETINGS.**

The cost of labor in fighting weed, insect and fungus pests, which like the poor are ever with us, is one of the most serious problems with which farmers have to contend. The Seed Control Act has had the effect of increasing the price paid to farmers for their pure seed and of reducing the price for their low grade seed. An even greater discrimination in prices is likely to follow. New weeds continue to be introduced. The trade in agricultural seeds has been a fruitful means for spreading them. The shipment, for feeding purposes, of screenings from Western grown wheat to points in the Eastern Provinces is another source of immediate danger that should not be overlooked. The noxious nature of new weeds that are being introduced in various ways is seldom well understood or their danger appreciated by farmers until they have become well established.

The Dominion and Provincial Departments of Agriculture are more than ever alive to these dangers which threaten to become a serious loss in crop production, and in the Eastern Provinces they are co-operating again this year in holding field meetings in the month of June, when weeds, insects fungus diseases and plant growth are most in evidence.

Seventy of these field meetings are being arranged by Supt. G. A. Putnam, in connection with the Farmers' Institute of Ontario. The services of Prof. Lochhead of the McDonald Agricultural College at Ste. Anne de Bellevue have been secured to conduct similar farmers' nature study meetings in the three Maritime Provinces.

Here is provided an opportunity for farmers to get at first hand, information that cannot be given or demonstrated in hall meetings during the winter months.

**No Sanatoria "more judiciously and economically" managed.**

**CANADIAN OPINION**  
 DR. R. W. BRUCE SMITH, Inspector of Public Charities, Province of Ontario. Official Report:  
 "I was specially pleased with the attention paid to conduct the institution carefully and economically. The patients I found cheerful, happy and evidently well looked after by those in charge. I found particular attention is paid to provide nourishing dietary, carefully prepared, and the quality of the food served was excellent. This hospital depends for its maintenance largely upon the voluntary contributions of the public."

**FOREIGN OPINION**  
 DR. H. L. RUSSELL, President of the Advisory Board of the Wisconsin State Sanatorium:  
 "We have just recently returned from our eastern trip, in which we had an opportunity of inspecting practically all the sanatoria in the east that are designed for the treatment of tuberculosis. I am very glad to be able to write you that the very favorable impressions that we received at Gravenhurst have continued with us after this round trip. We have found no place in our travels in which money seems to have been expended more judiciously and economically than in connection with the two institutions that are under the control of the National Sanitarium Association."

**Increases the Accommodation by Twenty-five Beds . . .**

This means twenty-five extra beds to be furnished—twenty-five additional patients to be fed every day (three regular meals and three lunches is the bill of fare daily); twenty-five extra patients to be cared for by physicians and nurses, calling for increase of staff.

The entire cost of management is increased one-third.

But so pressing are the calls of those on the waiting list, and increasingly urgent the new applications received each day, that the trustees have decided upon the step indicated, confident that the Canadian people will see that these new beds are furnished and maintained.
