SEA DOGS IN METROPOLIS

THEY WERE AMAZED AT THE SIGHTS OF LONDON.

The Newfoundland Naval Reservists
Crowded Day of
Delight.

London again entertained naval visitors the other day—this time almost unawares, for little had been heard of the coming of 120 naval reservists from Newfoundland, and there was no demonstration at arrival, although when seen on the streets their greeting was most cordial.

To the majority of the men the tour of the capital was an amazing, breathless experience. All their lives have been spent in the distant island. When they got out of the train at London Bridge and made their way to the Tower on the bank, they were speechless with wonder. The famous life of the river, the Tower bridge, the Dominion omnibuses filled them with admiration. The party had only time for a brief tour of the Tower, for they were due at the Colonial Office at 12.30. In Cornhill one of the brakes broke down through the snapping of an axle, and one of the sailors fell out, sustaining only a few bruises, however.

At the Colonial Office they were reviewed in the quadrangle by Lord Tweedmouth, who walked up and down the lines, followed by Lord Egin and various officials of the Colonial Department. Mr. Winston Churchill was also present, but scarcely vouchsafed the Newfoundland sea-dogs a glance. Lord Tweedmouth gave them a warm greeting.

They were driven to the Popular cafe, where with Lieut. C. T. T. they represented the Admiralty, and Commander Crutchley, of the Navy League, they had lunch.

In the afternoon they visited Westminster Abbey and Westminster Hall, and at their own request were taken to the Zoological Gardens, where their interest and delight at the sight of the sight of the animals were boundless. The men returned to the Popular safe at 6.30 for dinner.

AN AID TO MOTHERS.

Baby's Own Tablets is the very best medicine in the world for curing the minor ailments of babies and young children. It is the best because it is absolutely harmless. It is the best because it never fails to effect a cure. A few doses relieve and cure constipation, indigestion, colic, diarrhoea and simple fevers. It breaks up colds—thus preventing croup—expels worms and brings teething without tears. Not one particle of opiate or poisonous soothing stuff is in this medicine. Mrs. Hugh B. Deane, Scotchtown, N.B., says: "I have used Baby's Own Tablets and have always found them a satisfactory medicine." You can get the Tablets from any medicine dealer or by mail at 5 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

STILL ROOM FOR TALENT.

The glory of the present age is its wealth of scientific discoveries and inventors. The scientists of to-day have plumbed the depths of space and mapped out the star-strewn fields of immensity. They have traced the story of earth and her myriad children in the rocks, wherever it was written by the hand of Nature herself, and neither the infinitely great nor the infinitely little has escaped the vigilance of their scrutiny. But the genius has yet to be born who can state and explain the laws which govern the gyrations of a collar-stud, dropped by an angry man at the dressing table, and found a week later by his wife among the rubbish under the grate.

Don't expect to get rid of your troubles by advertising them.

WAR TACTICS OF ZULU

HAVE ADOPTED THOSE EMPLOYED BY BOERS AND BRITISH.

A Correspondent Witnessed a Most Awful Inspiring Spectacle in South Africa.

Once more the rising of some of the Natal natives has turned men's thoughts to the famous Zulu tactics. In the minds of most there are associated with the name of Tyaka, the ruthless Zulu conqueror, who wedded into the stocks of the Amakulu, the People of the Heavens, all the young men of the nation. He conquered, incorporating them into his regiments, and thus building up a powerful military nation.

THEIR CHIEF WEAPON. He heard of the great use made by the British infantry of their favorite weapon, the bayonet, and so he replaced the umkonto by the iwxa, or broad-bladed stabbing assegai.

CRIPPLING SCIATICA. A Sure and Certain Way to Cure This Terrible Torture. There is just one sure, scientific cure of sciatica, rheumatism, lumbago, neuralgia, neuralgic headache, sciatic pain, etc.

THAT THE TWO HORNS HAD MET IN the rear of the enemy the head or chest was launched upon the position, and in the upshot, as a rule, the whole force of the foe tumbled for ever in that war no quarter was given or asked.

AND THEN THE BATTLE JOINED. The upshot was a splendid British victory. In less than an hour the military organization of the People of the Heavens was being whipped along by the Mahabati Plains by the assegais of the Seventeenth Lancers, and the vicious bullets of the Mounted Volunteers.

ANIMALS FEAR DEATH. Seem to Dread Separation From Human Beings. Animals realize intuitively when death is near. Most animals—excepting pet animals, who are assured of what one might call a Christian burial in the back yard—have prompt extinction and have no flowers to look forward to.

PENSIONS FOR MINERS. High Pay, But Deadly Work in the Quicksilver Mines. The chief quicksilver mines in Europe are at the Spanish town Almaden, which is an Arabic word, meaning "the mine of quicksilver."

FOR BOTH. One disease of thinness in children is scrofula; in adults, consumption. Both have poor blood; both need more fat. These diseases thrive on leanness. Fat is the best means of overcoming them; cod liver oil makes the best and healthiest fat and.

SCOTT'S EMULSION

BRITAIN'S ROYAL YACHT

THE VICTORIA AND ALBERT COST \$60,000,000.

Mahogany and Silver and Silken Hangings for the King and Queen.

The royal yacht of England, the Victoria and Albert, cost the pretty sum of \$60,000,000. She was launched in May, 1899, with the present Princess of Wales as sponsor. She is 435 feet long. Her engines are of 11,000 horse-power and she has a speed of about twenty miles an hour. Her coal supply will carry her from England to the Riviera.

THE QUEEN'S BEDROOM. It is much larger than the King's. It is a model of grace and beauty and its bed is suspended from the ceiling. The furniture is of daintily grained satinwood with silver fittings. The color scheme is a soft green. The coverlet of the bed has an elaborate monogram surrounded by a crown.

THE STATE DINING ROOM. This is an apartment of noble dimensions, occupying one-third of the vessel's length, and lighted by no fewer than twenty-six windows and two large skylights. From floor to ceiling it is paneled in white, accented with a pilaster treatment of great beauty and delicacy.

Some persons have periodical attacks of Canadian cholera, dysentery or diarrhoea, and have to use great precaution to avoid the disease. Change of water, cooking, and green fruit, is sure to bring on the attacks. To such persons we would recommend Dr. J. D. Kellogg's Dysentery Cordial as being the best medicine in the market for all summer complaints. If a few drops were taken in water when the symptoms are noticed, no further trouble will be experienced.

Wife: "Never mind if you have failed. I have \$1,000 saved up from the pin-money that you have given me from time to time." Husband (joyfully): "You make me a pauper. What a help!" Wife: "Help! I should say so. Why, on this money I can keep up my wardrobe for a year or two to come."

In Heart Disease It Works Like Magic. For years my greatest enemy was organic heart disease. From unconsciousness and palpitation it developed into abnormal action, thumping, fluttering and choking sensations. Dr. Agnew's Cure for the Heart gave instant relief, and the bad symptoms have entirely disappeared. It is a wonder-worker. —Rev. L. S. Dana, Pittsburg, Pa.—

The Kinks and Twists in Rheumatism Rugged Road. For 4 years the wife of a well-known physician was on crutches from rheumatism. Sought, and until she began using Scott's American Rheumatic Cure could see a minute's permanent relief from pain. Four bottles cured her. Write for confirmation if you're sceptical.—154

TONS OF IRON consumed each year in medicine. The best is in Scott's Emulsion. It is so cleverly manipulated that the weak and sickly get all possible nourishment and benefit from it.

Parents buy Mother Graves' Worm Expeller because they know it is a safe medicine for the children and an effective expeller of worms.

Lady: "Are you not ashamed to be begging on the streets?" Beggar: "Well, yes. I'd sooner do it in the pulpit or at the church bazaar, but fate is against me."

Stumbling Wrecks!—Undone and Overdone! Discouraged and desolated! Emaciated nerve wrecks! Not one of you too deep down in the mire of disease, but the story of such a potent remedy as South American Nerve can reach you and lift you back to good health. It's nature's trusted lieutenant, gentle, but firm and unflinching. It never fails.

WOMEN WHO SUFFER SHOULD READ THIS

SHE WAS CURED OF FEMALE TROUBLES BY DODD'S KIDNEY PILLS.

They Made a New Woman of Her and She Blesses the Day She First Heard of Them.

Newmarket, Ont., May 7.—(Special).—The case reported below is another of the many thousands of instances of Dodd's Kidney Pills coming to the rescue of weak, suffering women. Mrs. M. Doner, of this place, says:— "For more than three years I suffered from weakness and female trouble brought on through my kidneys failing in their duty. I was bothered with a pain in the small of my back, headaches, dizzy spells, heart fluttering, depression, loss of sleep, poor appetite and a terrible dragging sensation as if a weight was fastened round my loins. I tried doctors and took all kinds of medicine, but nothing seemed to do me any good. Then a friend told me of Dodd's Kidney Pills and advised me to try them. I did so and after taking six boxes I am entirely cured."

A SMART DODGE. A gentleman dressed in a loose coat entered a ladies' outfitting establishment at a time when the proprietor was alone in the shop. The gentleman asked to be shown some ladies' ready-made cloaks, as he wished to give his wife a little surprise. After the shopkeeper, he fixed upon one, and asked the shopkeeper, "Have you not a young lady at hand to put on the cloak to see how it looks?"

"Magnificent!" exclaimed the purchaser with seeming stammer, but at the same moment he made a grab at the bowl of money in the till and emptied it into his pocket, and bolted out of the shop. The horrified proprietor rushed after him into the street. But the man, dragging his strange costume, fled, and the proprietor could only believe that the poor fellow had gone mad; and before he could explain matters the rogue had disappeared.

Wife: "Never mind if you have failed. I have \$1,000 saved up from the pin-money that you have given me from time to time." Husband (joyfully): "You make me a pauper. What a help!" Wife: "Help! I should say so. Why, on this money I can keep up my wardrobe for a year or two to come."

The present royal yacht is not the first Victoria and Albert that has flown the royal standard. Her earliest predecessor was a grand, panache and auxiliary yacht with the spread of canvas to help her engines to.

Where can I get some of Holloway's Corn Cure? I was entirely cured of my corns by this remedy and I wish more of it for my friends. So writes Mr. J. W. Brown, Chicago.

The Great Serpent of All Diseases. Kidney disease may well be called the "boa constrictor" disease, unsuspecting and unrelenting, it gets the victim in its coils and gradually tightens till life is crushed out, but the great South American Kidney Cure treatment has proved its power over the monster, and no matter how firmly enmeshed, it will release, heal and cure.—158

Prevent Disorder. — At first symptoms of internal disorder, Parmelee's Vegetable Pills should be resorted to immediately. Two or three of these salutary pills, taken before going to bed, followed by doses of one or two pills for two or three nights in succession will serve as a preventive of attacks of dyspepsia and all the discomfets which follow in the train of that fell disorder. The means are simple when the way is known.

NOT GRACE. His name was Darling, and his nose was a large and florid affair. So prominent was it that it had earned him the sobriquet "Trunky" from the lads in the school under his control.

Just recently he had occasion to severely punish Tommy Brawler, on reaching home, the angelic Tommy poured into the maternal ear the tale of Mr. Trunky's cruelty. And forthwith Mrs. Brawler, eager for the fray, visited the school and asked for Mr. Trunky, which was the only name she had ever heard applied to the master by her son. The teacher who had opened the door to her, although surprised at the use of the nickname, did not correct her, but sent for Mr. Darling.

The latter received the frait mother's "dressing down" meekly, but on being repeatedly called Trunky at length re-monstrated. "Trunky is not my name, madame," he said. "Please call me Darling!" "How dare you, sir! I'll send my husband round with you," shrieked Mrs. Brawler, as she went into hysterics.

A Wide Sphere of Usefulness. — The consumption of Dr. Thomas' Electric Oil has grown to great proportions. Notwithstanding the fact that it has now been on the market for over thirty years, its popularity is as great as ever, and the demand for it in that period has very greatly increased. It is beneficial in all countries, and wherever introduced fresh supplies are constantly asked for.

Mrs. Hunter's Story. Says she and her Husband Agree Perfectly. Both Quite Well Again.

My husband had used Anti-Pill for rheumatism and was benefited greatly. We agree that Anti-Pill is a most wonderful medicine and heartily recommend it. This is a very strongly recommended family remedy. All the greatest family remedies. All the greatest family remedies. All the greatest family remedies. All the greatest family remedies.
