At any rate, you seem to be getting rid of it on auction-sale principles: "going, going, gone!" Stop the auction with Ayer's Hair Vigor. It certainly checks falling hair; no mistake about this. It acts as a regular medicine; makes the scalp healthy. Then you must have healthy hair, for it's nature's way.

SPECIAL INSTITUTE SESSIONS.

The meetings held on Friday afternoon and evening, under the auspices of the East Durham Farmers' Institute, were not largely attended, although of great value and interest especially to the farmers.

The delegates complained of having to wait an hour in Mr. Fair's field before one man appeared. However, soon after a number of others came, and a good meeting was held.

Messrs. Raynor, Frazer and Nash gave excellent addresses. The identification of weeds found in fields was pointed out. The midge fly, that is now active depositing eggs, was also referred to. The necessity of the bumble bee as a fertilizer of red clover was fully explained, and the speaker strongly urged the protection of them.

The fall wheat field across the way from Mr. Fair's was visited and some valuable lessons given re. noxious weeds found, and the best method to get rid of them. It is to be regretted that a larger number were not present to listen to the remarks and suggestions of the speakers.

Evening Session.

The evening session held in the town hall was not largely attended, but those who availed themselves of the opportunity to attend went away with many valuable hints, re. the eradication of noxious weeds and also with further knowledge of raising better crops.

The speakers were the same as in the afternoon, and as we have before referred to the ability of these gentlemen to handle their subjects, it is not necessary to repeat it here. Everyone present were well pleased with the helpful information given.

Among the most injurious weeds found upon the farms are the following:

Annuals—Wild Mustard, Wormseed Mustard, Ragweed, Blue Burr, Wild Oats, Pig Weed, Sow Thistle, Catch Fly, Corn Cockle, Doilder.

Biennials—False Flax, Shepherd's Purse, Pigeon Weed, Red Root, Burdock, Sweet Clover, Blue Weed.

Perennials—Perennial Sow Thistle, Bladder Campton, Couch Grass or Twitch, Curled Dock, Canada Thistle, Bird Weed.

These and others, no less harmful, were referred to, and the different methods of destroying them were fully and clearly explained. A large number of samples and also illustrations of weeds were shown those present, and which proved quite interesting.

Mr. Doak, J. P., a leading seeds man, gave a short but pointed address, and in conclusion he desired to move a hearty vote of thanks to the visiting speakers for their excellent and helpful addresses.

Capt Winslow, a grain merchant of many years experience, also delivered a brief and interesting address, and he was pleased to second Mr. Doak's motion.

The President, Mr. T. A. Kelly, put the motion to the audience, and it was unanimously carried. Mr. Kelly said he was pleased to notice that both newspapers of the town were represented at this meeting.

Mr. Given also spoke in glowing terms of the splendid addresses of the visiting delegation, and expressed his regret that so few availed themselves to attend such an important meeting.

On behalf of the speakers, Mr. Fraser—not being so 'modest' as his colleagues—made a courteous reply to the hearty vote of thanks tendered them.

It is to be hoped that at other sessions a much larger number will be present.

Mr. Joe Burns has a new delivery rig.

The tenders for the contract of cement walks and crossings were opened at a special meeting of the Council last evening. There were three tenders received as follows:

W. Thexton	100. ft. 18c. ft.
Russell & Stuart	15c. ft. 20c. ft.
Budd & McCurry	10c. ft. 12c. ft.

The last tender was accepted.

A CORRECTION.

An Old Subscriber with a Grievance

"It's never too late to mend."—Old Prov.

As he followed the direction of Edward Hogan's thumb and stood inside the door of the "MIRROR" Office he looked like one who should be on familiar ground but had somehow lost his bearings. "Mr. Mr. Hayter down yet? Because," he continued, turning out the musty contents of an inside pocket and producing an old saffron tinted "Messenger," "he made a little mistake in the weight of them there 'lunge me'nd Nathan White'nd Joe Evers caught at Hugginses on the 24th, 'nd more 'n that,' mounting the office stool and smiling indulgently on the staff, "Scarlett, y' see, wasn't with the party at all—which, makes as y' may say two errors, doesn't it?" He was a veritable galley drawn, first proof, of Old Subscribers this ancient vision who sat before us, the white dust of time and many roads on head and feet, a lean accusing finger on a paragraph marked "good Luck at The River!"

The date line of the paper indicated an issue of June, A. D., 1866.

We examined the paper and paragraph with interest and explained that Mr. Hayter was—"Oh, yes I know," he interrupted, "peggin' away at his garden of course, cultivatin' spinach 'nd the Simple Life 'nd blusterin' his nose 'nd hands in the sun fo' ter in' fruits of the yearth for a thiev'in' generation to break thru 'nd steal. I've kicked a picket or two often that fence myself when I was flecter of foot, 'nd I was the proper fad as y' may say to pick yer fruit in the gloaming. I have fourteen bird shot in my person at the present time which was presented to me fifty years ago on such an occasion. I was loiterin' in one of Jimmie Armstrong's Northern Spy apple trees after the test of the lunch was over the fence when the presentation took place. Mr. Armstrong made the presentation himself in feelin' terms, 'nd there wasn't a dry eye in the audience when he concluded except Mr. Armstrong's own eye. I'd been in before about that piece in the paper only, y' see, I've been out Ohio and Indiana ways for quite a spell 'nd I'm no hand at writin'."

I got in yesterday but I don't just seem to have got the hang of things here yet. Looks strange. Seems like they'd been a fresh deal all round 'nd I'd got into the discard somehow. I seem to be all in—notin' done, as y' may say. James Deyell's moniment in the New Connection buryin' ground 'nd Niddy Hogan's the only, what y' might call familiar things I've seen yet. Time don't seem to have monkeyed with either of 'em. Niddy, by the way, was just tellin' me the number of years he has spent in Ireland and different places in America before he settled down here. Say, he's a wonderful old man for his years. I figured it up, so many years here, so many years there, and accordin' to his own figures he'll be 139 next August. He was tellin' me he attributes it all to Shoo Fly breakfast food and the total absence of mental worry.

But, say, "he concluded," you just have the old gentleman make them corrections will you? Ten lunge—not seven—'nd the biggest one forty pounds, four ounces, not twenty pounds as it is here.

A newspaper can't afford to mislead its readers like that,"—and the old subscriber blew out again without leaving his name.

MCCARTNEY-DOYLE,

At Campbellford this afternoon, at 1 o'clock, a wedding of much interest to Peterboro residents took place. Both the bride and groom are well known in the city, and are very popular.

The principals of this interesting event are Mr. George R. McCartney of Peterboro, and Leona Doile, fourth daughter of Mr. John Adams, Rannet street, Campbellford, at whose residence the wedding took place, the ceremony being performed by Rev. A. C. Reeves, B. A., the pastor of the Presbyterian church, in the presence of the immediate friends of the contracting parties. The bride is a graduate nurse of Nicholls Hospital here, and is widely known. Mr. McCartney is also well known here. He has been on the staff of the Golden Lion for the past seven years, and upon the eve of his wedding he was presented by the members of that staff with a handsome marble clock, as an evidence of their esteem.

Upon their return from their trip Mr. and Mrs. McCartney will reside at 346 Dublin street.—Examiner of June 12th.

Mr. McCartney is a son of Mr. and Mrs. H. McCartney, town, and resided here up to accepting a situation in Peterboro. The bride was also born in Millbrook, is a niece of Mrs. Wm. Peady and is well and favorably known in this town and vicinity. The Mirror joins with many friends of both in extending hearty congratulations and good wishes to the happy couple.

The Family Herald and Weekly Star & The MIRROR will be sent to any address in Canada, Great Britain or U. S. to Jan. 1st, 1907 for 50c.

A TORONTO MAN TRIES

Something New And is Delighted.

Feels Like a Boy.

Mr. M. N. Dafeo, Manager the Dustless Brush Co., 29 Goiborne St., Toronto, is telling his friends how he found health after years of illness and pain. He says:

"I have been a great sufferer from Dyspepsia for many years. I have been treated by local doctors and have taken nearly all the advertised remedies with only temporary relief, if any at all, but since using Anti-Pill at bed time for the past three months, and find they regulate both stomach and bowels. My old time vigor has returned, so that my spirits are buoyant and temper normal. As a result of this unhopd for experience I am in duty bound to give all credit to this wonderful remedy, Anti-Pill."

Every druggist sells Dr. Leonard's Anti-Pill, or a sample will be sent free by The Wilson-Fyle Co., Limited, Niagara Falls, Ont.

The remedy that cured Mr. Dafeo so completely is surely worth a trial. 50c

Mr. J. SETHENS has a fine framed picture of the Seagram Queen's and King's Plate winners up to and including 1905. The frame is about four by three feet, and the engraving shows the plate winners, arranged in an oblong circle in front of the Grand and Judges stands. The horses appear in natural colors, and the riders in costume and colors worn at the race, name of each horse and date of winning the plate given. The border is wavy green, showing above Grand Stand "The Guinness" strung in gold chain, in border, and beneath in center of border "The Cup." It is a handsome engraving, suitably framed, and will be much admired. "Inferno" winner 1905, is said to be the grandest specimen of the Canadian thoro'bred ever seen on the turf.

Water in Your Blood.

Lots of people have this watery blood—they eat plenty but don't digest. When digestion is poor food isn't converted into nourishment—in consequence the body rapidly loses strength. To positively renew health, nothing equals Ferrozone. It excites sharp appetite, makes the stomach digest, forms life sustaining blood. Abundant strength is sure to follow. If you need more vitality, extra energy, better nerves, then use Ferrozone, the medical triumph of the age. Fifty cents buys a box of fifty Chocolate coated tablets.

A WARNING.

There are a number of youths who make a practice of robbing bird nests, and who may not be aware of the fact that there is a heavy penalty for thus breaking the law. The next one caught in the act will be made an example of. "A word to the wise is sufficient." Be sides being contrary to law it is a mean act.

Her Skin Was Yellow.

"I had only to try Dr. Hamilton's Pills to appreciate their merit!" writes Miss Annie S. Bryce, of Woodstock. "My system was out of order. My blood was weak and thin, I had a nasty, murky complexion. My skin was hard and dry. The first box of Dr. Hamilton's Pills made a complete change. I felt better at once. Healthily color came into my face. In about three weeks I was cured." Dr. Hamilton's Pills effect an easy cure. Try these good pills, 25c. per box, or five boxes for \$1.00, at all dealers.

A SHERRING IN MILLBROOK.—Mr. J. D. Fair, one of our hardware merchants, went to the station to see his wife and family comfortably settled in the train for their trip to Guelph. Unfortunately the train pulled out rather quick, and he not caring to risk his limbs by jumping off, had to put up with the inevitable and go with the crowd to Carmel, where he got a 'tie' pass back. We understand he made fast time back even breaking "Jimmy's Reynolds' record," for a short distance. Sherring of Hamilton would be left in the cool shades of defeat if entered against Dawson.

There were fifty adults and one child's ticket sold in Millbrook for the excursion to Guelph this morning. The following are among those who went: Mrs. H. W. Johnston, Miss Annie C. Reeves, the Misses Mary A. and Maggie Kells, Mrs. J. D. Fair and children, Mrs. (Dr.) Deyell and children, Mrs. (Rev.) Wm. Johnston, Mrs. (Dr.) Turner and Babe, Major Winslow, Coun. T. A. Kelly, Messrs. T. G. and J. C. Kells, J. W. Walsh, D. McEgan, A. J. Fallis, Richard Norris, R. J. Doak and daughter, W. S. Given, H. Allen, Sam Perry, H. M. Wood, R. Vance, E. W. Lamper and F. R. Howarth.

A TORONTO MAN TRIES

Something New And is Delighted.

Feels Like a Boy.

Mr. M. N. Dafeo, Manager the Dustless Brush Co., 29 Goiborne St., Toronto, is telling his friends how he found health after years of illness and pain. He says:

"I have been a great sufferer from Dyspepsia for many years. I have been treated by local doctors and have taken nearly all the advertised remedies with only temporary relief, if any at all, but since using Anti-Pill at bed time for the past three months, and find they regulate both stomach and bowels. My old time vigor has returned, so that my spirits are buoyant and temper normal. As a result of this unhopd for experience I am in duty bound to give all credit to this wonderful remedy, Anti-Pill."

Every druggist sells Dr. Leonard's Anti-Pill, or a sample will be sent free by The Wilson-Fyle Co., Limited, Niagara Falls, Ont.

The remedy that cured Mr. Dafeo so completely is surely worth a trial. 50c

McCARTNEY-DOYLE,

At Campbellford this afternoon, at 1 o'clock, a wedding of much interest to Peterboro residents took place. Both the bride and groom are well known in the city, and are very popular.

The principals of this interesting event are Mr. George R. McCartney of Peterboro, and Leona Doile, fourth daughter of Mr. John Adams, Rannet street, Campbellford, at whose residence the wedding took place, the ceremony being performed by Rev. A. C. Reeves, B. A., the pastor of the Presbyterian church, in the presence of the immediate friends of the contracting parties. The bride is a graduate nurse of Nicholls Hospital here, and is widely known. Mr. McCartney is also well known here. He has been on the staff of the Golden Lion for the past seven years, and upon the eve of his wedding he was presented by the members of that staff with a handsome marble clock, as an evidence of their esteem.

Upon their return from their trip Mr. and Mrs. McCartney will reside at 346 Dublin street.—Examiner of June 12th.

Mr. McCartney is a son of Mr. and Mrs. H. McCartney, town, and resided here up to accepting a situation in
