A Hair Dressing

Nearly every one likes a fine hair dressing. Something to make the hair more manageable; to keep it from being too rough, or from splitting at the ends. Something, too, that will feed the hair at the same time, a regular hair-food. Well-fed hair will be strong, and will remain where it belongs—on the head, not on the comb!

The Spirit of Independence

(From The Morning Times (Independent), Peterborough.)

This that is a period of independent thought and action in the political affairs of our country is quite evident from the number of independent candidates who are seeking election in the various constituencies. It will be observed that Rev. Dr. Hosack is running in North Toronto, as an Independent Liberal. There is quite a large number of Independent Conservatives in various constituencies throughout the Province, and there are Independents of various kinds generally.

The spirit of independence appears to have reached the East Riding of Northumberland, as is evident by the number of prominent Conservatives throughout the Riding who are supporting Mr. L. F. Clarry, the Liberal Candidate.

Mr. Clarry is a young man, whose integrity has never been questioned, and his ability is fast becoming recognized. He is broad minded, genial in his manner, and full of determination to carry to a successful issue anything he undertakes.

It is little wonder, therefore, that he is receiving the support not only of the Independent electors of the East Riding, but of a great many Conservatives as well. Perhaps the situation is so far as East Northumberland is concerned, was put as well as it could be, by Mr. Bert Gillespie, at one of Mr. Clarry's meetings at Trent Bridge. Mr. Gillespie, who is a well known resident of the Township of Percy, took the platform, and announced that although he had always been a strong Conservative, he thought that this was an occasion when party ties could be relaxed and a united effort made to elect a young man who would prove to be a worthy representative of the Riding.

Mr. Clarry has been putting up an exceptionally clever fight, and has announced that he wants a good clean campaign. He has stated time and again that if he cannot be elected by fair and honest means he prefers to be defeated.

Address and Presentation.

On Monday evening last, a number of the friends of Mr. James Armstrong, gathered in the Town Hall to present him with a token of their appreciation and to express their regret that he was about to go West. An address (a copy of which is given below) was read by Mr. McMahon, and Mr. Walter Donnelly made the presentation. Several speeches were delivered, all speaking in glowing terms of Mr. Armstrong as a good citizen. After the presentation and address, to which Mr. Armstrong made a suitable reply, he was escorted to Mr. H. Nattrass' restaurant, where an excellent repast was partaken of and a good time enjoyed.

"For he's a jolly good fellow, and other selections were sung, and "Jimmie" indeed felt that he was leaving many warm friends. The Mirror joins in hearty good wishes to Mr. Armstrong for his future success.

The following gentlemen gave short addresses: Messrs. J. B. Sandy, T. N. Tompkins, R. Cochrane, J. J. Fair, F. W. Bingham, H. McMahon, W. Donnelly, E. Penney, P. Handlev, and W. O'Brien, who acted as chairman with much ability.

THE ADDRESS:

DEAR FRIEND,—It has been learned by your many friends in Millbrook, that you are about to take your departure from our midst, and we feel that you cannot be allowed to depart without some slight token of the esteem in which you are held by all who have the pleasure of your acquaintance. We need not express to you our sorrow and regret that you have thought it in your best interests to go West to join with others in seeking your fortune, and while we must wish you every success in all your future steps, allow us to express the hope that when you have made your pile you will return to us again and live among your old friends and your old friends will be glad to present to you this travelling bag which we trust that you will accept as a slight token of the esteem in which we hold you, and we trust that in time to come it will recall to you the many friends you have left behind.

Signed on behalf of the donors,
Harvey McMahon,
Walter Donnelly.

Catarrh Now Curable

But never by Medicine swallowed, Snuffs, Sprays or Douches.

Catarrh is not a blood disease and that is why it cannot be cured by any medicine taken into the stomach. Catarrh is a germ trouble contracted from the germ-laden air you breathe inward. These germs fasten themselves in the tissue and air cells of the breathing organs, multiply by millions, cause sneezing, coughing, raising of mucus, discharge from the nose, tickling in the throat and other symptoms that can only be reached by the dry air principle of Hyomei.

It treats the air you breathe with the curative properties of the Australian Eucalyptus Forests where catarrh is unknown.

The reason you get relief in a minute or two from Hyomei is because it destroys every germ that is in the air you breathe, and the dry penetrating aroma will reach the innermost recesses of the air passages, killing millions of germs a minute. Their destruction means freedom from all respiratory organs. A Larch sells Hyomei under a guarantee of satisfaction or money back. Price \$1.00.

Cough mixtures "dope" a cold—don't cure. Above all else, keep the bowels regular and stimulate the lining organs. More valuable than any cough syrup are Dr. Hamilton's Pills. They clear the system of every trace of cold—the dull headache, achin limbs and cough disappears. Take the pills before retiring, they work while you sleep, and by morning your cold is broken and passes quickly away. All dealers sell Dr. Hamilton's Pills in 5c. boxes.

Roofing Right.

Any "Oshawa"-shingled roof is good for 100 years—at least. Roof economy is a plain, easy problem of weighing years against dollars,—of dividing the price of the roof by the length of time it will stay a good roof.

How long will it stay a good roof? That is the question you want a plain answer to when you consider roof economy.

Not how long it will be a good enough roof if you patch it and paint it and tinker with every year or two. Not how long it will be a pretty good roof if you take good care of it—

How long will it be a GOOD roof if you DON'T take care of it? How long it will stay good if you don't do a thing to it? The real test of roof cost, the test of roof economy, is the length of time the roof will stay—

Wind proof,—without repairs—100 years, if "Oshawa" shingled. Damp proof,—without repairs—100 years, if "Oshawa" shingled. Rust and mildew proof,—without repairs—100 years, if "Oshawa" shingled.

Fire proof,—without repairs—100 years, if "Oshawa" shingled. Water proof,—without repairs—100 yrs, if "Oshawa" shingled. Proof against ALL the elements—how long will it stay so, that roof you are going to buy?

That's the test, and the only test worth your while, when you spend good money to cover any building worth roofing right. That's the yardstick that measures real roof economy.

A twenty-five year guarantee safeguards every "Oshawa" shingled roof. A plain English guarantee that says no "Oshawa" shingled roof will leak, nor need repairs, nor need painting, nor catch fire, for twenty-five years.

We can supply you with Steel Shingles, Steel Roofing, Corrugated Iron, Conductor Pipes, Metal Shutters, Sky Lights, Finials, Steel Siding, Steel Ceilings, Eave Troughs, Metal Doors, Prepared Roofing, Ventilators, Statuary, Metal Laths.
