**Rosy Cheeks**  
The Ambition of Every Woman,

Hollow cheeks with dark lines, sallow complexion—how a woman hates them.  
But rosy cheeks, clear skin, bright eyes—give them to a woman and she is happy.  
In the blood is found the first sign of trouble.  
It grows thin and watery, its color fades, and increasing palor and sallowness gives the outward evidence of the change within.  
Soon the nerves weaken, the heart easily tires and palpitates, strength declines.  
The delicate mechanism of the woman's functions is interfered with, and pleasures, activities and even duties are loaded down with the burden of declining health.  
Why is it that woman neglect the first warnings.  
Usually she waits till she is ready to drop—often then it's too late.  
These conditions are easily checked, easily cured at the beginning, but even when long established Ferrazone will remove the cause and cure the trouble.  
Ferrazone's action aids the three principal functions of the body—digestion, assimilation, elimination.  
By strengthening digestion it forms an abundance of rich, red blood—this gives good color.  
By perfecting assimilation, Ferrazone supplies nutrition—this gives strength, vim, stability.  
Elimination is assured because Ferrazone quickens the action of the liver, kidneys and bowels—this guarantees the maintenance of vigorous health.  
Ferrazone puts you on the right road—the one that leads to health.  
Not a man, woman or child needing blood, vigor, endurance—not a person who is weak, nervous or sickly, not a person so ill who won't receive immediate help from Ferrazone.  
As a tonic and restorative it is a health-bringer and body-builder. Ferrazone is unexcelled. It cures because it feeds and nourishes, because it contains the elements that build up and strengthen. Try it yourself—sold everywhere in 50c. boxes.

**OMIT PRESENTS.**

A New York young lady in sending out invitations to her wedding has insisted that the request be added that no presents be sent. This is a new departure and some of those who silently suffer from the unwritten law that compels friends to largely furnish the homes of newly married people will fancy that the days of bondage are over. It is not likely however, that the example of this independent young woman, who no doubt desires to have some say as to the relation of the pattern of her spoons to the tea set, will be largely followed by brides in the near future. The gift habit, like that of the tip, has developed from a well meant spirit of courtesy or kindness to a veritable social nuisance. People with moderate means find it often most difficult to satisfy the demands made upon their slender purses to meet these frequent marriage invitations.—The Home Journal.

**My Hair Ran Away**

Don't have a falling out with your hair. It might leave you! Then what? That would mean thin, scraggly, uneven, rough hair. Keep your hair at home! Fasten it tightly to your scalp! You can easily do it with Ayer's Hair Vigor. It is something more than a simple hair dressing. It is a hair medicine, a hair tonic, a hair food.

**Epworth League Holds Interesting Meeting.**

On Tuesday evening last the E. L. of the Methodist church held its regular weekly meeting. Rev. J. G. Brown of Cavan South Circuit, delivered an excellent address on "The Practice of the Presence of God." His remarks were clear, forceful and convincing. Miss Cole, of Toronto, a talented elocutionist, gave a humorous recitation which was also much enjoyed. There was also a duet and chorus by members of the League. Mr. W. G. Hetherington presided. There was a good attendance and all were delighted with the excellent program.

**On His Eighty-Fourth Birthday**  
Mr. W. H. Wood, Sr., Walks 4 1-2 miles in 1 hour & 15 minutes, and Threads Needle Without Spectacles.

The Mirror congratulates Mr. W. H. Wood, Sr., on reaching his 84th birthday, on Tuesday of this week, sound in mind and limb and in full possession of all his faculties. Mr. Wood walked to town that day at a rate that would do credit to a man of 20, making 4 1/2 miles in 75 minutes. While in town he visited the millinery rooms of Messrs. Kell, Fowler & Co., and without the aid of spectacles, threaded a fine needle. Mr. Wood is certainly a good example of having lived a well regulated life, and his many friends will join the Mirror in wishing him many more happy birthdays.

**A Sad Fatality.**

Mr. James Porter Killed While Assisting in Raising Barn.

On Monday last while helping the contractor, Mr. John Douglas, to raise his barn, Mr. James Porter of the 4th line of Cavan Township was instantly killed by a beam falling across his chest which crushed his life out. It appears that while raising a heavy beam, Mr. Porter and his son were supporting and helping to raise it, when without a moment's warning the timber fell and while the young man was quick enough to jump out of harm's way, his father was unable to, and the above awful occurrence was the consequence.

The deepest sympathy is felt for the bereaved family in their irreparable loss.

Mr. Porter was one of the best known and most highly respected men of the Township.

The funeral on Wednesday afternoon to the Frazerville Cemetery was very largely attended, and the solemn and impressive services at the house and grave were conducted by Rev. Mr. McKenzie.

**WEDDING BELLS.**

A pretty home wedding took place at the cosy residence of Mr. and Mrs. William Brown, Cavan, on the afternoon of June 24th when their daughter Lily Myrtle was united in marriage to David L. Armstrong, one of the most prosperous young farmers of the township. The ceremony was performed on the lawn in the presence of about seventy relatives and friends, the Rev. J. G. Brown officiating. The bride was gowned in point d'esprit over silk; cream and carried a bouquet of white carnations. Miss Gertrude Gardiner, cousin of the bride, was bridesmaid and the groom was assisted by his brother, Mr. J. M. Armstrong. After congratulations had been extended the guests sat down to a dainty wedding supper. The bride received many beautiful and useful presents, indicating the honor she has in her large circle of friends.

Among the guests from a distance were: Mr. and Mrs. Fred Cann, Peterboro; Mr. and Mrs. James Paul, Cavan; Mr. and Mrs. Chas. Thorndyke Mr. Wm. Lang, and the Misses Lily Bradley, Gertrude Clarke and Flossie Mullen, Millbrook.

The Mirror joins in wishing Mr. and Mrs. Armstrong many years of prosperity and happiness.

"What is there in the vale of life  
Half so delightful as a wife;  
When friendship, love and peace  
combine  
To stamp the marriage-bond divine."

**Roofing Right.**

Any "Oshawa" shingled roof is good for 100 years—at least. Roof economy is a plain, easy problem of weighing years against dollars,—of dividing the price of the roof by the length of time it will stay a good roof.

How long will it stay a good roof? That is the question you want a plain answer to when you consider roof economy.

Not how long it will be a good enough roof if you patch it and paint it and tinker with every year or two. Not how long it will be a pretty good roof if you take good care of it—

How long it will be a G O O D roof if you DON'T take care of it? How long it will stay good if you don't do a thing to it? The real test of roof cost, the test of roof economy, is the length of time the roof will stay—

Wind proof,—without repairs—100 years, if "Oshawa" shingled! Damp proof—without repairs—100 years, if "Oshawa" shingled! Rust and mildew proof—without repairs—100 years, if "Oshawa" shingled.

Fire proof—without repairs—100 years, if "Oshawa" shingled. Water proof—without repairs—100 yrs, if "Oshawa" shingled. Proof against ALL the elements—how long will it stay so, that roof you are going to buy?

That's the test, and the only test worth your while, when you spend good money to cover any building worth roofing right.

That's the yardstick that measures real roof economy.

A twenty-five year guarantee safe guards every "Oshawa" shingled roof. A plain English guarantee that says no "Oshawa" shingled roof will leak, nor need repairs, nor need painting, nor catch fire, for twenty-five years.

We can supply you with Steel Shingles, Steel Roofing, Corrugated Iron, Conductor Pipes, Metal Shutters, Sky Lights, Finials, Steel Siding, Steel Ceilings, Eave Troughs, Metal Doors, Prepared Roofing, Ventilators, Statuary, Metal Laths.
