

OMEMEE NEWS.

Big Celebration in Omemee on Dominion Day, next Wednesday July 1st. Don't miss this great event. A Grand Garden Party on Presbyterian Church Lawn in the evening. Come one and all and enjoy one of the best days ever held in the Old Town.

BARN RAISING—One of the finest barns erected during the season, under the direction of the contractors Chapman and Mills, was raised at the beautiful farm homestead of Mr. John Spence, three miles north of the village. The building is a frame structure, 45 by 95, on a 10 ft. stone and cement wall, affording splendid accommodation for the stock of different kinds raised by Mr. Spence. About seventy-five persons assisted at the raising. Dainty refreshments were provided by the ladies.

Soda Fountain going in full force at Wylie's. Mr. Wylie is having a "Palm Garden" arranged at his Ice Cream Parlors.

Lightning struck Mr. Albert Stinson's house in Emily, and knocked part of the wall down.

The fishing has been very good and many have had exceptional luck. There is no need to tell 'fish wars', they are all the 'real' thing when baited for in Omemee Lake and Pigeon River, where Maskinonge and Bass are numerous. Mr. W. H. Curry vouches that Lunge of over 30 lb. weight have been caught in the above waters. He tells of a very interesting and exciting time he had in landing a thirty pounder.

We are pleased to see the "smile that wont come off" on the faces of the farmers since the beautiful rains of a week.

Mr. J. D. Thornton is one of the most enthusiastic citizens of the town, and much credit will be due his efforts when the steamers come up the river, the station moved to Sturgeon St., and many other good schemes propounded by him, are accomplished, and we understand that they are being seriously considered.

Wylie has the good goods, and the prices are right.

We have a number of candidates from a distance to try the Entrance Exams. here.

CAMP NIAGARA.

The following "wireless" message from a member "Omemee Bold Brigade," at present in camp at Niagara:

Bugler Banks, Col. Sergt. Rice, Joe Carol, Fred Evans, F. Stinson and Arnold Rea, of No. 7 Co., 34th Regt., have got the 37th "beat out" in the drill line.

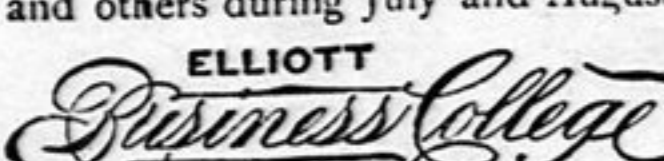

The Omemee Minstrels of No. 7, (late of the 47th) held a concert for benefit of the late private M. Stinson's "widow and orphans." The comedians being Carol, Evans and Rice; the funny end or coons, Stinson and Banks. The enthusiasm and applause was great, and aside from the solemnity of the occasion, it proved (except financially) a decided success. The door receipts amounted to the sum of 17 cents.

The Soldier Boys inter-d taking in the Excursion to Buffalo, Niagara and New York on Sunday.

We expect to be in the "Old Town" to help celebrate Dominion Day.

If there are any more ben-fit concerts, I will send you another Memorandum.

Summer Session for Teachers and others during July and August.

Toronto, Ont.

Remains open throughout the summer and many students enter at this time. We have a greater attendance this year than ever before. Graduates readily secure employment. Write today for handsome catalogue. It pays to attend the best.

W. I. Elliott, Principal, Cor. Yonge and Alexander Sts., Toronto.

EB-NEZER.

We are pleased to see that Mrs. David Sharpe is able to be out again. Quite a number of our young people attended the Foresters Picnic at Mt. Pleasant, Tuesday 16th inst.

Miss A. Stewart is visiting friends at Lindsay.

Telephone poles are rapidly springing up in our neighborhood.

Mr. and Mrs. John Jewart have returned from an extended visit in Cartwright and Oshawa.

Franklin Picnic was well patronized by the young people of this line.

Mr. Robert McCamus' new barn is almost completed.

The Misses Flossie McGee and Pearl White, also Mr. Henry McGee, are home for their summer vacation.

Miss Downer of Mount Pleasant is visiting at the home of Mr. McGee.

Friday night's rain decreased the attendance at our Rainbow Social and Garden Party, held at the home of Mr. Ephraim White. Although it rained quite heavily, rainbows were seen throughout the showers. As the Millbrook Citizens Band did not arrive, the evening was pleasantly spent in games and other amusements. The proceeds amounted to nearly \$40.00.

Many Down with Pleurisy.

Doctors say the country is full of it. First comes a chill, then cold develops—the inflammation grows—you can't draw a long breath—lungs and sides get sore, and pleurisy sets in. A good home-cure consists in taking twenty drops of Nerviline every four hours. Supplement this by vigorously rubbing the sides and chest with Nerviline, and when warmth and circulation are established, put a Nerviline Porous Plaster over the aching spot. Nerviline treatment is always successful in colds, neuritis, and pleurisy. Try it yourself.

MOUNT PLEASANT.

On Tuesday afternoon, 16th inst., our local order of Foresters, Cent. Primrose, held a picnic in Mr. William Shield's grove. The swings and terpench exercises were participated in heartily by an enthusiastic number and were much enjoyed. Perhaps the greatest enthusiasm was manifest in the game of base ball, when the Foresters club crossed bats with the local club whose members are not Foresters. It was a struggle of great local interest and fun.

The old base ball spirit that has been dormant for a few years, was revived and what on-looker had not a friend or relative among the players! As the game proceeded, the acclamations—full-voiced and without premeditation—awoke the echoes far and near and "all went merry as a marriage bell." Each side strove valiantly for victory, and the umpire, Dr. Snelgrove of Omemee, had a very busy and delicate operation to perform. The Doctor handled the indicator with great success and the thanks of the promoters of the amusement are due to him.

Our bachelor ball tossers proved too weighty for their opponents and won by a narrow margin. The greatest good feeling prevailed throughout the game and it is expected that in the near future, the same teams will again struggle for the mastery when the Foresters' hope to vanquish their rivals.

There was a very large number in attendance, and the weather was delightful.

The boyaut smile has faded for a snare. We extend congratulations to Mr. and Mrs. George Jamieson. It was a homing girl that arrived last Thursday to grace their home.

Another suburban picnic next Friday at Orange Corners is down for amusement. There will be games of base ball and foot ball.

A large contingent from Omemee floated through on Friday evening to the Garden Party at Ida, the complete success of which was marred by a gale of indignation.

A. Leach gives with every 50c. box of M-O-N-A a guarantee to refund the money unless the remedy cures.

Our municipal fathers were in town on Friday. Their presence was required on the 14th concession line where some of the contingent perplexities of drain construction were straightened out and made smooth.

Congratulations are in order to Mrs. W. H. Lowes, who has been elected District President of the Woman's Institute.

Mr. and Mrs. John Best of Peterboro are visiting friends.

Statute labor is down for this week under the supervision of Mr. John D. Thexton.

It is our sad duty to chronicle the demise, last week, of Mrs. Joseph Agnew (nee Miss Lily Morden), who passed peacefully away at the Hospital in Peterboro, after an illness extending over some years. The funeral took place from her brother's residence in Peterboro, to the Little Lake Cemetery where interment took place. The cortege comprised many friends and relatives who wished to show their last marks of respect and affection. The warmest sympathy is extended to her bereaved husband, father and brothers.

She is not dead, the child of our affection, But gone unto that school, Where she no longer needs our poor protection, And Christ himself doth rule!

"Show Me" Proof.

That is what Hyomei will do in all forms of Catarrh and Troubles of The Breathing Organs.

It's not a question of Hyomei having cured some one else but will it reach your own particular case. If its cold in the head, Catarrh, Bronchitis, Pneumonia, Croup or any affection of the breathing organs A. Leach says yes, and will refund the money if it fails. No other preparation for the same purpose can successfully do this, because the Hyomei system of treatment is different from anything else.

You simply breathe and inhale its medication in dry air form which descends the germ life that causes oppressed breathing, Nasal Catarrh, Throat Irritation and Lung Troubles. It brings to these suffering organs the balsam laden air they would get in the Pine and Eucalyptus forests. The air that stamps out Bronchial troubles.

The prince of entertainers Marshall P. Wilder says: Hyomei is easy to use, and swift to cure. It ensures against coughs and colds. It gives you pure air and kills the germ of disease. It helps the voice.

A GROWING MENACE.

The more or less frequent reports where medical men lend assistance to the contravention of the laws of nature and of the land in the endeavor to save young women from the consequences of their folly give cause for grave concern. It is bad enough to have quacks and charlatans secretly at this kind of business, but if the medical profession is to encourage it where will it end?

The only hope of stopping wholesale murder lies in making the punishment so severe that those on the one hand who are tempted to interfere with the natural result of their indiscretion will realize the grave danger, while those who are inclined to assist them will be loathe to hesitate before doing so. But until the man is made to feel as keenly as the woman the result of departure from the path of virtue, there will be little hope of eradicating or even minimizing this side-stepping of the laws of society and of God—The Home Journal.

EAT WHAT YOU WANT

But Find the Way to Digest What You Do Eat.

The first thing to do in the case of indigestion or stomach weakness is to strengthen the muscular walls of the stomach and intestines, so that they will care for the food that is eaten. In no other way can this be done as well as by taking a M-O-N-A tablet before each meal. This restores strength to the stomach muscles and stimulates the pouring out of gastric juices, then the food digests readily and you begin to get the full benefit from what you eat.

Use M-O-N-A whenever you have sick headache, heartburn, bad taste in the mouth, coated tongue, spots before the eyes, sleeplessness and the many other symptoms that are the direct result of indigestion.

A. Leach gives with every 50c. box of M-O-N-A a guarantee to refund the money unless the remedy cures.

Clover Seed a Profitable Crop for the Farmer.

As was predicted a year ago, there has been a decided shortage of clover seed this spring. A light crop in Europe and the United States and in Canada caused the stocks for this spring's trade to be abnormally low, and this resulted in unusually high prices for good seed. At present the indications are that the foreign exporting countries will not produce more than an average crop of clover seed, and the Ontario supply is likely to be short. In some sections of Ontario the clover crop was seriously affected by drought last season, and the amount available this year for seed production may be limited. Much the same condition prevail over a considerable portion of the clover seed producing area of the United States; so that unless the yield from the areas which were not seriously affected by the adverse weather conditions last season is exceptionally heavy, a shortage of seed for next spring's trade is more than probable.

In view of the conditions cited, the advisability of utilizing every available clean field, or part of field, for clover seed purposes is urged.

In growing clover and grass seed for the market, it is important to bear in mind that the standard of purity demanded in the Canadian trade is higher than it was a few years. The demand for seed of first quality has substantially increased. The result of this demand for seed of good quality has been that the seed grower finds impure seed an almost unmarketable commodity, while the production of good clean seed has grown to be a remunerative industry. Hence the necessity of taking every possible precaution against the presence of noxious weed seeds.

The first step in the production of good clover and grass seed is to procure the cleanest possible seed. If this is used on clean land and is followed by a thorough system of weeding in the field, the product will be clean. The field weeding is of prime importance although it is often overlooked. When we remember that every growing weed if allowed to mature, will produce from 10,000 to 50,000 seeds, it will be readily understood that the removal of these plants must make a great difference in the market value of the seed.

With red clover the best results are obtained by pasturing; or cutting the first crop early. This allows a stronger second growth for the seed crop and also lessens the danger of damage from the clover seed midge. If the clover is pastured, the stock should be turned off early in the season and the field mowed, in order to cut down the weeds and produce an even second growth.

Alsike and red clover may be harvested with a reaper or a mower, with or without a table attachment. If no table attachment is used and the clover is well ripened, it should be cut and raked when the dew is on, in order to prevent shelling.

The clover huller is the best machine for threshing alsike and red clover, but the ordinary grain separator will do the work fairly well if properly regulated. The grain separator will not hull the seed as thoroughly, and in consequence there is more waste of good seed unless the straw be thrashed a second time. But the fact that there is no clover huller available should not deter farmers from saving at least sufficient seed for their own use.

WHAT CAUSES "NERVES"?

Most people say worry—they are wrong—the cause is in the blood which is thin, and lacks nutrition. To cure "Nerves" more blood, sixes and flows are required. You get these quickly by taking Ferrozone. No health bringer is so certain, no nerve strengthener more potent, no system tonic so well adapted to the wants of the run-down, nervous or sleepless. Let Ferrozone build you up, let it fill you with vim, energy and surplus vigor. It has done this for thousands.

NERVOUS DEB. OUR NEW METHOD OF TREATMENT... THREATENED WITH PARALYSIS. Peter E. Summers, of Kalamazoo, Mich., writes his experience. I was troubled with Nervous Debility for many years. I tried to regulate and exercise in early youth. I became very despondent and didn't care a thing for myself or my future. I thought every body who looked at me gave me my secret. I had no energy, my head and feet were cold, tired in the morning, poor appetite, nervous system, eyes blurred, hair loss, memory poor, etc. I consulted the undersigned and the doctor told me he feared paralysis. I took all kinds of medicine and tried many first-class physicians, were all of no avail. For three months I went to St. Louis, Mo. for baths, but received little benefit. While at St. Clements I was induced to consult Dr. Kennedy & Kennedy, though I had lost all faith in doctors. After my treatment I saved my life. My improvement was so rapid that I could feel the step going through the nerves. I was cured mentally and physically. I have sent them many patients and will continue to do so. CURES GUARANTEED OR NO PAY. We treat and cure VARICOCELE, STRICTURE, NERVOUS DEBILITY, B. OOD AND URINARY COMPLAINTS, KIDNEY AND BLADDER DISEASES and all Diseases peculiar to Men. CONSULTATION FREE. BOOKS FREE. If unable to call write for a Question Blank for Home Treatment. Drs. KENNEDY & KENNEDY, Cor. Michigan Ave., and Griswold St., Detroit, Mich.

AN OPEN LETTER

From W. J. Gage, Esq., Toronto

A Problem of National Importance

Dear Friend:—A bright young lawyer at the Muskoka Sanatorium for Consumptives some weeks ago, speaking of the burden placed upon him by having consumption, said:

"One has to lead a life of concealment. If I go away from this place people are afraid of me." This is the sad lot of those who suffer from this dread disease.

On behalf of the thousands who are sick and will not be received by other hospitals, I make this appeal for the Muskoka Free Hospital for Consumptives.

Nearly 10,000 people from every part of Canada aided in this good work last year, sending us \$26,000.

The Trustees have faith that a still larger number will help. The Physician's offices, throat rooms, etc., up to the present have occupied rooms in the hospital that rightly belong to patients.

To make better provision for the work, and furnish more accommodation, a new administration building is now under way. A cottage for the Physician and his young wife had also to be built.

To provide for this outlay, and to care for patients for the coming year, we must secure at least \$50,000.

The Muskoka Free Hospital for Consumptives never refused a patient because of his or her inability to pay. It cares for those whom other hospitals refuse. It cares for those whom other people are afraid of.

"I was sick and ye visited me," was Christ's commendation. Should not a richer benediction be yours if from a loving heart your dollar makes a golden visit to this hospital, bringing health and joy to those whom other people fear, and whom, in many cases, nobody wants.

Will you have the luxury of giving? Faithfully yours, Toronto, W. J. Gage
