# Serious Accident.

An accident to Master Norman Bruce occurred on Monday evening on Upper St., almost opposite Mr. Larnier's Livery Barns. It appears that Norman Bruce was speeding on his wheel and not noticing the approach of Mr. and Mrs. Steele, who were out driving, ran into the buggy, his leg getting caught in the spokes, and before the carriage could be stopped, Bruce's leg was broken and he was otherwise badly shaken up. The poor fellow was carried to Mr. Larnier's livery barn and Dr. Snelgrove, assisted by Mr. Charles Walsh, dressed the wound and alleviated his terrible sufferings. On Tuesday morning he was accompanied to the Peterboro Hospital by Dr. Snelgrove, and placed in comfortable quarters, where he will have every attention. We understand that amputation is not necessary.

# Bowling Match a Tie.

The Port Hope bowlers came out on Friday evening and played a game with Millbrook, which resulted in a tie. The game was very interesting and exciting. The following were the players:

Mr. John McBride has secured the agency for this district for the Lindsay Marble Works. Parties desiring to have a Monument erected to the memory of their deceased friends, should call on Mr. McBride before ordering.

Next Sunday evening the Rev. Mr. Johnston will preach on the subject: "Unpaid Bills." The Rev. gentleman in announcing his subject last Sunday evening, asked the congregation not to make any application until they hear the sermon. Appropriate music by the choir.

This we understand is the last sermon Mr. Johnston will preach until his return from a well earned vacation, he will be away until the first of September. He purposes visiting the Bible Conference at East Northfield, Mass., these meetings are famous throughout the religious world for the undenominational character. He will have an opportunity of hearing some of the foremost scholars and preachers and singers and soul winners, and we do not doubt come back to his work to give to his people and the town the benefit of his information and his journeyings, we say town because few men take more lively interest in everything that makes for the betterment of the town.

# ASTONISHED THE DOCTOR.

Mrs. Eaton Recovering, Although Her Physician said She Might Drop Dead at any Time.

"The doctor told me I had heart disease and was liable to drop on the street at any time," says Mrs. Robert Eaton, of Deerlin, Ont. "My trouble began four years ago with a weak heart. I was often afraid to draw my breath, it pained me. I was bothered with nervousness, shortness of breath, dizziness, loss of appetite, smothering and sinking spells, and I could not sleep.

"Sometimes a great weakness would seize me and I would have to lie down to keep from falling. My hands and feet would seem to go to sleep and a sort of numbness would come all over me and perhaps immediately after the blood would rush to my head and a series of hot flashes would envelop me.

"I took all kinds of medicines, but kept gradually growing worse until about eight weeks ago, when I began using Dr. Leonard's Anti-Pill. From the start I improved until now my appetite has returned, I can sleep well and have no nervousness, dizziness, palpitation, faintness or any of my other troubles. They have all entirely disappeared. I feel much stronger, look better, and altogether Anti-Pill has made a new woman of me.

"I am entirely cured and cannot say too much for this wonderful remedy. I would most heartily recommend Anti-Pill to any one suffering as I did."

# Concerning the Lace Trimmings.

"There is no doubt," says Elias Morien, in the NEW IDEA WOMAN'S MAGAZINE for August, "that the combination of lace and fancy stitches is being overdone, which fact may cause the disappearance of lingerie effects at the end of the summer, or a reaction to simpler styles. While it is still with us however its influence is felt in many other lines of wearing apparel. Lace has never been more in vogue, and the combination of many different varieties, which has already been mentioned is greatly encouraged by the manufacturers, who produce in the same piece Venetian and Cluny portions, embroidered batiste motifs on an Irish all-over background, or a Valenciennes medallion with a Cluny border. Of course these are not inexpensive, but a good piece of lace is always a good investment. Making one's own combination for a neck or waist front decoration is a less expensive method of achieving equally successful results, especially if one knows when and where to pick up odd little Valenciennes or St. Gall medallions, Italian cut-work squares, or embroidered wheels.

"Although white is the color for lingerie styles, the introduction of a note of color is greatly sought this season. This is frequently contributed by dainty ribbon embroidery applied on the design of Valenciennes lace, or insertion in detached flowers. For this purpose the shaded ribbon comes in an extremely narrow width which, however, is equally suitable for treating even the coarser laces in the same manner.

# How Pneumonia Starts.

You catch a little cold to day, by tomorrow it has reached the throat, next day the lungs are affected and you wish you had used "Catarathozone" which kills colds in five minutes. In the first place Catarathozone soothes the irritated membranes and relieves congestion,—then it cuts out the phlegm and destroys the germs. It enables the blood to retain a natural supply of oxygen, lung-fog, and vital life. In any cough, bronchitis or lung affection, it's guaranteed to positively cure. Decline any substitute for "Catarathozone."

# Reduced A Hard Swelling.

Mr. Gus E. Geroux, writing from Pembroke, tells how he was injured in a lumber camp. "A heavy log rolled against my leg and I was laid up with stiffness and a hard swelling. When I applied Polson's Nerviline I got relief. A few rubbings with this good liniment cured me." In the bush, Nerviline is indispensable; it cures neuralgia, colds, rheumatism and internal disorders too. No person can afford to be without Nerviline. Useful for all external and internal pain. Large bottles 25c, at all dealers.

# THINK OF THIS.

Have you ever noticed, when a child is mentally weak or physically deformed, how the mother's heart turns to it with a tenderness that is not lavished upon her more favored children? How solicitous the father is to find it from all harm, and in some way to make up for the disability from which it suffers? Even brothers and sisters show a partiality for it which they do not show to each other. This may and does take place when the slight or conduct of the child is repellent to strangers. Its very infirmity endears it to the members of its own family. And this is a wise provision of Providence. How often do we sometimes see the treatment meted out to this unfortunate when circumstances make it necessary for him to be out in the world to try to do something for himself. He is often teased, mocked, mimicked and laughed at, and tricks are played upon him, and his weakness, whatever it is, taken advantage of to tease and vex him, and the more successful they are in making him miserable the more insistent are they in their dastard course. This is no fancy picture. It is a too common occurrence, and one hears of grown men, some of them fathers of a family, maliciously making game of such creatures, one wonders at the forbearance of their Maker.

# Proper Medicine For The Blood

Drives Away That Tired Feeling; Makes You Feel Brisk.

To every one it is sure to come that tired, exhausted feeling. When the blood is weak thin and debilitated, circulation is slow, and in consequence the system is congested with poisons and wastes that should be driven off.

The sensible person acts on the teachings of experience and cleanses his system with a course of Dr. Hamilton's Pills of Mandrake and Butter-nut.

No medicine can be more certain to quickly cure Constipation to take just one pill at bedtime safe, because entirely vegetable; unailing, because proved by thousands that Dr. Hamilton's Pills set you up in a few days.

From Chobogue P. N. W., comes the following from Mrs. W. A. Reynolds: "A year ago my health began to fail. I lost appetite, became nervous and sleepless. My weight ran down, I became thin, hollow cheeked, and had black rings under my eyes, I really felt as if the charm of life had left me and when spring time arrived I was in the 'bruce.' I read of Dr. Hamilton's Pills, and got five boxes at once.

"Within a month my appetite and color were good. I gained strength and felt like a new woman. New life and vigor returned, and my friends scarcely knew me. A medicine that will do this should be in every home."

Good health means much to you. Success and happiness depend upon it. The maintenance and source of health is found in Dr. Hamilton's Pills, 25c. per box, or five boxes for \$1.00, at all dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.
