We can live our lives the same, And departing, leave behind us No cross kids to bear our name. Kids, perhaps, to whom another, Hoeing out life's solemn row,

# Foot Ball Match.

The return match between Springville and Cavanville foot ball teams was played at Cavanville on Monda June 22nd. The Springville line u was the same as played at Springville on the 16th inst., Cavanville played two new men. Cavanville won the toss and Gene Touchburn kicked the ball off; the first half was without special incidents, the referee only or ce finding it necessary to caution a Cavanville forward against rough playing. The second half was a much better ex. hibition of the manly game, Gene Touchburn of Ida, played a good game for Cavanville assisted by L. Parnell, attempting fast and aggressive work, but the defence of Springville was impregnable, only twice did the ball get past the backs, once by a shot on goal from Parnell which was well stopped by A. Bidgood, Springville's goal keeper: Boboy Steele also made what seemed a dangerous shot but soared too high, White Bros. then tried the trick but failed. Albert Re nolds then got the ball and sent it twirring through space as though shot from a cannon Springville forwards secured it and carried it past Cavanville's half backs and through the full backs, making a desperate effort to score, in which the ball was fouled; Cavanville could n t stay the rush by Seaton and G. Reynolds, who sent the cowhide through the goal The Referee however ruled that the ball had been fouled and what had been a most brilliant rush for Springville was lost, they however took the ruling gracefully. The game new became fast and interesting Springville's forwards setting the pace a notch faster than Cayanville's line blood, rich nutritions blood-that's could follow and the game seemed decidedly in favor of Springville when the ball was burst, there not being another the game was declared a draw. The game throughout was a gentle-

manly exhibition on the part of bo h teams. The following was the line up: SPRINGVILLE--Goal-II. Bidgood; full backs-A Reynolds. A Problem of National Importance

Dear Friend :-A bright young lawyer at the Muskoka Sanatorium for Consumptives some weeks ago, speaking of the burden placed upon him by having consumption, said:

"One has to lead a life of concealment. If I go away from this place people are afraid of me." This is the sad lot of those who suffer from this dread disease. On behalf of the thousands who are sick and will not be received by

other hospitals, I make this appeal for the Muskoka Free Hospital for Consumptives. Nearly 10,000 people from every part of Canada aided in this good

work last year, sending us \$26,000. The Trustees have faith that a still larger number will help. The Physician's offices, throat rooms, etc., up to the present have occupied rooms in the hospital that rightly belong to patients.

To make better provision for the work, and furnish more accommodation, a new administration building is now under way. A cottage for the Physician and his young wife had also to be built. To provide for this outlay, and to care for patients for the coming

year, we must secure at least \$50,000. The Muskoka Free Hospital for Consumptives never refused a patient because of his or her inability to pay. It cares for those whom other hospitals refuse. It cares for those whom other people are afraid of.

"I was sick and ye visited me," was Christ's commendation. Should not a richer benediction be yours if from a loving heart your dollar makes a golden visit to this hospital, bringing health and joy to those whom other people fear, and whom, in many cases, nobody wants. Will you have the luxury of giving?

Faithfully yours, Toronto,
