TEACHERS OF BOYS' CENTRAL SCHOOL DO HONOUR TO PRINCIPAL.

The teachers of the Boys' Central school took the opportunity before school closed for the holiday of presenting the retiring principal, Mr. George H. Deane, with a handsome leather writing cabinet. Mr. Deane is severing his connection with the school to become one of the school inspectors. Mr. Deane's care at the Central has been a distinguished one, and it is with regret that his fellow-teachers bade him farewell.

The following is the address which was read by Mr. E. Campbell:

Dear Mr. Deane: This is an occasion in which regret and pleasure are equally mingled. We regret that the time has come for you to sever your connection with our school and to withdraw from our midst. On the other hand, we feel gratified that the educational authorities of the province have recognized the sterling qualities which you have exhibited whilst on the teaching staff of this city, and that they have desired you to accept a post of greater importance and wider scope.

We shall miss the pleasant intercourse and associations of the past two years and we trust that good fortune and prosperity will attend you in your new vocation. Although we do not fear that you will forget the old Boys' Central School, we ask you to accept this writing cabinet both as a daily reminder of the time spent in supervising its destiny and as a slight token of regret from your colleagues and well wishers.

Signed: Frederic G. C. Wood, Ernest Campbell, Joseph B. Clearhue, W. Sutte, D. J. Thomas, J. Cunningham, Isabel F. Barron, Louise Sylvester, M. Gibson, Laura Blackwell.—Victoria Daily Times.

On Tuesday, the pupils of the sub high school class presented their teacher, G. H. Deane, with a handsome suit case as a parting gift and a token of their affection and esteem. Mr. Deane, who was completely taken by surprise, and much touched, warmly thanked the young people for their thoughtful gift. Although the class broke up on Tuesday, the pupils of this class, who are going up for the departmental examination, will continue their studies during the remainder of the week.—Victoria Daily Colonist.

BORN—In Millbrook, on Saturday, July 25th, to Mr. and Mrs. Herbert Russell, a son.

Mr. J. J. Fair went on the Excursion to Rochester and had a good time.

What do you think of the two candidates? asked one elector of another during a recent contest. "What do I think of them?" was the reply. "Well when I look at them I'm thankful only one of them can get in.—London Advertiser.

NEVER CRY QUILTS.
You may be weak, sleepless, Nervous—digestion may be poor, but don't despair. Never say the till you have used Ferruzine, the most wonderful body builder, the best nerve and system tonic known. Ferruzine gives tone and vigor to the whole body; it makes you eat, consequently it provides increased nourishment. Day by day you grow in strength—weakness, loss of sleep, apprehension all pass away. You feel well, stay well, look well. Do try Ferruzine, it's sure to benefit. All dealers in 50c boxes.

Scene—Cabstand Lady, distributing tracts, hands one to cabby, who glances at it, hands it back, and says politely: "I can't, lady. I'm a married man." Lady nervously looks at the title, and reading "Abide with me," hurriedly departs, to the great amusement of cabby.—Port Hope Guide.

BURNT HIS TOES BADLY.
But he will never again use a cheap corn cure containing acids. The only safe and painless cure is Putnam's Corn Extractor. It never burns, always cures—buy "Putnam's".

SHOULD BE FITTEN.—A wild man in New Jersey advances the most unique reason yet for the use of abortion. He says it keeps the mosquitoes from biting him. Boys should bite the man who wears a corset.—Port Hope Guide.

ARE YOUR JOINTS LAME?
Haven't you a weak spot, a place where cold and inflammation always settle? Whether it is in the neck, side, joints or limbs—here is a simple way to rub with Nervoline, and then apply Nervoline Porous Plaster. These cure rheumatism, invariably cure strain, swelling, weakness and muscular pain. There is no mystery about this. Nervoline is the most penetrating and strongest stomachic, absolutely cures dyspepsia. Simple to take and sure to cure,—better try Dr. Hamilton's Pills.

Once a Scotchman was visiting New York, and coming across a statue of Washington stood gazing at it. Just then a Yankee came up and said to Sandy: "There's a good man, a li never passed his lips." No," said the Scotchman, "I suppose he talked through his nose like the rest of you."

ARE YOU A DYSPEPTIC?
Nine people out of ten suffer from dyspepsia and don't know it. Half-pale cheeks, poor appetite and sleepless nights are the direct results of dyspepsia. The cause lies in failure of the stomach and the kidneys are clogged and unable to do their work. Nervoline puts vigor into these organs so fast as Dr. Hamilton's Pills. They tone up the whole digestive system, regulate and strengthen the stomach, absolutely cure dyspepsia. Simple to take and sure to cure,—better try Dr. Hamilton's Pills.

COLBORNE MAN FINED.
Colborne, July 28.—Police Magistrate Holland this afternoon imposed a fine of \$75 and costs upon George Teasdale of Colborne, a local option town east of here, for an alleged breach of the law in selling intoxicating liquor on June 11th last. Mr. James Haverson defended the case; Mr. John Ayeart, of the Provincial Department prosecuted.—Globe.

ASHAMED OF MOTHER.—It is a sorry day for a girl when she feels herself inferior to her mother, and readers herself called upon to apologize for bad grammar, mispronounced words, foreign accents, or slips in her speech. When a girl becomes so small that she is ashamed to appear in public with her mother because she is old-fashioned and dowdy in appearance, her hands brawny, her face prematurely wrinkled and her form bent by long years of work for her children, she is indeed to be pitied. What a return to make to the poor mother for all her self-sacrifice, for the years of patient trials cheerfully plodded through, that her daughter might enjoy advantages that she herself never dreamed of.—Globe.

The Sick Made Well

WITHOUT MEDICINE.

No matter what disease you suffer with, nor how long you have been sick, if no vital organ is irreparably destroyed, in all probability

OXYDONOR
will cure you. No medicine, drugs, electricity, mental science or faith cure. But a natural, rational method discovered by a well known scientist and physician.
One OXYDONOR will serve an entire family—one at a time. It will last a life-time, and there is no expense after the purchase price. You can apply OXYDONOR at home while you rest or sleep.

Mr. Wm. Beers, 196 York St., Toronto, Ont., writes: "I have great pleasure in recommending your Oxydonor. When I first got the instrument I was suffering from Sciatica for about four months, and after applying it for five weeks it left me all at once and have not been troubled with it since. I can highly recommend it as a good family doctor, and would not be without it for double the price."

Roofing Right.

Any "Oshawa"-shingled roof is good for 100 years—at least. Roof economy is a plain, easy problem of weighing years against dollars,—of dividing the price of the roof by the length of time it will stay a good roof.

How long will it stay a good roof? That is the question you want a plain answer to when you consider roof economy.

Not how long it will be a good enough roof if you patch it and paint it and tinker with every year or two. Not how long it will be a pretty good roof if you take good care of it—

How long it will be a GOOD roof if you DON'T take care of it? How long it will stay good if you don't do a thing to it? The real test of roof cost, the test of roof economy, is the length of time the roof will stay —

Wind proof,—without repairs—100 years, if 'Oshawa' shingled.
Damp proof,—without repairs—100 years, if 'Oshawa' shingled.
Rust and mildew proof,—without repairs—100 years, if 'Oshawa' shingled.

Fire proof,—without repairs—100 years, if 'Oshawa' shingled.
Water proof,—without repairs—100 yrs, if 'Oshawa' shingled.
Proof against ALL the elements—how long will it stay so, that roof you are going to buy?

That's the test, and the only test worth your while, when you spend good money to cover any building worth roofing right.

That's the yardstick that measures real roof economy.

A twenty-five year guarantee safeguards every 'Oshawa' shingled roof. A plain English guarantee that says no 'Oshawa' shingled roof will leak, nor need repairs, nor need painting, nor catch fire, for twenty-five years.

We can supply you with Steel Shingles, Steel Roofing, Corrugated Iron, Conductor Pipes, Metal Shutters, Sky Lights, Finials, Steel Siding, Steel Ceilings, Eave Troughs, Metal Doors, Prepared Roofing, Ventilators, Statuary, Metal Laths.
