Bad Symptoms

The woman who has periodical headaches, backache, sees imaginary dark aches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catern, is suffering from weaknesses and derangements that should have early at ention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such eases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional indorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar allments enter into its composition. No alcohol havenful

In any condition of the female system, Dr. Pierce's Favorite Prescription and de Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will often prevent them, if taken in time, and thus the operating taken in time, and thus the operating table and the surgeon's knife may be
