# Hair Dressing

Nearly every one likes a fine hair dressing. Something to make the hair more manageable; to keep it from being too rough, or from splitting at the ends. Something, too, that will feed the hair at the same time, a regular hair-food. Well-fedhair will be strong, and will remain where it belongson the head, not on the comb! The best kind of a testimonial—
"Sold for over sixty years."

### IGORROTE VILLAGE.

This item is for the purpose of calling the attention of intending visitors to one of the special features at the Can adian National Exposition, Toronto, viz: The Igorrote Village. At the St Louis World's Fair this Village was visited by President Roosevelt, Vice-President Fairbanks and their families.

It was endorsed by Cabinet officers, bers of the Board of Lady Managers, press and pulpit as the most unique educational feature U. S. A. War Department and the

Government of the Philippine Islands, There is nothing in the presentation of the show, or in the natives themselves, to which the most sensitive and refined could object, but such as always to enlist their interest. Every schoolboy and every schoolgirl

should see these strange people. They will prove of absorbing interest to the young and mature alike, and the higher the intelligence of the visitor the greater the degree of satisfaction. Fre quent lectures are given covering the salient points about these little known primitive people, and all visitors are. urged to remain to hear the lecture.

A sudden death occurred on Tues day evening at the residence of Dr W. Gray, Peterboro, when Mrs. Hugh Kennedy, of Cavan, took suddenly ill. and died from heart failure. The de ceased lady had been in good health all day, and until an hour before her death, was feeling well. The deceased leaves three daughters to mourn her loss, viz: Mrs. Dr. Gray, of Peterboro; Mrs. A. R. Gamsby, of Orono; and Mis. W. R. McQuade, of Omemee.

The remains were brought to her late residence on Wednesday, from where the funeral will take place at p.m. on Friday. The bereaved family have the heartfelt sympathy of their many friends.

## Died in Peterboro on Wednesday.

The sad news of the death of Miss Bella Fair, daughter of Mr. Wm. Fair, was wired to friends here yesterday evening. Although her death has business. been looked for for some time, it was none the less heartrending to her grief stricken father and other relatives. Deceased was most highly respected by all her acquaintances, and her untimely death has cast a gloom over all have enjoyed their visit to this the community. The remains were pretty town. brought to her father's residence last evening and the funeral will take place on Friday afternoon, at 2.30 o'clock. Service will be held in St. Thomas' Church. The bereaved family have the heartfelt sympathy of their many

FACTS IN NATURE.

Not Only Do We Get Inspiration From Nature, But Hesith as Well.

For people who are run-down and nervous, who suffer from indigestion or dyspepsia, headache, biliousness, or torpid liver, coated tongue with bitter taste in the morning and poor appetite, it becomes necessary to turn to some tonic or strengthener which will assist Nature and help them to get on their feet and put the body into its proper condition. It is becoming more and more apparent that Nature's most valuable health giving agents are to be found in forest plants

now consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., discovered that by scientifically extracting and combining certain medicinal principles from native roots, taken from our American forests, he could pro-duce a medicine which was marvelously officient in curing cases of blood disorder and liver and stomach trouble as well as many other chronic, or lingering ail-ments. This concentrated extract of Nature's vitality he named "Golden Med-ical Discovery." It purifies the blood by putting the stomach and liver into healthy condition, thereby helping the digestion and assimilation of food which feeds the blood. Thereby it cures weak stomach, indigestion, torpid liver, or bil-lousness, and kindred derangements.

If you have coated tongue, with bitter or bad taste in the morning, frequent headaches, feel weak, easily tired, stitches or pain in side, back gives out easily and aches, belching of gas, constipation, or irregular bowels, feel flashes of heat alternating with chilly sensations or kindred symptoms, they point to derange-ment of your stomach, liver and kidneys, which the "Golden Medical Discovery will correct more speedily and perma-nently than any other known agent. Con-tains no alcohol or habit-forming drugs. All its ingredients printed in plain English on wrapper. The sole motive for substitution is to

permit the dealer to make a little more profit. He gains; you lose. Accept no sub-stitute for "Golden Medical Discovery." Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets. One a laxative; two or three are cathartic.

Talking of "knockers" W. A. Buchanan in the Lethbridge Herald

"If you have a hammer in your left hand hip pocket, please use it on the dry-goods box loafer who says that you should do something for him, and let the town take care of itself. Some people spend their time in looking for windfalls instead of boosting the town and then taking what will come his way. They hand the town a black "bunch," and kick because they are too lazy to work. Some people would like to see this or that happen-not for the town's good but because it would swell their resources-but will not do a thing towards helping their scheme because it might help someone else at the same time. Take your mouth from the pie and put your shoulder to the wheel of the band wagon and move up the h !! at the top there is prosperity and plenty, but you will have to share it with the others who put the feast in sight. The fellow who says 'don't put any competition in the town, and then I cant live,' is about the handlest man we know of for the job of chief cham. bermaid for a livery stable."

Hastings is radiating enterprise these days in preparing for the radiation of heat at a later date. To-day Mr. L. F. Clarry, barrister, Hastings, is in town, in connection with the submission of a village by-law to implement an agreement with the Peterboro Boiler and Radiator Company, by virtue of which the company engages to establish its industry in Hastings, to erect buildings to the value of \$75,000 and employ 25 hands the first year, the Village to give the company \$5000 cash and exemption from taxation. The by-law will be submitted to Nothing Succeeds Like Success. about the middle of September. Mr. Clarry's visit to-day is to complete arrangements for ten years .- Peterboro Examiner
