Bank of Toronto

An Old and Reliable Institution.

Age and stability should be considered in forming Banking connections. The Bank of Toronto was incorporated in 1855, and has now been over half a century in active business. Its progress during these years has been steady, and its large business has been built up on the soundest business principles.

The Savings Department is one that has always received careful attention and this Bank holds the interests of its Depositors as identical with its own, and grants as generous terms as safe banking procedure will permit.

Interest added 4 times a year.

WANTED.—Forty Girls at the Quaker Oats Company's Plant, Peterboro.

Improvements at the Corner Grocery.

Mr. J. N. Hicks recently made and put up a new awning for Mr. W. H. Coombe of the "Corner Grocery," opposite the Bank of Toronto. The awning is one of the best in town and reflects much credit on the local manufacturer. With the new plate glass front, Mr. Coombe's store is made bright and cheerful, and gives a better view of his excellent stock which he keeps well assorted. Mr. Coombe's business is growing fast.

Durham Old Boys' Excursion.

The 26th day of July 1907, was selected by the Executive Committee of the Durham Old Boys on which to hold their annual excursion and the weather conditions were very favorable. The temperature was below the mean for the month and the gentle zephyrs were exhilarating; not a person on board being sea sick. About 8.30 a.m. the special excursion train from Peterboro and Cobourg arrived at the foot of Young St., Toronto, with a monster crowd of Durhams. They were met by President Hughes, Secretary Yellowless and the city contingent, all embarking on the o'clock boat of the Niagara Navigation Co. The sail across the lake was ideal and nothing occurred to mar the pleasure of the trip. After touching at Niagara-on-the-Lake, the party proceeded to Lewiston where the Electric cars of the Gorge Route were in waiting to convey the pleasure-seekers along its line to Niagara Falls, N.Y.

The trip from Lewiston to the falls via this route, can not be understood or appreciated by any person who has not taken it. The cars run about on a level with and close to the river whose might is shown in the spectacular rapids and the deceptive and irresistible whirlpool. A better point of observation than that afforded by the Gorge Route seems impossible. When at the bottom of the gorge, one can appreciate with greater comprehensiveness, the distance from the surface of the water to the top of its banks and the unusual color of the water from the reflection of the foliage. The bed of the rapids seems to be composed of large, irregularly shaped and piced masses of rock which impede the mad dash of the water, throw it into the air and churn it into foam. The spectacle is magnificent in grandeur, awful in its immesable power and one never to be forgotten! The excursionists spent a great portion of the day in sight seeing on the American and Canadian sides, and inspecting many of the power houses. When one meditates on the volume of power represented by the rapids and the result in figures would be beyond the comprehension of the human mind. Think of one channel that taps the rapids near Chippawa and extends near or to the Falls with a series of power houses utilizing the water of the same channel, the calculate how many similar channels can be constructed, the American and Canadian Falls would yield and you are near the power of Niagara.

A large deputation of the Durham Old Boys' excursionists accepted the generous invitation of a monster cereal plant to visit it and inspect the process and manufacture of grain and foods. A very pleasant and instructive tour was spent with every attention from the management of the plant and concluded with an appetizing lunch served by the proprietors.

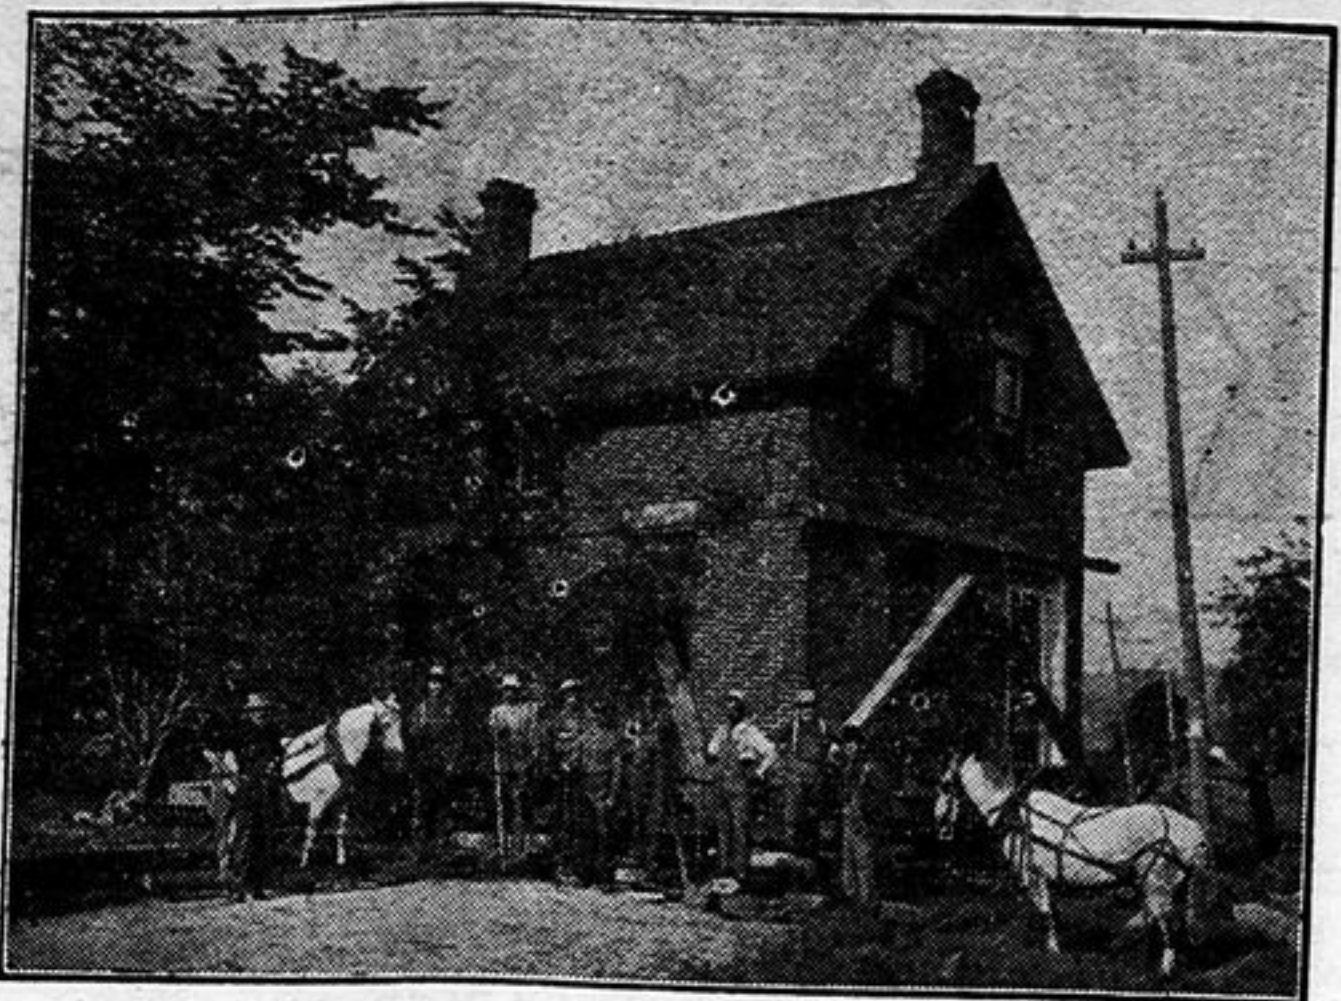

About 5 p.m. the major portion took cars for Lewiston and had a delightful return to Toronto by the steamer Chippawa.

The illumination of Hanlan's Island and Scarborough Beach drew forth many exclamations of their magnificence and beauty.

The excursion of 1907 was an unqualified success, due to the skillful management of the Executive, conspicuous among whom was our President and Secretary in their unstinting work to have everything systematic and work out for the pleasure of the excursionists. Durham County may well be proud of its people, they were a good looking, well behaved and intelligent collection. Urban and rural centres sent large representations; from the age of prattling infants to beyond the four score span were the happy faced Durham Old Boys. It was whispered about that the oldest Durham Old Boy along was a resident of a village to the extreme north east corner of Cavan Township, that he was in his eighty second year and tramped about as much as the younger members, benignant and interested.

The fraternalizing element of the excursion seems so commendable that we hope the event may annually transpire with its beneficial results.

DURHAM BOY.

The House That Jack Moved.

The brick residence on Peter street formerly occupied by Mr. George Garbutt and purchased by Mr. N. B. Gould has been successfully moved to a lot on the same street west of Mr. Donald McLean's residence. The building had to be moved some distance over a quarter of a mile and the work was accomplished in two and one half days. There was not a hitch in the whole operation and the house was undamaged, which reflects much credit on Mr. John Hoffman of Millbrook, and his efficient staff of workmen. Mr. Hoffman has acquired quite a name in his part as a mover of buildings. His next operations take place in Omemee where a warehouse owned by Mr. Beatty, grain buyer, will be moved.—Port Hope Times.

W. H. LOUGH, Esq., President of the Millbrook Agricultural Society.

The Millbrook Central Exhibition

This year the Fair will be held on Thursday and Friday, Oct. 3rd and 4th. The Prize Lists are printed and will be in the hands of the Secretary, Major C. H. Winslow, Millbrook, this week. Parties who intend to make entries may secure the Prize Lists and entry forms at the office of the Secretary or by writing to him for same. The Fair this year promises to surpass all of its predecessors, and the officers and members of the Society will put forth every effort to make it so. Over \$3,000 in premiums are offered, and for speeding in the "ring big purses" are offered for a "Free for All," and there will no doubt be many good horses to enter, and all lovers of speed will be well pleased with these events.

There is one thing that adds to the success of this big Fair perhaps more than anything else is the splendid way the officers and members do their work. Almost perfect harmony prevails. The President, whoever is chosen from year to year, takes off his coat, rolls up his sleeves and does his share of the work in hand, and all under him being imbued with the same enthusiasm to see the good work progress, get their shoulders to the wheel and no wonder the Millbrook Central Exhibition has become world famed.

Just now when we think of it, Mr. Thos. Leith has had a large of erecting more stock sheds on the grounds, which have been found necessary to supply the demand of the steady increase in entries. To say that Mr. Leith looked after the job and had it completed on time and to the satisfaction of the Society is putting it mild. Let all do his or her part, and the Millbrook Central Exhibition of 1907, will be a record breaker, especially if we are favored with as good weather as has prevailed on such occasions for many years.

Mr. and Mrs. John Bateson, of Belleville, were visiting relatives in town the past week. Mr. Bateson has a good position in a large mercantile house at Belleville.

FOUND.—On the main street Millbrook, a sack coat. Owner can have same by proving property and paying for this notice. Apply at Mirror Office.

The Misses Laura Lang and Nellie Mitchell returned to their homes in Peterboro on Monday, after a pleasant visit at the home of Mr. and Mrs. T. J. Lang.

A very enjoyable day was spent on Tuesday down the river by the following persons: Mr. and Mrs. Eames, Dr. Smith and Mr. Vreelandburg, of Rochester, Mr. and Mrs. H. Duncan, of Hartford, C. Mrs. C. Schultz, of Newark, N.J., Mr. and W. W. Gillott, Drs. Chas. Walsh and A. Jemison, Mr. D. Hampton, Mr. Rich. Nurse, Mr. W. H. Coombe, and the Misses A. Hampton, May Duncan and May Needham. They drove to Hales' Bridge and took Wedlock's fine yacht and went to Lee's Point for dinner, and afterwards called at Gore's Landing and Idyl Wyld, and then to Jubilee where they had tea. The return trip to Hales' was made by eight o'clock. Our American visitors thoroughly enjoyed the trip and the beautiful scenery enroute.

Mr. G. E. Barham attended the Grand Lodge meeting of the I.O.O.F. at Orillia last week.

Miss Alberta Thexton was a visitor to Sturgeon Point last week.

The Mirror joins in welcoming Mr. G. Dean, the new Manager of the Bank of Montreal, and his wife and daughter, a citizens of Millbrook.

Warden McNeil and Reeve Given went to Cobourg yesterday.

THE ORIGINAL CORN CURE.
No substitute has ever been devised that gives the quick, painless results of Putnam's Corn Extractor. For fifty years its success has been unequalled. For safety and thorough cure use "Putnam's" only.

Rev. Mr. Bradley will conduct the services in the Presbyterian church next Sunday. A song service will be held in the evening.

IS YOUR COLD BETTER?
No it's not as ever. Nothing seems to help. Why not use the up-to-date specific "Catarrh-zone," which drives out cold in one day. Inhalant "Catarrh-zone" and you will be relieved in two minutes. Continue the treatment and cure is assured. Healing, germ destroying and pleasant, nothing for colds, throat trouble and Catarrh comes with Catarrh-zone. Sold everywhere. 25c and \$1.00.

Several baseball matches have been played between the "Locals," and "New Wavers" and the "Sals and Blitters," all of Millbrook, during the past few weeks, and the enthusiasm of the players was great. The final and deciding game will be played shortly, of which further notice will be given later.

Mr. and Mrs. A. E. Duncan and family have returned to Cleveland, after a pleasant visit with friends here.

Mr. Wm. Melvor returned from Huckleberry at Bark Lake last week, bringing with him several baskets of choice fruit. One day William was rather startled by meeting two Black Bears, but they proved friendly, merely enquiring as to the date of the Millbrook Fair, about which they had heard much further north.

Harvest Help Wanted West.
C. P. R. Runs \$12.00 Excursions to Winnipeg.

Upwards of 20,000 men are wanted in Manitoba, Saskatchewan and Alberta to assist in harvesting, and to meet the demand to some extent the Canadian Pacific has arranged to run low rate farm laborers' excursion. Leaving dates are Aug. 27, 30 and Sept. 4. (Advertisement in another column gives territory and further particulars) From all Ontario stations one way tickets will be sold to Winnipeg for \$12. Men are engaged at Winnipeg and are given free tickets to points where help is needed east of Moose Jaw. After working at least thirty days and having the employing farmer certify to the fact, a ticket back to original starting point is issued on payment of \$18. This is a splendid opportunity to see the golden west and to make something more than expenses. Local C.P.R. agent is well posted and will be glad to give anyone full information.

Messrs. Walter Moncrief and C. E. Mit, of Emily, were in town on Sunday and called on Mr. T. J. Lang.

Messrs. J. C. Kells, R. Ruddy and R. Fair returned last week from Europe, where they enjoyed a six weeks' visit.

EXHIBITION VISITORS TO
Toronto will find a home-like place with Mrs. Lowes, at 324 Wilton Ave., Toronto, East of Parliament St. Terms right. Persons from Omemee, Millbrook, Peterboro, Lindsay and Districts, will receive special attention.—2t

A Millbrook Lady Catches A Sixteen Pound Lung.

On Wednesday of last week Miss Nora Ross, daughter of Mr. Ross of the Dominion Hotel, captured a sixteen pound lung. Mr. Ted Burnham assisted Miss Ross in landing the big fish. Miss Ross may well feel proud of her big catch, and she showed great nerve in holding on to it. It was with difficulty that it was hauled into the canoe, and even then it was only subdued after a good beating by Ted, who still carries some marks of the fish's teeth.
