OMEMEE NEWS.

Miss Margaret Fee and cousin Miss
Frankie Wiley, of Toronto, were visit-
ing friends in Peterboro for a few days
last week.

Mrs. W. H. Roberts and children of
Peterboro, have returned home after
ending a couple of weeks at the home
of Mr. T. H. Fee.

The bulk of harvest is already
garnered. The quality is good,
but there seems to be a shortage
of straw.

Messrs T. Rowan and R. J.
Courtney & Son are doing good
work threshing.

Our foot ball boys were disap-
pointed by the Club of the County
town on Tuesday. Our boys
quit work, paid their expenses to
and town, but on arrival at the
grounds the Lindsay aggression
was conspicuous by their absence.

Where are our cricket & base
ball clubs? The 26th or 27th is
spoken of for Civic Holiday. A
big day's sports on both land &
water could be arranged. B-up
and doing. Foot ball tournament
for a cup would draw hundreds
of visitors. People want to see
our beautiful river. Get up a
program to attract them.

Rev. G. F. Sherwood, an old
Omemeer, but now one of the
most popular and eloquent preachers
in the City of Buffalo, spent
Sunday with his aged and revered
parents here, and occupied the
pulpit of Christ Church in the
evening with much acceptance.

A number of our business men
and other citizens gave the "Bob
Hall" crew a reception on Friday
upon reaching Omemeer, which
was thoroughly enjoyed by all,
the best of good feeling prevailing
throughout. The crew received
hearty congratulation upon their
good work. The river is now
open clear from Pig-on Lake for
excursions here—a distance of 18
miles sail. The beautiful farm
homes and scenery on each side
of the river are looking at their
best, and greatly admired by the
Americans visiting here.

BENSFORT NEWS.
Special to the Mirror.
Mrs. Lancelot Nicholson and daughters,
the Misses Mary, Lottie and
Annie; her sister Mrs. Myron Jennings
and the latter's son, Howard of Roch-
ester, N.Y.; Miss Eva Rice of Omemeer
and Miss Bertha Stinson of Peterboro,
had a most enjoyable outing on Rice
Lake last week. The sail on the
steamer "Monarch" was delightful, calling
at Jubilee, Gore's, Spook Is., Har-
wood, and Idyl Wild.

Miss Sarah Stinson of Toronto, is a
guest of her sister, Mrs. L. Nicholson.
Mr. Geo. Stinson and Miss Graham
of Peterboro, and Miss Mary Nicholson
of this village, spent Civic Holiday
concoming on Otanabee River and Rice
Lake. The report of their "catch of
fish" has not been received by your
scribe, as yet.

OUR NATIONAL DANGER
Time to Cry a Halt Before Complete
Wreck Results.
There are thousands, both men and
women, who do not take time to eat
properly. They rush through life, and
as a result we have an age of indigestion,
nervousness, irritability, sleepless
nights, and morose disposition. Our
national danger is stomach weakness,
due to the strenuous life.
Mi-on-na tablets, strengthen the walls
of the stomach and stimulate secretion
of the digestive juices. They make
the stomach comfortable and cure in
digestion.
Sick headaches, palpitation, yellow
skin and coated tongue are a few of
the many distressing results of indigestion.
Mi-on-na never fails to cure.
A. Leach sells Mi-on-na in 50c. boxes,
and guarantees to refund the money
if it does not give complete satisfaction.

Heard Round the Camp Fire. Just a Few Remarks by an Old Settler.

"I see," said the old camper, raking
a spark out of his whiskers and dex-
terously kicking a fallen log back into
the blaze, "I see our old Millbrook
friend, Doctor Hunter, has a letter in
a last week's Toronto paper on the
Modern Summer Outing." "Calls it a
'craze' or a 'fad,' or something equally
disrespectful and claims it is no good."
"Says it fails to make good either men-
tally, morally, or physically."

"Doesn't he believe in gettin' back
close to nature?" enquired the camp
fire.

"Claims they don't get back to
nature," said the Old Camper. "In-
stead, the average Summer
outing is insincere and only looking for
a new sensation, a fresh form of ex-
citement and 'thrill,' and wouldn't
know nature from a side of sole leather
if he or she did get close to her."

"Seems a sorry saw-tie kinda man,
the doc," said the Old Settler, who
had called with huckleberries. "But
that's some folks, mind ye, boys, that
it is to blame sure about their being
any worse off for gettin' away from
a spell from the preachers' an' doctors'
an' school marm's. They're mighty
sincere about that. And as for the
nature, as ye call it, goes," continued
the old gentleman, scuffling a live coal
into his corn cob, "it don't make much
difference whether ye sense nature
with yer eyes or yer heart, or yer lungs
or yer understandin', the kind we got
on 'top her' at Stony Lake's bound to
get close to a fellow an' do him good
any way ye take it. A man can't
spend two weeks among these woods
an' lakes without bein' a better man
than when he comes. He'll be more
broad minded, gentle minded, depend-
able, truth lovin' an' hap-desarvin'."

"I've been livin' here obsarvin' an'
pickin' huckleberries pirty close for
sixty year an' I ought to know."
"What about fish stories?" enquired
the boat house. "I ant defendin' no
fish lies," said the old man turning in
the direction of the voice. "There's
no excuse for a man lyin' about fish
more than anything else. But, mind
ye, there's many a true story of fish
on these lakes that smart Alecks is
the best of sneerin' at," callin' 'fish
stories.' An' it's that, so of thinkin'
that anything prevented me from sayin'
the truth about some of the fish I've
seen on these here lakes thirty, or even
twenty year ago. I mind one that me
and Larry O'Leary put our spears into
down in Gilead's Bay in the spring
of '86 that come near drownin' the
two of us. He kept the point an' got
away 'tkin' Larry's spear with him.
He had broke mind in me lands while
I was tryin' to hold him off from gettin'
under us. That spring the water was
turble high, an' the stop logs was out
down at the canal dam. One mornin'
just about a week after we lost the
big fish one of the Little's boys comes
runnin' over to our place. "Hurry up
he says, 'the dam's gone to go, an'
someone's gone an' put a stop log in
that dah,' he says, 'can't get out! Well
I run over, and sure enough the water
was risin' an' the old man, with a pike
in his neck in water, was at work with a pike
pole at the flume. 'Divil'd like of it,'
he says, 'I ever encountered.' 'Who
put in the stop log?' I says, reachin'
for a pike-pole. 'Stop log, nothin' he

says, 'don't ye see it's a twelve foot
drift log that's wedged. It feels,' he
says, 'like a slippery eel an' it's got
the left tilt,' he says, 'of firmwood.'
It took us about twenty or thirty min-
utes to free the flume, 'gentlemen'
concluded the Old Settler, 'an' when we
did we found that the obstruction that
we thought was a drift log was a mon-
ster 'lunge with two broken spears in
him. It wasn't in what ye'd call a
good state of preservation so we just
headed 'er down stream an' let 'er go.'
In the profound silence that follow-
ed somebody called out for water say-
ing that the poet had fainted, and the
Old Settler advising the smiting of his,
the poet's feet with a hot frying pan,
disappeared in the direction of his
pint."

only be reached by the dry air principal
of Hyonol.

It mediates the air you breathe with
the curative properties of the Austral-

The reason you get relief in a minute

destroys every catarrah germ in the
air you breathe, and the dry penetra-

HOW TO TEST YOUR KIDNEYS.

If any of your family have been
troubled with kidney disease make a
test of the urine and satisfy yourself
whether you need a good remedy before
the disease has caused serious
complications.

To-morrow morning put some urine
in a glass or bottle and let it stand for
twenty-four hours.

If it shows particles or germs float-
ing about, is milky or cloudy, or con-
tains a red-brown sediment, then your
kidneys are diseased.

Consultance once to take Ferro-
zone to arrest these unnatural condi-
tions.

Ferrozone is especially intended for
the immediate relief and cure of kid-
ney and bladder troubles and its health-
giving properties will be felt at once in
new blood, healthy circulation, and
general strengthening of the system.

Ferrozone quickly corrects artrial
diseases, leucemia and pain in the
back. It improves the appetite, digests
the food, makes it nourish, the nerves
makes them strong and enduring, and
fits one for life of hard work.

Don't be misled by cheap, so-called
kidney cures offered by dealers for the
sake of extra profits. There is only
one safe and reliable specific for Kid-
ney, Bladder, Liver and Urinal troubles
and its name is Ferrozone.

Refuse point blank to accept a sub-
stitute, and insist on your druggist
supplying "Ferrozone"; price 50c. per
box at all dealers.

DOES YOUR SIDE ACHE.

When the first symptoms appear, rub
with Nervilleine—rub it deeply. It
penetrates to the muscles and effords
that a sore—takes away stiffness—re-
moves all strain and inflammation. If
the condition is chronic, put a Nervilleine
line Plaster on the affected
spot. This draws out any virus or
neuralgia irritation, restores the tissue
to their wanted healthiness, perman-
ently cures any weakness or tendency
to pain. Nervilleine Plaster absorbs all
the deleterious secretions through the
relaxed pores and when used along
with Nervilleine itself, every muscular
pain or ache must go.
