After Long Trip to the West.

Says Winter Wheat Flourishes in Southern Alberta Better Than any Other Place- He Will Take up Land There ---Various Points of Interest Visited-Features of the West and the Great Harvest.

Mr J J Lang, of 704 Stewart st., has e turned home Saturday night from a 9 week's trip to Manitoba and the territories, having vi ited the Carbery, Brando , Souris and Oak Lake districts, Manitoba, Arcola, Moose Mountain, Regina, Moose Jaw district in Assimiboia, and also southern Alberta a far west as the Rocky Mountains. The object of Mr. Lang's western tour was mainly to fest the veracity of the s stement made by several American Luidowners that the southern part of Alberta had the finest soil in the west for the wheat growing industry, and he is satisfied that winter wheat flourishes b tter in southern Alberta than any place in the west. Mr. Lang also had the int-ntion of taking up land in the M Clancy, I day with team on west, and it is quite probable that he will do considerable speculating in this

The country north of Oak Lake is one of the finest in the west for spring grain, and it was here that Mr Lang had the pleasure of meeting Mr A Harvey, 201 old Peterboro resident. At Brandon the party made a brief stop, and cont nuing their journey to Moose Mountain, where Mr Lang's son is a school teacher, the party made a two week's stay. A week was spent in both Regina and Moose Jaw, and from here Mrs Lang and her daughter returned

to Oak Lake. For about three hundred miles west of Moose Jaw the land is practically sunfit for cultivation, very few fences are to be seen. At Maple Creek Mr Lang anet an old Omenice boy, Mr J J English, and again a very pleasant day was spent. LILIES OF HEALTH AND BEAUTY. In a recent interview with Mrs. Lily

Langtry, she very wisely said "The fact that I believe in the superior force of mind over matter does not blind me to the truth that the foundation of every successful life is good health; that the keystone to physical beauty is perfect physical

"A sick woman cannot be a beautiful woman, nor can she be anything but what we English call a poor-spirited woman. "To a great extent a woman's beauty is measured by her vitality-by her health. "Work, Sanshine, Exercise, Water and Soap, Plain, Nourishing Food, Lots of Fresh Air, and a Happy. Contented Spirit -there, as you say, 'honest and true,' is my working rule for youth, youthful spirits and youthful looks."

One great secret of youth and beauty for the young woman or the mother is the proper understanding of her womanly system and well-being. Every woman, young Teachers and Scholars in studying or old, should know herself and her physical make-up. A good way to arrive at this knowledge is to get a good doctor book, such for instance as "The People's Common Sense Medical Adviser," by R. V. Pierce, M. D., which can readily be procured by sending thirty-one cents in one-cent stamps for paper-bound volume, or fifty cents for cloth-bound copy, and addressing Dr. R. V. Pierce, Buffalo, N. Y.

"Dr. Pierce's Favorite Prescription can always e relied upon to cure when everything else fails," writes Mrs. Dr. Nielsen, of 4302 Langley Avenue, Chicago, Ills. "It is a certain cure for female troubles, diseases in their worst forms, suffered for years with ulceration, intense pains and a dreadful backache, which unfitted me for my work. Finally I grew so ill had to keep to my bed. In this extremity I used 'Faverite Prescription' for three months and then I was well. Only those who have passed through such a siege of sickness as I have will understand how much I value Dr. Pierce's Favorite Prescription." Dr. Pierce offers 5500 reward for any case of Leucorrhea, Female Weakness, Prolap-

sus, or Falling of Womb which he cannot

cure. All he asks is a fair and reasonable

trial of his means of cure. No substitute for "Favorite Prescription" offers so much.
